HEAP BAD SQUAW

MADE LIFE MISERABLE FOR HER LIEGE LORD.

He Now Seeks Separation From Her and Asks the Court to Grant it to Him.

Thomas Shelel, an Indian, vs. Elizabeth Shelel, sometimes called Petul-sa-pe-na-wit, an Indian woman, is the title of one of the most sensational divorce suits that has been filed on the equity docket at the court house for some time, and if Mr. Indian can prove his allegations true, Judge W. R. Ellis will undoubtedly grant the decree asked for, for plaintiff is a much abused Indian.

Mr. and Mrs. Shelel were married on the Umatilla reservation about three years ago and the allegations are that for one year past defendant has used toward plaintiff a continuous course of harsh and inhuman treatment so that life has been rendered burdensome.

She scolded and growled at him continuously and called him many harsh and offensive names, such as "big loafer," "big fat belly," etc., and about one month ago, in a fit of passion and without reason, defendant assaulted plaintiff and pulled out his hair by large handfuls and drove him from his home. She also struck him with a stick and pulled his beads and ornaments off his clothes. At this bad treatment the patient Shelel murmured not and took the threslings and abuse that his better half heaped upon him without even trying to persuade her to desist, but when she refused to cook his meals he remonstrated and to this she objected strenuously and again used a stick on him as a gentle persuader. As a last resort, plaintiff appeals to the court for separation from his fighting wife, on the further grounds that he was ill and in bed for two months recently and that she would not wait on him, and others had to minister to him when his wife should have been doing all she could to make a poor sick and heartbroken Indian as comfortable as possible. Instead of this, she took no notice of him other than to occasionally scold and call him names.

They have one child, a boy one year of age, and the plaintiff wants the defendant to keep him.

MRS. C. B. WADE'S REPORT

OREGON FEDERATION WELL ORGANIZED AND AT WORK.

What the President Said in Her Report to the General Federation at Los Angeles.

The following report of the Oregon Federation of Women's Clubs was submitted by President Adella D. Wade to the General Federation at Los Angeles:

"For the first time Oregon responds to the call for the reports of state federations. Twice before it has been my privilege to report as state chairman the club work of our state. Today it is my high honor to report as Oregon's first state president.

"Our state federation was organized two years ago, too late for admission to the General Federation before the Milwaukee biennial. We are glad not to have missed the great flower biennial of Los Angeles. We organized our federation with 13 clubs. At our state federation meeting last week, 28 responded to roll-call, and gave reports of their work, an increase of over 100 per cent, and representing over 1100 women. We closed a most enthusiastic and helpful convention the day before we started for Los Angeles. Our delegation here numbers 14. We have in our state federation four clubs belonging to the General Federation and one in the state belonging to the General Federation only. We are glad to report that the delegate representing this last-mentioned club was converted to the state federation after she joined the delegation on the way down to California. The state has her full quota of delegates here. Two of the individual clubs are also represented. Our federation is well organized for work under state committees on library, education, domestic science, civics and legislation.

"The federation, through its library committee, had passed at the last meeting of our legislature the first library law ever enacted in the state. The Portland Women's Club elected a woman one of our state board on the school board of our largest city. Our women are gaining a broader outlook and we are gaining strength with our progress. We are here to help answer with you all the questions arising to further the uplifting of humanity."

TO REPRESENT FOUR COUNTIES.

Earl Sanders Enters Politics and the Law About the Same Time.

Earl Sanders, of The Dalles, admitted to practice law after a very rigid examination, at this term of the supreme court in Pendleton, is a candidate for joint representative of Wasco, Crook, Lake and Klamath counties on the democratic ticket. Mr. Sanders is just 23 years of age

and is said to be exceedingly popular and will make a good run. He was one of the members of the Second Oregon regiment which did such good work in the Philippines. In one of the engagements against the insurgents, Mr. Sanders was shot through one of his legs, between the hip and the knee, but five days later he was in the ranks again and ready for another battle.

Mr. Sanders returned to his home at The Dalles and took up the study of law, having passed the examination before the supreme court, he is now equipped to engage in the practice of his chosen profession.

If elected to the legislature, he will devote his efforts studiously to accomplish something for the people. His enthusiasm, zeal and fitness entitle him to the support of the voters of Wasco, Crook, Lake and Klamath.

He left Pendleton for his home at The Dalles, on last night's train.

A Reliable Drug Store

THAT means a drug store where as much attention is paid to see that a five cent purchase is as satisfactory to a customer as a ten dollar purchase. It means a drug store where a child can trade, with as satisfactory results as the head of the family. These things make it a safe place to trade. You can't be too careful in your selection of a drug store to trade at. We will try to make our store a reliable drug store. One visit would show you if our claim is without foundation.

THE

Golconda Gold Mine

A Plain Statement of Facts:

The GOLCONDA MINE, in the Sumpter district, with its equipment, and ten other claims, was recently purchased by the Golconda Consolidated Gold Mines Company, principal in Pendleton, which is now operating the mine. The full purchase price is paid, and all but the treasury stock disposed of to those who advanced the purchase price.

There was left in the treasury for an operating 500,000 shares of treasury stock. Some of this stock is offered for sale, but not exceeding 200,000 shares of it will be sold; we will supply ample funds until the mine is more than self-sustaining. This stock is offered at 10 CENTS A SHARE for the thirty days.

As an investment of this character nothing equals it. Prove its worth those at work in the mine, who are in a position to know what is in the Golconda, have bought stock at ten cents a share to the extent of their financial ability. Those who have a little money which they can spare for the purpose should buy 1,000 or more shares of this stock, as they will most likely get it the very best investment they ever made in their lives.

Address all orders for stock with checks in favor of JAMES A. HOWARD Secretary Golconda Consolidated Gold Mines Company, PENDLETON, ORE.
