CLOTHING MERCHANTS

AN ELECTRIC LINE

PROPOSED TO BUILD FROM
DAYTON TO PENDLETON.

San Francisco Capital Reported to
Behind the Enterprise; to Cost
\$1,250,000.

The Walla Walla Union prints the following telephone message as coming from Dayton, Washington:

An electric motor line from Dayton to Pendleton, to touch the cities in the Walla Walla valley and eastern Oregon, backed by plenty of capital and to cost \$1,250,000, is announced as a positive certainty by H. Nellman and F. B. Romo, who today received the promise of a fifty year franchise as soon as the city council of Dayton can act under the law. The only thing that can interfere with their plans, they say, is the refusal of some city to grant them privileges of entrance. Waitsburg and Dayton have already promised rights of way through their streets and other necessary grants and it is not believed the other cities will hold back.

In presenting their case before the Dayton council, Nellman and Romo announced themselves as the agents for a San Francisco syndicate, believed by many to be the United Street Railway company of that city. They promise to begin work on the road within six months and to have the line completed and running before the end of two years from date of the franchise. They announced there was plenty of money behind them and that no effort would be made to sell bonds or stocks although those wishing to purchase would be privileged to do so. They ask a 50-year right to operate the line and guarantee that passenger charges over it will be one-half the regular railroad fare. A service of a car each way every two hours is promised and special freight trains will be run. It is claimed by the promoters that revenue from the freight traffic will more than pay the running expenses of the road. All kinds and classes of freight will be handled.

SCHMIDT'S NEW DRUG STORE

OPENED FOR BUSINESS THIS
MORNING—MANY CALLERS.

The Fixtures Are Rare Designs of Skillful Workmen—Solid Mahogany and Bevel Plate Glass—Stock is Very Complete.

Pendleton's new drug store was opened to the public this morning, and a very metropolitan view was presented, for F. W. Schmidt & Co. the proprietors, have spared neither pains nor expense in fitting up an institution of which the city can feel justly proud.

The fixtures are rare designs of skillful workmen and were manufactured by the great Western firm of R. Lutke & Co., of Portland, who have no superiors on the Pacific Coast.

The fixtures are of solid mahogany and bevel plate glass, and are modeled after those of Woodward & Clark, of Portland, which is pronounced the finest in the West.

A noticeable feature of the interior of the new store is the splendid manner in which everything harmonizes; the finely polished woodwork with large mirrors at intervals, the handsomely modeled show cases, with glass extending from the floor to the top, and the rich paper on the walls, all corresponding to a nicety.

The opening was a very pleasant occasion for the large number of ladies and gentlemen who paid the store a visit and were gracefully received by F. W. Schmidt, the head of the company, and Morrison J. Miller, the prescription clerk. Mr. Schmidt has had 18 years experience in the drug business; is a graduate of the St. Louis College of Pharmacy and for eight years was connected with the leading drug stores of St. Louis. He has also been engaged in the same business at Boise, Idaho, and Baker City. Mr. Schmidt's first impressions of Pendleton, which resulted in his locating here, were obtained while he was pharmacist for H. F. Johnson & Co.

While F. W. Schmidt & Co.'s drug store is a new institution, it is complete and there is nothing in the drug line that is not in stock and all are fresh and good. The patent medicine line includes all the remedies that time has proven to be of real merit. A select line of perfumes, fancy and staple stationery, toilet articles, cigars, etc., are in readiness for callers.

Owing to the delay in the arrival of the fountain, soda water is not being served, but will be in a short time.

Register before May 15th or you cannot vote at the June election. It will cost nothing to register!

NEW

FANCY HALF HOSE

WEDNESDAY, MAY 7, 1902.

GENERAL NEWS.

The late Potter Palmer's fortune is estimated at \$25,000,000.

A representative of an American company has purchased the wrecks of the Spanish war ships Almirante Oquendo and Viscaya, and they will be broken up and sent to Philadelphia as scrap iron.

Representative J. S. Salmon, of the fourth district of New Jersey, died suddenly of apoplexy at his home in Boonton. He was 56 years old and was serving his second term in congress as a democrat. This is the third death of congressmen within a week.

The Chicago, Milwaukee & St. Paul road has placed export flour on a level with wheat in the matter of transportation charges. This action will be followed by all Western roads with similar rates, and means a saving of millions yearly to the mills of the Northwest.

Captain Hiram Pugh, who has just died at Bridgeton, N. J., had not slept in a bed since he returned from the Civil War. When he was taken ill, some weeks ago, his doctor ordered him to bed and he resisted all orders from the doctor and died "with his boots on."

PACIFIC NORTHWEST NEWS.

