NEWS OF WESTON

W. E. PREWETT, RECENTLY FROM TACOMA, DIES OF PLEURISY.

For the Week Ending With Saturday Farmers and Others Sold to Exporters 70,000 Bushels of Wheat.

Weston, April 20.—Mrs. Sophona Campbell, nee Reed, left Friday for her new home at Mitchell, Ore. Mrs. Campbell has been a resident of Weston for more than twenty years.

W. E. Prewett, a new comer in Weston, died yesterday morning of pleurisy. Mr. Prewett was a native of Tennessee, he has been in Oregon but a short time. He leaves a wife and four children. The funeral services were conducted this afternoon by Rev. C. R. Lemar, pastor of the Baptist Church.

The Young People's Union, of the United Brethren church, gave an ice cream social last evening, in the Young building. A very pleasant time was enjoyed by all who attended.

Saturday, Kerr, Gifford & Cox, of Portland bought through their agent, James Price, 2800 bushels of wheat of the Farmer's bank and O. C. Turner, representing the North-Western Warehouse Co., bought of J. F. Killgore, 7000 bushels; J. R. Killgore, 3000 bushels and from several other parties whose names could not be learned, about, 16,500 bushels, making the day's sales, 29,300 bushels.

The sales, together with the Pacific Coast Elevator Co's., deal in the early part of the week, bring the total sales for the week up to 70,000 bushels. The price was 55 cents.

The rain of Friday night was just what this part of the country needed, as the ground was getting very dry. Another shower or two of that kind will assure a large wheat crop in this vicinity.

RAILROAD RATES.

Kept a Large Number Away From the Log Rolling at Pendleton.

Walla Walla, Wash., April 22.—(Special).—A large number of Woodmen who had intended to attend the log-rolling at Pendleton today have failed to leave the city, not more than a score of men and a number of women attending the gathering from this city. One reason advanced is railroad rates which seem to have discriminated against this city. On Sunday, a special train was run for the ball games at Pendleton and Athena, a flat rate of \$1 being made, with the privilege of remaining at Athena for the game in the forenoon. Yesterday a special train was made up at Pomeroy for the Woodmen and it was hoped that the same rate made for the base ball cranks would be arranged for that occasion. However all efforts failed and the special of Monday carried a rate of \$1.90 against \$1 for the base ball party of Sunday. Inasmuch as the Woodmen furnished passengers all along the line from Pomeroy down, it was held by many that the increased rate is a discrimination and a number refused to go.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once become infected with the dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substances.

PIONEER WOMAN DEAD.

Her Daughter Goes to Visit Her and Finds Her Dead in Bed.

Walla Walla, Wash., April 22.—(Special).—Tomorrow in this city will occur the funeral of Mrs. Frances McBrearty, of Pomeroy, a pioneer of the state, who died alone Saturday night. Mrs. McBrearty was 72 years of age and was well-known in Garfield county. She was the mother of Mrs. Nellie Scott, wife of ex-Supreme Court Judge Scott, of this state, now residing at New Whatcom. Mrs. Scott arrived at Pomeroy, Saturday night on a belated train, on a visit to her mother. On entering her old home she found her mother dead in her bed, having apparently just passed away. Mrs. McBrearty expected her daughter and had held up wonderfully in hope of meeting her child again, but when the train failed to come on the usual time and her daughter did not come, it is thought the old lady gave up in despair and suddenly expired from old age. She was alone when the end came.

HELIX NOTES.

Twins Born to Mr. and Mrs. John Mac Rae.

Helix, April 21.—L. W. Pierce is laying the foundation for Harlan Richmond's new residence. It looks as if there was something going to happen.

John McRae, living west of Helix about seven miles, came to town

with a very smiling face. Upon inquiry, the cause of it all was a pair of twin girls, weight seven and nine pounds, born April 14.

Mrs. Pierce and daughter, Miss Julia and Miss Della Bott drove to Athena Tuesday.

Uncle Jimmie Simonton, of Juniper, has purchased the property owned by A. W. Grover, on Knob Hill.

Homer Kendall lost two fine milch cows very mysteriously one day last week.

Miss Sarah Montgomery left for her ranch, near Connell, to remain through the summer.

Mrs. Cowmer, from Machias, Washington, is visiting her sister, Mrs. Mae Soncs of this place.

An Unsinkable Ship.

