THE CAMP MEETING

WILL BE HELD IN PENDLETON BEGINNING MAY 15 TO 25.

Wonders vs. Indians.
Saturday afternoon the Wonders, Pendleton's second baseball team, went out to the reservation and played another game with the Indians of the agency school. At the end of the game the score stood 11 to 12 in favor of the Wonders, and the boys say it was one of the finest games played by the team this year. This is the second game by these two teams since the season opened, and the town boys defeated the red boys both times.
Roy Penland is captain of this team and Roy Alexander is manager. They are making good time practicing and say that they are in the field for a challenge from any team in the country, the "Indians" not excepted. The line-up of the team is: Cronin, catcher; Robbins, pitcher; Kruger, short stop; Froome, first base; Hartman, second base; Mays, third base; Alexander, left field; Renn, right field; Penland, center field.

The homeliest man in Pendleton, as well as the handsomest, and others, are invited to call on any druggist and get free a trial bottle of Kemp's Balsam for the throat and lungs, a remedy that is guaranteed to cure and relieve all chronic and acute coughs, asthma, bronchitis and consumption. Price 25c and 50c. For sale by Tallman & Co., sole agents.

Rooms in the East Oregonian building for rent. Steam heated, hot and cold water and bath room in connection.

The Reaper, the publication of the Adventists, published at College Place, near Walla Walla, gives the following information concerning the campmeeting that is to occur at Pendleton May 15 to 25:

"We are reminded of the fact that another year has come and gone, and the time for campmeeting is right upon us. The meeting will be held at Pendleton, Ore., May 15-25. There will be a workers' meeting beginning on the 6th. We expect all who are in the employ of the conference will be present at the workers' meeting. Important matters will be considered, and plans for the work of the coming year will be laid. It is a better time to study the needs of work during the workers' meeting than to wait until the camp meeting, as more time can be given to it. We not only expect the laborers to attend the workers' meeting, but hope many of our brethren and sisters will also be present. A part of the time will be devoted to preparing the camp for those who attend; the remainder will be given to study, in which many important topics will be discussed.

"We expect Elder Knox, president of the Pacific Union conference, and Professor Cady of Healsburg College, with us at this time. It will be a good thing for the church and Sabbath school officers as well as the church-school teachers, as much of the time can be given to that work.

"We look forward to the campmeeting with especial interest, as the people of Pendleton have shown so much interest in inviting us to hold it in their city. We expect to get reduced rates over the railroads, and

hope their may be a general attendance.

"In accordance with the articles of incorporation of the Upper Columbia Mission Society, its board of directors will hold a meeting for the election of officers, etc., in connection with the twenty-second session of the Upper Columbia conference, which will convene May 15th, 1902, at Pendleton, Oregon."

The following named brethren have been chosen for the camp-meeting committee: Elders W. F. Martin, J. M. Willoughby, E. D. Sharp, Brethren W. S. Holbrook, C. W. Lusk, W. R. Smith and W. M. Fee. Elder Martin will act as chairman of this committee and notify the others when they should meet him at Pendleton. They should close up their work so as to be at the camp ground early.

All of the churches of the conference should bear in mind the coming conference session to be held at Pendleton, Oregon, during the camp-meeting, and should have their delegates elected before that time. Each church is entitled to one delegate for the organization and one additional delegate for every ten members of the church. The first meeting of the conference will be held Friday morning, May 16, at 9 o'clock.

THE PENDLETON DOGS.

Every Dog From Pendleton Received First Prize for Their Class.

Pendleton dogs captured the greatest honors at the third annual bench show held in Portland last week. F. F. Wamsley returned home from attendance at the show on this morning's train, delighted with the treatment accorded him and other exhibitors by the management of the show, which he says was the most successful show of its kind ever held on the Coast.

The honors accorded the Pendleton dogs were as follows:

Oregon's Jessie II, Owned by F. F. Wamsley, won first in puppy class; won first in novice class; won first in limit class; won first in open class.

Also Jessie II won special prize of silver cup, offered by Nau's Pharmacy, for best dog of any breed in the show.

Won president's silver cup for the best pointer bitch.

Won the Harvey Peas gold medal for the best pointer bitch owned in Oregon.

Won Carlton and Guise silver cup for best pointer puppy.

Laddie W, owned by Charles H. Carter, won first in novice class; won first in limit class; won first in open class; won first in winners' class; won the T. A. Stewart silver cup for best pointer dog in the show, and W. F. Burrell's special prize of copy of Show Dog for best pointer dog in novice class.

Bummer, owned by T. T. Nelson, won first in limit class for mastiffs.

UMATILLA WATERS

AN IMPORTANT DECISION IN A WATER RIGHT CASE.

Judge Ellis Decides in Favor of the Oregon Land and Construction Company, Against the Allen Ditch Company.

Judge W. R. Ellis has decided against the Allen Ditch Company, in the case of the Oregon Land and Construction Company, a corporation, vs. the Allen Ditch Company, a corporation, in which plaintiff filed an injunction against defendant to prevent it from using water from the Umatilla river and taking it out from said river into a ditch to irrigate certain lands along the river in the vicinity of Echo.

The case was filed May 15, 1900, and alleges that the plaintiff is the owner of certain lands in township 4, east of the Willamette meridian, and that long since the plaintiff became the owner of said lands, defendant, without the consent of plaintiff, constructed a ditch through and across the country south of said river, by which a large quantity of water, which would otherwise flow to, along and across said lands of the plaintiff, is diverted by defendant from the channel, this water leaving the river five miles above the land owned by defendant.

Further, that all the water that flows in the Umatilla river through the lands of plaintiff is needed and necessary to irrigate the crops of the plaintiff on its lands during the dry season of the year and that the water used by the defendant greatly reduces the quantity which otherwise would flow through the lands of plaintiff, and that the diversion of the water is of great permanent damage to plaintiff by reducing the productivity and impairing the value of its lands.

Wherefore, plaintiff prayed for an injunction enjoining defendants from diverting any of the water of said river from its natural channel and that the injunction be made perpetual.

Conclusions of Law.

The above suit has been hanging fire since the May 5, of last year, when the complaint was filed, and after thoroughly examining into the facts in the case and hearing the evidence, Judge W. R. Ellis decided as follows:

That the defendant, the Allen Ditch Company, a corporation, has not made such use of the waters of Umatilla river, by itself, its grantors or predecessors, as to obtain, or entitle it to a right or title by prescription to use the waters now appropriated by it or any part thereof.

That the plaintiff herein is entitled to have the water now diverted by said defendant from the Umatilla river remain in its natural channel in said river and flow to, along, by and through the lands of plaintiff.

That the plaintiff is entitled to a perpetual injunction enjoining and restraining the said, the Allen Ditch Company, an incorporation, its agents and servants, from diverting any of the water of the Umatilla river from its natural channel by means of its said ditch.

That plaintiff is entitled to have and recover from defendants its costs and disbursements herein made.

It is said by those interested in the lands which the water ditch

covered and irrigated that the decision of Judge Ellis in the above case will be of great damage to them and will reduce the value of their land, if not absolutely destroy it. Beyond this ditch was built the lands covered was arid and would not produce anything, but since water was put on it, produces from seven to eight tons of alfalfa hay per acre, and without water, is worth nothing. Those who are injured by the decision, say that no use is made by the plaintiffs of the water of the river, but that they are simply acting the dog in the manger policy, asserting their right to the water with no other object than to prevent the defendants from making productive use of it. The effect of the decision will be to destroy the work on the large body of land reclaimed by irrigation, if the state supreme court confirms the contentions of the lower court.

Wants to Help Others.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers."
