Inter-Scholastic Track Meet.

Walla Walla, May 9.—This afternoon at the old race track a great crowd is in attendance upon the inter-scholastic track meet, between teams from the Spokane high school, Huntsville academy, the Waitsburg academy, Weston normal school, Pendleton high school, Walla Walla high school and Whitman academy. The meet consists of tests in racing, hurdling, vaulting, jumping, hammer-throwing and other athletic contests. The meet was set for 2 o'clock and it will require all of the afternoon to allow the several teams to compete.

Teachers' Examination.

Walla Walla, May 9.—The regular quarterly examination of teachers is in session at the court house, Superintendent Myers being in charge of the work. Owing to the fact that no examination was held in February, the number of teachers taking the May examination is unusually large. The work will close tomorrow afternoon. A number of country schools have been dismissed for two days to allow the teachers to attend the session.

If you fail to register before May 15, you will not have the right to cast a ballot at the June election.

DOUBLE HEADER BALL GAME

PRINTERS VS. BARBERS IN GAME OF BALL.

The Official Rooters and Real Umatilla Indians in the Second Game, and There Will Be Lots of Fun.

Much interest is being taken in the double-header baseball games that are to be played on the Alta street grounds Sunday afternoon. This is to be the time for the meeting of the printers and barbers in a bout for honors at the bat, which game is to be called promptly at 2 o'clock, and they are to be followed by the official rooters and Umatilla Indians.

Considerable talk and a little dissatisfaction was felt among some of the players, especially the barbers, yesterday over the proposition of donating the proceeds of these games to a fund to buy new uniforms for Manager Cohen's team, and some of the barbers were saying that they would not play, but this trouble was settled, however, last evening, and all agreed to the arrangement as first talked, and the games will come off as scheduled.

Line-Up.

The line-up of the printers' team is: Brown, catcher; Drake, pitcher; Welch, short stop; Carden, first base; Maskrey, second base; Bloom, third base; Fletcher, left field; Dupuis, center field; Hallock, right field; Peterson and Saterlee, subs.
 Barbers—Mack, first base; McClure, second base; Carland, catcher; Harper, pitcher; Jones, third base; Estes, short stop; N. Rose, right field; Lockwood, left field; Bailey, center field; R. Rose, sub.
 Rooters—Dupuis, pitcher; Barlow, catcher; Knight, first base; Maskrey, captain and second base; Demolting, third base; Ulrich, short stop; Fletcher, right field; Castle, center field; Moule, left field.

The line-up of the Indians could not be had for today's paper, but will appear in tomorrow's issue. It is said that they have a very good team and one that is well trained in the baseball field and the rooters will have to play ball if they carry off the honors against the real red men. Their team is well organized under Billie McKay, who is captain, and they are preparing for games with several different teams over the country. They have purchased new uniforms and other paraphernalia. Motonic, one of the best specimens of humanity on the reservation, and an all-round athlete, is catcher for the Indian team and he is said to be a wonder on the diamond. August Alexander is another of the Indian players. He is classed with the best ball players in the country and was with the famous Chemawa team, that won honors wherever it went two years ago. After the game is over, the team winning in the printers-barbers' game will be presented with a new \$6 protector for the catcher.

Will Post Bulletins.

Arrangements have been made by the rooters' association to receive the result of each game played by the first team, that is touring the country, and post it on a bulletin board in front of Frazier's book store, where all can see what the boys are doing away from home. The game today is with Everett and this is expected to be the swiftest team the boys will encounter on their journey.

OFF TO WALLA WALLA.

Pendleton High School Students to Take Part in Track Meet There.

Sixteen teachers and pupils of the Pendleton high school, boarded the north-bound O. R. & N. train this morning for Walla Walla, where some of them will take part in the field sports there today, while Fred Hartman goes as the representative of the high school to compete in the declamatory contest in Whitman college this evening.

Those who went to take part in the track exercises are: Roy Conklin, Robert Cronin, Will Wyrick, Olin Arnsperger, Fred Hartman, Roy Leizer and Se Williams. The boys have been in training and are in good trim to take part in the racing, jumping and other sports that will be connected with this track meet. While they may not have had the use of an up-to-date gymnasium and the training

PILES

"I suffered the tortures of the damned with protruding piles brought on by constipation with which I was afflicted for twenty years. I ran across your CASCARETS in the town of Newell, Ia., and never found anything to equal them. To-day I am entirely free from piles and feel like a new man."

that the Whitman students have had they will surely run the Whitman students a close race for honors on the field.

In addition to the track team, others went over to witness the sports and other exercises: Misses Jennie Beale, Mary Rust, Mary Rothrock, Mary Williams, Effie Smith, Myrtle Disney and Cloe Stanfield, and Masters Algie Fao and Ed Jay.

They will return Saturday evening.

GUN SHOOT SUNDAY.

Will Take Place in the Forenoon Instead of Afternoon, as Heretofore.

Sunday is the time for the regular monthly blue rock medal shoot by the Pendleton Gun Club. The shoot will take place in the forenoon, as has been the custom. This is in order to not interfere with any who might want to attend the baseball games in the afternoon. Sam Thompson now has the medal, having won it two consecutive times. The members of the gun club are making preparations for the national tournament, which is to be held in Portland June 25, 26, 27 and 28, and they expect to go down in good trim to do good shooting at this event. Quite a number will go.

Excursion to Athena.

Walla Walla May 9.—An excursion has been arranged for Sunday to take a large number of fans to Athena to witness the ball game at that place. The train will leave this city at 10 o'clock in the morning and return about 6 in the evening. It is expected that several hundred will go from this city. This will be the third excursion in succession given by the Oregon Railway & Navigation Company. The first one was from this city to Pendleton two weeks ago, the second from Pendleton to this city last Sunday.

The labor unions of Middleton, N. Y., comprising 300 members, have voted unanimously to abstain from meat for a period of 30 days. Over 1000 persons will abstain.

A Reliable Drug Store

THAT means a drug store where as much attention is paid to see that a five cent purchase is as satisfactory to a customer as a ten dollar purchase. It means a drug store where a child can trade, with as satisfactory results as the head of the family. These things make it a safe place to trade. You can't be too careful in your selection of a drug store to trade at. We will try to make our store a reliable drug store. One visit would show you if our claim is without foundation.

THE Golconda Gold Mine

A Plain Statement of Fact:

The GOLCONDA MINE, in the Sumpter district, with its equipment, and ten other claims, was recently purchased by the Golconda Consolidated Gold Mines Company, principal office in Pendleton, which is now operating the mine. The full purchase price is paid, and all but the treasury stock disposed of those who advanced the purchase price.

There was left in the treasury for an operating fund 500,000 shares of treasury stock. Some of this stock is offered for sale, but not exceeding 200,000 shares of it will be sold; as the will supply ample funds until the mine is more than self sustaining. This stock is offered at 15 CENTS A SHARE for the next thirty days.

As an investment of this character nothing equals it. Prove its worth those at work in the mine, who are in a position to know what is in the Golconda, have bought stock at ten cents a share to the extent of their financial ability. Those who have a little money which they can spare for the purpose should take 1,000 or more shares of this stock, as they will most likely find it the very best investment they ever made in their lives.

Address all orders for stock with checks in favor of
