VOTE OF UMATILLA

Republican Claims in Portland that Furnish Will Carry His Home County by 1000.

ASSERTED EVERYBODY IN COUNTY WILL VOTE FOR HIM.

If the Facts Prove to the Contrary, it Will Weaken Republican Ticket in All Parts of the State—What J. E. Lathrop, Head of the Democratic Publicity Bureau, Says.

Portland, May 2.—The claim is made, and persistently made, upon the streets of Portland and throughout Western Oregon, that almost everybody in Umatilla county is going to vote for W. J. Furnish for governor. At any rate, they are claiming from 800 to 1000, and Judge Ellis while in Portland the other day, was quoted by the Oregonian as estimating Furnish's majority in Umatilla county at 800. We are besieged with inquiries as to the authenticity of this report.

It appears to be a crucial point in the present campaign as to whether the republican candidate for governor is going to sweep everything in his own county and overshadow the democratic organization, virtually placing them in a position of making a half-hearted fight against him. This appears to be the manner in which the campaign is being fought in this part of the state, and there is no doubt that if the people can be convinced that Mr. Furnish thus carries Umatilla county in his vest pocket, it will strengthen his standing west of the Cascades from the Columbia river to the California line. What people are interested in down here is the truth or falsity of this claim. It is persistently put forth by Chairman Jack Matthews and his cohorts, and is discussed eagerly on all sides.

An accurate statement as to the true conditions in Umatilla county will throw light upon this question. If this claim be not true as here set forth, it will have a decided effect. What people want down here is the real facts in the case. Is it true or is it not true that everybody up there is supporting Mr. Furnish?

During the last few days estimates have been made of Eastern Oregon, and it is claimed here now by the managers of the democratic campaign, that the democratic state ticket will come down to Wasco county with between 1000 and 1500 majority for Chamberlain. This, it is believed, is an estimate based upon reliable information by astute politicians who understand the situation in their several localities.

As to Western Oregon, every day brings reports that are more and more encouraging. Western Oregon will give him a large majority. It is inside information from the republican state committee, that they concede Western Oregon to Chamberlain, but they are claiming Eastern Oregon for Furnish, and in that claim they necessarily include Umatilla county by a big majority. They therefore leave Multnomah county as the battle ground to determine the issue.

If we accept their own theory of the campaign, we have them beaten even if we concede, and we are willing to, that Eastern Oregon will give Mr. Furnish a majority; for, if Multnomah county be the battle ground it is as certain that Chamberlain will carry it as it is that the earth is a part of the solar system. The vote in Multnomah county at the primaries, showed 4900 for the regular republicans and 5214 for the Furnish independents. There are 5000 to 7000 democrats in the county. These, added to the regular republicans, gives more than 10,000 votes, against 5200 for the Furnish ticket.

However, we are willing to concede the loss of one-third of the regular republicans who will vote the Furnish ticket, and still further to be conservative, are willing to cut down our estimate to 2000 for Chamberlain in this county.

There are several elements that make this estimate safe. Among the 5214 independents that supported Furnish at the primaries were 1000 democrats who now are lined up solidly for Chamberlain. Furthermore, there are many who supported Furnish as against Geer who are personally for Chamberlain. Consequently inasmuch as the theory of the republican state central committee makes Multnomah county the determining battle ground, we have them beaten and George E. Chamberlain will be the next governor of Oregon.

JOHN E. LATHROP.

WORK ON A MINE.

Large Bodies of Valuable Ore Being Blocked Out.

The following, a Sumpter dispatch, is printed in the Baker City Democrat:

Sumpter, April 30. — Operations have been resumed at the Golconda mine with a force of over 38 men.

Every attention is to be given for several months to put the mine in shape for thorough and systematic mining. None of the ore will be milled for some time, but the blocking out plan will be followed until enough ore is in sight and on hand to keep the mill running for an indefinite time, or really as long as the mine is operated at all. It has been claimed that the ore values in the Golconda were exhausted by the company operating it last, but this is not true, as the new management has already commenced to drift on the ore body, from which uniform values are being obtained constantly. Work will be prosecuted on the second, third and fifth levels. Three shifts will be employed in each, thus keeping up operations night and day in the mine.

This is the mine which a group of Pendleton men purchased a few weeks ago. Information from the manager of the mine is that the outlook is very favorable, ore being blocked out which runs all the way from \$50 to \$150 a ton. The stamps will be started in the mine as soon as the mine is in shape and enough ore is in sight to keep the mill running for months to come. It is confidently expected that the Golconda will be paying dividends on its full capitalization before January 1, 1903.

STAT OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1886.

A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by druggists, etc.

Hall's Family Pills are the best.

Farewell Party.

A very pleasant farewell party was given at the home of Mrs. Sarah Peters, on West Court street, Tuesday night, in honor of Miss Mable Harris, of Portland, who has spent the past two weeks as the guest of Mrs. Peters and other friends, but who left Wednesday for her home in Portland. A very pleasant time was had and the young friends who gathered at Mrs. Peters' home to honor their friend, Miss Harris, expressed themselves as being delighted with the cordial way they were treated by the hostess. The evening was spent in social games and other kinds of amusement. Refreshments were served.

A Few More Tax Eaters.

A salary of \$12,000 is provided for a minister to Cuba, and provisions are made for three Consulates instead of two, the addition being Matanzas, with a consul at \$3500 per annum. The other two are Cienfuegos and Santiago, at \$3000 each. There is to be a consul-general at Havana with a salary of \$5000; also a secretary of legation, and assistant secretary of legation at salaries of \$2000 and \$1500 respectively.

The Independent Warehouse.

Will be open for business, with a competent man in charge, to see that all customers receive prompt and careful attention. Wool growers and wheat growers will find it to their interest to store with this house, where they can ship over either lines of road. References, First National Bank. William Caldwell in charge.

In Need of Money.

All parties knowing themselves indebted to D. Kemler are hereby notified to call and settle at once and save costs.

D. KEMLER.

If you fail to register before May 15, you will not have the right to cast a ballot at the June election.

CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antiodotal and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free.
