Small Profits for Cash.

The Standard Grocery Company, on Court street, has been selling at a very close margin and in order to continue to do so, the proprietors have decided to do a strictly cash business. This means that not one person, not even the richest banker of the city can get credit at the Standard Grocery. If you are trading at a long time credit store, it will surprise you at the bargains at the Standard Grocery. When you ask for the prices, remember that they are cash to all.

Gresham, in Multnomah county, has introduced the weather flag system on its rural mail delivery routes. These are the first routes in the United States to use it. The system is the same as that used by the weather bureau all over the United States, and the idea was conceived by Eugene F. Thorpe, route carrier.

WATER COSTS MONEY.

City of Walla Walla to Spend Another \$100,000 After a Better Supply.

Walla Walla, May 3.—The taxpayers' league held the regular monthly meeting yesterday afternoon and among other business passed a resolution opposing the calling of a special election to vote upon an issue of \$100,000 bonds to secure an extension of the city water system. The league has gone over the situation carefully and held that the people should have time to consider the matter of expenditure when such a large sum is involved, and that the regular election which occurs in July is early enough to get an expression from the masses. The city council is endeavoring to call a special election to vote upon the water question even when the general election is but two months in the future. An increased supply of water is demanded by the patrons of the system and it is being secured several miles above the city, making a gravity pressure when completed.

WHITMAN GIRL DORMITORY.

Work to Begin at Once on this Addition to the College.

Walla Walla, May 3.—The board of trustees of Whitman College has determined to at once begin work on the construction of the girls' dormitory at the college, in an effort to finish the first story by June 15. N. F. Butler was appointed superintendent of construction at a meeting held Wednesday and the work will be rushed. The plan is to secure the donation of Dr. D. K. Pearsons, of Chicago, who offered \$50,000 on condition that the first story of the dormitory should be finished by June 15, of this year. Billings hall, the boys' dormitory, was erected two years ago and is a magnificent structure with accommodations for about 100 students. The new building will be along the same lines, will be of brick and stone, and will be ready for occupancy with the opening of the fall semester.

NEWS OF WESTON.

The Farmers' Bank of Weston Shows Large Increase in Business.

Weston, May 2.—P. A. Worthington, of Portland, deputy United States marshal and secretary of the board of regents of the Normal school, has been in Weston since last Monday looking after the improvements of the school property.

Professor J. H. Munson, of the Ellensburg, Wash., Normal school, will lecture in the chapel of the Normal school, Saturday night, on the life and work of Lewis Agassiz.

Harry Reed is home from Arlington, for a few days' visit with his parents.

Rev. John Warren, of Pendleton, will hold services in All Saints' church, Sunday.

Rev. J. C. Thomas, presiding elder of the M. E. Church, South, will speak in that church here Sunday, at 11 a. m.

J. R. Kilgore, cashier of the Farmers' Bank of Weston, reports that the bank has an increase of \$28,000 in deposits, \$22,000 in exchange, and \$10,000 in bills receivable, over the same date of last year.

Vansycle, May 2.—Henry Crull, from Juniper, visited at Fred Raymond's Wednesday.

John Tompkins, from Sand Hollow, was looking for a very fine stray colt Tuesday. He found her running with A. C. Brotherton's horses.

Holds up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous, tension, loss of sleep and constant seeping I had utterly collapsed. It seemed that all the organs of my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Tallman & Co.

Militia Company at Waitsburg.

Waitsburg, Wash., May 3.—Adjutant-General Drain, of Olympia, left this city yesterday after having mustered in a company of national guard, making the last company to be organized at this time. Forty-six new men were found and passed a rigorous examination, as prescribed by law. Thirty-five men is the minimum number with which a company can be organized.

Meeting of School Teachers.

Walla Walla, May 3.—Practically all the teachers of this city went to Waitsburg this morning where a meeting will be held this afternoon. Regular meetings of the teachers have been held for several years, but on account of smallpox the last meeting was postponed and today an effort is to be made to make up the lost time. The teachers have organized an association for mutual improvement and exchange of ideas and the plan has the hearty indorsement of nearly every instructor in Walla Walla county. President Penrose of

YOUR BLOOD IN MAY MUST PRODUCE TRUE VITALITY OR DISEASE.

PAINES' CELERY COMPOUND

Expels All Winter Impurities and Poisons from the Blood and Builds Up the Entire System.

An Astonishing Proof of Blood Cleansing and Restoration to Perfect Health.

True health can only be maintained by keeping the body free of acid and sluggish blood and morbid waste matters. The blood that is pumped through the heart to all parts of the body, carries nourishment and health or poison and the seeds of death.

Close confinement in badly ventilated offices, stores and work shops, during the winter months, has lowered the vitality of tens of thousands. Poisons and impurities have been implanted in the blood; these agents of death must be expelled if health would be maintained during the coming summer.

The month of May should be renovating and building-up time with the vast army of weak, debilitated, and broken-down men, women and young people.

If the work of purifying and vitalizing the blood be longer deferred, eruptions, blotches, sores, eczema, scrofula, erysipelas and other dangers, are sure to be your portion.

Paine's Celery Compound meets successfully at this season all unhealthy conditions of the blood. It is the only medicine that can guarantee perfect purification of the vital fluid; that can give true nutriment to the nerves and tissues; that can bestow new life, vigor, and strength for the enjoyment of summer and the prosecution of life's duties.

Mr. George Schmidt, 20 West Third street, Cincinnati, Ohio, briefly and forcibly writes regarding his rescue from a slow but sure death; he says:

"Since infancy I have been bothered with impure blood and nervousness. I tried almost all known remedies and went to many physicians, but nothing seemed to do me any good until a druggist recommended Paine's Celery Compound. I used this great medicine, and before I had finished two bottles, I found relief. I am now using my sixth bottle and never felt better in my life. My nervousness is all gone and my skin clearer than ever it was."

DIAMOND DYES color feathers and ribbons. Easy, excellent, economical.

Whitman college, accompanied the delegation and was on the program for the principal address.

It is now believed that no further consideration will be given by the president of the subject of retiring Lieutenant-General Miles so long as the commander of the army continues his present attitude of reserve.
