GAVE MANY CHECKS

R. E. BEERY GETS INTO TROUBLE AT FREEWATER.

Now in Jail at Pendleton for Obtaining Money Under False Pretenses in Uttering Checks on Several Banks.

Freewater, May 5.—R. E. Beery, a stranger, who claims Springfield, Ill., as his home, was arrested on a charge of obtaining money under false pretenses, last Thursday, at Colfax, Wash., by Constable Dykes, of this place, at the instance of A. S. Pearson, of Freewater.

Beery came to Freewater two weeks ago last Saturday to settle and go into business here. He entered into negotiations with A. S. Pearson for the sale of Pearson's real estate business, and also a residence property, for which he was to pay \$1,775, depositing \$500 in money and a check for \$45 on the First National Bank of Pendleton as a forfeit.

Last Wednesday Pearson discovered that Beery had no funds in the Pendleton bank, and that the bank had no knowledge of him. In the meantime Beery had obtained sums varying from \$10 to \$50 from several people of Freewater, giving them checks on the Bank of Milton and on the First National and Saving Banks of Pendleton, in lieu thereof. Since his arrest it has been discovered that he is a stranger to these banks also.

Beery asserts his innocence; says that Jim Dixon, a sheep man, living six or seven miles below Pendleton, has his money, and that he (Beery) will meet all claims against him shortly. He says that he told Pearson when he gave him the check for \$45 that the money was not in the bank then, but that it would be there in a few days and Pearson agreed not to present the check for payment until he was notified that the money was there.

Public opinion is divided as to his guilt or innocence, and there are those who believe the man is all right.

Held Under Bonds.

Beery, at his examination this afternoon, before Justice Miller, was placed under \$500 bonds. Constable Dykes took him to Pendleton, where he will lie in jail until the circuit court acts upon his case.

The Story of Beery.

When Beery was seen at the county jail this forenoon and was asked what he had to say about his case, he replied:

"Well, I guess I am in trouble, but is was through innocence on my part. I came to Freewater several weeks ago and fell in with a man named Walter Ragsdale. He seemed to be all right and we got to talking about my travels and I spoke of having been in Colfax. He asked me if I knew a certain woman there I told him that I did. He said she was his wife. At that I was surprised, but we became warm chums and he talked me in the notion of buying some property from Pearson. I did not have the money with me, but had it at home in Springfield, Illinois. A man named Dixon also had some of my money and I told Pearson that I would have money in the bank at Pendleton by the first of the month. He then insisted that I give him a check on the bank and that he would not present it until I told him to do so, or until the money was placed in the bank to my credit. Dixon is an old friend of mine and I had loaned him money with the understanding that he would deposit it in the bank here for me. I gave Pearson the check for \$45 and then Ragsdale wanted me to go to Colfax for him and see if I could not get his wife to come here and live with him. He offered to pay my expenses and give me a check for \$25 if I would do this and I went. Before going I gave him a check for \$55, with the understanding that this would not be presented until I told him to do so. I had only been in Colfax a few hours when the officers came and arrested me and I was brought back, charged with obtaining money under false pretenses. When I gave the checks I told them that if presented at the bank before my money was deposited it would get me into trouble and I was afraid of it, but they insisted that the checks would not be presented until I told them. When I was arrested I wired home that the money not be sent to me, for I did not know what was up. I have plenty of money to meet all the obligations that I entered into and am ready to pay all the costs. If I am sent to the penitentiary, I will go as an innocent man, for I did not intend to defraud any one."

Beery is a young man of rather prepossessing appearance and does not bear the mark of a criminal.

The trial by court-martial of General Jacob H. Smith ended at Manila Saturday night. The findings of the court will be forwarded to Washington. The general impression there is he will be acquitted, as it is not believed anything has been proven against him contrary to general order No. 100.

LAMONT FOR PRESIDENT

THE HELENA INDEPENDENT BOOMS LITTLE DANIEL.

It Does Appear as if the Boom Sprung Up in Montana and is Expected to Take Root in St. Louis.

A dispatch from St. Louis says: John S. M. Neill, manager of the Helena Independent and member of the democratic national committee, from Montana, who is in St. Louis with Governor Toole and the other Montana world's fair commissioners, says that Daniel S. Lamont, former private secretary to President Cleveland, is the logical democratic candidate for president in 1904.

Mr. Neill is thoroughly in earnest in his support of Colonel Lamont, and he says there is a strong sentiment among the democrats of the Northwest to drop the silver question.

"The democratic party cannot find a better or more affable man than Dan Lamont," said Mr. Neill.

"This is my mature judgment, after talking with some of the leading democrats of our state. Daniel Lamont is a business man, but he also knows all the ins and outs of the political game and his nomination would raise the hopes of the party as nothing else would."

"Gorman and Hill are both accomplished politicians and would make splendid cabinet officers, but Lamont would outclass both of them as a candidate for president."

Colonel A. J. Davidson, of Helena, a stockman and capitalist, who is also a member of the Montana commission, is another Lamont boomer, and does not hesitate to express his sentiments.

Colonel Davidson was Mr. Neill's predecessor on the democratic national committee. He says they learned to like Mr. Lamont when he was private secretary to President Cleveland. Since his retirement from politics his connection with the Northern Pacific railroad has brought him into close touch with the Northwest.

A PETIFEROUS GERM.

Burrows up the Scalp into Dandruff and Saps the Hair's Vitality.

People who complain of falling hair as a rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed, hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but today dandruff is easily eradicated by Newbro's Herpicide, which makes hair glossy and soft as silk.
