EAST END NEWS

C. P. STRAIN BUILDING A BRICK BLOCK.

R. E. Berry Proposes to Build an \$8000 Brick Building in Freewater—Considerable Building in Both Towns.

Milton, May 1.—Business interests are improving all the while in this part of the country. The Bank of Milton reports a fair increase business over the same months of last year, and business men all over town are reporting a steady increase of trade in their lines as well.

C. P. Strain, candidate for assessor on the democratic ticket, will soon begin building a two-story brick on Main street. The building will be 50x100 feet, and cost about \$5000. The lower floor will be divided into two store rooms, and the upper part of the building will be fitted up for the use of the K. of P., W. of W., A. F. and A. M. and Odd Fellows' lodges. When completed it will be one of the finest buildings in Milton.

Real estate is moving very lively for the past few days. Yesterday Clay Gordon sold the Markman property, consisting of 360 acres, five miles northeast of town, to J. B. King, of Shulton, Neb., the consideration being \$10,500. William Nichols sold his farm of 160 acres, south of town, to James Christenson, this week, for \$800. Miss Hattie McNeemar bought the Ben Bainbridge property, consisting of 80 acres, northwest of Milton, for \$900.

Commencement exercises will begin at Columbia College next Saturday, and continue until Monday evening. Rev. Jones, pastor of the M. E. Church, South, of Pendleton, will preach the baccalaureate sermon on Sunday morning.

News of Freewater. Freewater, May 1.—Business is in good shape in Freewater at present. W. T. Wright is building a new frame store building, 36x50, making two store rooms 25x36 each. One will be occupied by a hardware store and the other by a milliner. The building will have a glass front and cost \$1000.

Joseph M. Middleton and family of Loveland, Col., arrived here last week and will make Freemater their future home.

Wednesday A. S. Pearson sold the Jay Holman property to Mr. Middleton, consideration \$1000.

Sheets & Lumber opened a cozy ice cream parlor on Depot street last week. They will carry a stock of confectionery and expect to set up a \$165 soda water fountain this week.

R. E. Berry, who recently came to Freewater from Springfield, Ill., has bought out the real estate business and home of A. S. Pearson, of this place, consideration being \$1,775. Mr. Berry expects to build soon, a two-story brick building, the lower part of which will be used for a store room, and the upper story as a town hall. It will cost from \$6000 to \$8000.

EXCURSION TO WALLA WALLA.

A Special Train of Fourteen Coaches to Accommodate Crowd. Are you going to attend the base ball game in Walla Walla Sunday, between the Redskins and Sharpshooters? This is the question that is being asked on all sides and from all indications one of the largest excursion trains that ever left Pendleton to witness a ball game will go from here. Two weeks ago Walla Walla sent 12 coach loads over here to witness the game between their team and the Pendleton boys and the local fans should not let their neighbor city out do them in interest and enthusiasm. The O. R. & N. Company is making great preparations to accommodate all who want to go, and it anticipates that 15 coaches will be required to accommodate those who will go. The train will leave Pendleton at 12 o'clock and the fare will be only \$1 for the round trip. Are you going?

Reports received at Cheyenne from various sections of the state indicate that the storm of last week killed 12,000 or 13,000 sheep, the losses running from 2 to 10 per cent. The heaviest loss occurred in Natrona county where shearing had commenced early. The loss there is estimated at 3000 head.

Mrs. Sophia Parsons, an Oregon pioneer of 1852, died at her home at Dilley, near Forest Grove, Saturday night, aged 78 years. She was born at Porter, N. Y., and went to California in 1849. Three years later she came to Washington county, where she has since resided.

There was an extraordinary cold wave over the western part of Hungary, the whole of Austria, Bohemia and Galicia a few days ago. Continuous heavy snow storms are reported from Galicia, and it is feared that widespread damage will result from the severe weather.

M. W. O'Shea, a painter, slipped off a roof in Portland, falling a distance of 30 feet, breaking his arm and dislocating his shoulder. He is in a critical condition.

MR. GEER AND MR. FURNISH

GEER SAYS ASK FURNISH— FURNISH SAYS SEE GEER.

Just a Little Understanding Between Nominee for Governor and the Aspirant for Senatorial Honors.

Since the opening of the campaign no step has been taken that may be regarded as being of greater political significance than the candidacy of Governor Geer for the United States senate. If the governor supports Mr. Furnish in good faith it will of course add much strength to the head of the republican ticket, and on the other hand, should Mr. Furnish and the state committee support Governor Geer his prospects for going to Washington will be considerably brightened.

Mr. Furnish does not know what Governor Geer is going to do for him; neither does the governor know what favor his race is looked upon by the gubernatorial candidate.

Mr. Furnish was asked in Portland by the Journal how he stood on the question of Governor Geer's candidacy.

"Mr. Geer knows how I feel on the subject," said the silent man.

"But others desire to know," was suggested.

"I talked to the governor about it," was the only reply. "he knows."

Governor Geer was not in Portland, but Walter Lyon, private secretary, was there.

The most satisfactory reply given to any question asked him was: "We are republicans and we are supporting the ticket."

Still this algebraic problem of two unknown quantities remains unsolved.

Governor Geer arrived in Portland Wednesday, but he did not go to republican headquarters. He was found on the street and asked regarding his candidacy. He was as silent as the Sphinx—as silent as Mr. Furnish himself.

"Have you made a formal announcement that you will run?" he was asked.

"No, and I shall not until my name goes on the official ballot. It will require 1600 or 1700 names on the petition to do this and I do not know yet whether there will be that many signers."

"Will Mr. Furnish give you his hearty support?"

"Ask Mr. Furnish."

The president of the Boston Chamber of commerce, just returned from Cuba, made a careful investigation of the sugar conditions. He finds that there is no truth in the statement that the advantages of the tariff reduction will go to the trust.

THE Golconda Gold Mine

A Plain Statement of Fact:

The GOLCONDA MINE, in the Sumpter district, with all its equipment, and ten other claims, was recently purchased by the Golconda Consolidated Gold Mines Company, principal office in Pendleton, which is now operating the mine. The full purchase price is paid, and all but the treasury stock disposed of to those who advanced the purchase price.

There was left in the treasury for an operating fund 500,000 shares of treasury stock. Some of this stock is offered for sale, but not exceeding 200,000 shares of it will be sold; as that will supply ample funds until the mine is more than self sustaining. This stock is offered at 10 CENTS A SHARE for the next thirty days.

As an investment of this character nothing equals it. To prove its worth those at work in the mine, who are in a position to know what is in the Golconda, have bought stock at ten cents a share to the extent of their financial ability. Those who have a little money which they can spare for the purpose should take 1,000 or more shares of this stock, as they will most likely find it the very best investment they ever made in their lives.

Address all orders for stock with checks in favor of JAMES A. HOWARD Secretary Golconda Consolidated Gold Mines Company, PENDLETON, ORE.

It's a Pleasure

To Trade at Martin's Family Grocery or Bakery.