T. H. Simpkins died at the Salem hospital Sunday, of typhoid fever. He was 27 years of age, and is survived by a widow. Deceased came to Oregon in 1894, from Streator, Ill.

The committee of the city council of Albany has reported favorably after a thorough examination of pavements, upon vitrified brick and that kind of pavement will be laid in Albany on several streets.

Two men, names not given by the Baker City papers, had words over 70 cents, due from one to the other. The man who owed the money was cut on the hand by the fellow to whom it was due, with a pocket knife.

Henry Gelbler, at the St. Joe saw mill, at Harrison, Idaho, was found with neck and back broken in a pit under a wheel run by a belt. He leaves a wife and three children at Detroit, Or. He was a fireman in the mill.

George Leslie, who is under arrest at Portland, is known at Suisun, Cal., as George Littell, a New York millionaire. During his brief visit there Littell spent money freely and ended by contracting for the purchase of a 900-acre orchard for \$300,000.

William Pointers, of Gaston, aged 5 years, died at that place near Portland from poisoning. The day previous the child ate some raw cabbage, which had been shipped from California, and in a short while began vomiting and died in a few hours.

M. L. Langford, an old resident of Union, died there Monday night of degeneration of his nerves. He was born in Cleveland, N. C., August 13, 1836, and hence was 66 years old. He was an officer in the Confederate army. He came to Oregon 29 years ago. He leaves a widow and four children.

Oregon will soon receive as its share of the 5 per cent. fund from the sales of public lands, the sum of \$15,113.55. This money is disbursed annually soon after it has been received by the state treasurer to the various counties in proportion to their area, and is used for road and bridge construction work.

Reveals a Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ infected mucus, and lets the life giving oxygen enrich and vitalize the blood. It heals the inflamed, cough worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Tallman & Co's.

Small Profits for Cash.

The Standard Grocery Company, on Court street, has been selling at a very close margin and in order to continue to do so, the proprietors have decided to do a strictly cash business. This means that not one person, not even the richest banker of the city can get credit at the Standard Grocery. If you are trading at a long time credit store, it will surprise you at the bargains at the Standard Grocery. When you ask for the prices, remember that they are cash to all.

Columbus buggies, \$150, at Umatilla Implement Company.

Power House at Dayton.

The site for the power house of the company has been located above this city, on the Touchet river. It is estimated there can be sufficient water power secured to generate 10,000 horse-power and a portion of this will be used to light the streets of Dayton.

Quick Train Service.

In stating their case the two San Francisco men say the prime object of the road will be by a quick train service to all points along the eighty miles of its length. A specialty will be made of the handling of freight, berries and garden vegetables which could be shipped in fresh from the country at all hours of the day. A specialty will be made of picnic features during the summer season and in the winter skating carnivals will be arranged. Running at the speed of an ordinary railroad train the electric cars will make the trip from Dayton to Pendleton in better than four hours, thus making it possible for a business man to make the round journey in a day. There will be plenty of equipment for excursion trains and all other requirements of a first class road.

Labor Men Interested.

Hammond, Ind., May 6.—Labor men are much interested in the election for mayor in progress here today. A labor ticket is in the field but an odd feature of the contest is that union labor is not supporting it. A. F. Knotts, lawyer for the union men in the recent fight against the plant of the W. B. Conkey publishing company, is the republican candidate and appears to have the following of union labor. Mayor Reilly, the present incumbent, known as "Honest Pat," heads the democratic ticket. Upon the result of the election depends the course to be taken by the union printers and pressmen in a proposed renewal of the fight against the Conkey company.

Alabama Pythians.

Montgomery, Ala., May 6.—The Alabama grand lodge of the Knights of Pythias is in session at the capital today with Dr. W. H. Wilder of Birmingham presiding. Large delegations are in attendance from Birmingham, Mobile and other chief cities of the state. Officers' reports show that the order in Alabama is in a flourishing condition, with an increased membership and a good financial balance. The sessions of the meeting are expected to occupy several days as a number of matters of great importance are to be considered and acted upon.

"A Knowledge Scratcher."

The East Oregonian announces that it has secured the services of Bert Huffman on the editorial staff. Mr. Huffman is a writer of marked ability and his contributions to journals and periodicals are always read with interest. His articles always bear the impress of a "knowledge scratcher."—Athena Press.

If you fail to register before May 15, you will not have the right to cast a ballot at the June election.

HERPICIDE

Dandruff and Falling Hair vanish

before the magic touch of Newbro's Herpicide, the latest scientific discovery. It kills the dandruff germs. Destroy the cause, you remove the effect. Kill the dandruff germ, and your hair will grow abundantly.