Experiments are being made on a new apparatus for use in case of collision on the ocean. By turning a small wheel in the pilot house, twenty airtight doors are instantly closed, and these compartments are more than enough to keep any vessel afloat. If it is a success it will make ocean travel as free from danger as Hostetter's Stomach Bitters does the road through life. It is a splendid tonic free from all injurious narcotics, and one that the most delicate system can retain. In the spring when the weather is variable, it is very beneficial as it protects the system from sudden colds and la grippe. Don't fail to try it. It also cures indigestion and dyspepsia, insomnia, headache, nervousness and biliousness.

SHOE WINDOW DISPLAY.

Represents Typical Home of the Early Invaders of the Unbroken Forest.

The days of the hardy pioneer woodmen are vividly portrayed in the display in the window of the Pendleton Shoe store, for here is erected a typical home of the early invaders of the unbroken forest. A log cabin with the skins of wild animals stretched on the outside is the picture that is presented to view and no window display along the street can be said to be more original or more appropriate to the occasion. Before the Pendleton Shoe store window, large groups of Woodmen and Women of Woodcraft have today stood and the comments they have made have been numerous and highly flattering. While down the street don't fail to see this display.

M'FARLAND-ST. CLAIR.

Two More Embark Upon the Sea of Matrimony.

On April 20th, at 2 o'clock p. m., in Pendleton, at the residence of the groom, William C. McFarland and Miss Jennie D. St. Clair were made man and wife, Rev. E. B. Jones, pastor of the M. E. Church, South, officiating. The wedding was a very quiet affair, owing to the recent death of the groom's father, and there were no invited guests, there being present only a few intimate friends and relatives of the bride and groom.

Promptly at 2:15 o'clock p. m., the happy couple came forward, without attendants and by the short and beautiful ritual of the Methodist church, were united in holy matrimony. The groom was dressed in the conventional black, and the bride was charmingly attired in white silk.

After the ceremony the whole company repaired to the dining room, where an elegant dinner was served, and partaken of with great enjoyment by all. Mr. and Mrs. McFarland have taken up their residence in the home of the groom, which has lately been improved and refurnished.

The many friends of the bride and groom wish and predict for them a long and happy life together, with few clouds and much sunshine.

Temperance Lectures.

Walla Walla, Wash., April 22.—(Special).—Col. J. R. Holt, a temperance lecturer of national reputation, is holding a series of mass meetings in this city, with good success. Last week Mr. Holt held forth nightly at the Baptist church. Sunday evening a mass meeting was held at the First Methodist church, and last night the meetings were transferred to the First Presbyterian church in order to secure room for the people. About 300 have signed the pledge, and a number have joined the Woman's Christian Temperance Union, under whose auspices the meetings are being held. The meetings will continue all this week.

At bedtime take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says that it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herbs, and is prepared as easily as tea. It is called Lane's Medicine. Lane's Family Medicine moves the bowels each day. Price 25c and 50c. For sale by Tallman & Co., sole agents.

The Independent Warehouse.

Will be open for business, with a competent man in charge, to see that all customers receive prompt and careful attention. Wool growers and wheat growers will find it to their interest to store with this house, where they can ship over either lines of road. References, First National Bank. William Caldwell in charge.

WAS DESPONDENT

A MAN RECENTLY FROM EAST CUTS HIS THROAT WITH RAZOR.

Leaves a Wife and Four Children Without Means of Support: He Was Sick and Fortune Did Not Favor Him.

Waitsburg, Wash., April 22.—F. M. Hooker, recently from the east and out of funds, yesterday cut his throat with a razor, dying in a few minutes, leaving a wife and four children in straightened circumstances. Hooker took his life while the family was in bed, and, but for his death struggles the man would have been dead before any member of the family knew it.

Hooker came from Essex, Iowa, several months ago and rented a farm near town. Sickness and bad luck followed him and he became discouraged. Recently he had been ailing, and everything seemed to be against him. The day before the terrible deed Hooker seemed as usual and went to bed in his usual spirits. During the night he arose, went to the kitchen, sat down in a chair, and placing a razor to his throat ended his existence. It is not known if the dead man carried any life insurance.

\$112,500 for a Prescription.
The largest sum ever paid for a prescription changed hands in San Francisco August 20, 1901. The transfer involved in coin and stock \$112,500 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the careful investigation of the specific November 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to August 27, eighty-seven per cent of the test cases were either well or recovering favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be made free on application. Address JOHN J. FULFORD COMPANY, 622 Montgomery St., San Francisco, Cal.

WM. GOEDECKE

Has opened his Ice Cream Parlors on Court street for the season. The parlors have been nicely re-furnished and fitted up in elegant shape

Nasal CATARRH

In its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly. Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.
