THE SISTERS HOSPITAL.

The Structure Increased in Size and to be of Brick and Stone.

Work is to begin at once on the new hospital that is to be built by the sisters, near their school, in the east end of town. The contract has already been let to D. O. May for the foundation and basement work, which is to be completed within 40 days and as soon as that is done the brick work will be commenced and pushed to completion as rapidly as possible.

The sister superior is here now, and she has made arrangements for the building to be considerably larger than was at first planned. The constant demands for care of the sick and injured are the causes of the decision to increase the size. It will now be a two-story structure, beside the basement, with a size, over all of 100x48 feet and will be constructed of brick and dressed stone. It is to have all the modern methods and appliances and be run in the most improved plan for the benefit and care of the afflicted, and instead of only costing \$16,000, \$30,000 is to be expended on the building alone. The contract for the brick work has not yet been let.

RECRUITS FOR NAVY.

Enlistment Officers Open Offices at the Court House in Pendleton.

Fred Josephson, master-at-arms in the United States navy, is in town arranging as advance agent for Lieutenant J. P. Morton and Dr. Bell, who will be here Friday and open headquarters for recruiting office. A room has been secured at the court house and the office will be open for enlistments from a. m. to 3 p. m. Boys from 15 to 17 years of age are wanted for apprentices. These will not go to sea at first, but will be sent to a military training school at San Francisco for the first 6 months, after which they will go aboard a training ship. Landsmen are also wanted, ranging in age from 18 to 25. They will have the same opportunities in training as the boys for the first three or four months, when they will go aboard a training ship where they will remain for a time and then be transferred to the regular man-of-war. The wages will be small at first but will increase until a fair wage is paid, and all will have a chance to work up. Boys under 19 must have the consent of their parents or guardian.

Wants to Help Others.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers."
