## Most Effective Advertising.

That advertising is the most effec-  
tive which attracts the eye and ap-  
peals to the brain. Strong adjectives  
may be as much out of taste in an  
advertisement as in a bit of more  
aspirating literature. Exaggeration is  
always to be avoided. People now-  
adays demand sincerity in all matters  
of business. It is observable that all  
the big and successful advertisers are  
most careful as to their statements  
of fact. They realize that confidence  
is the key-stone in the arch of trade.  
Their success came of their jealous  
regard for their work

and the outlook for its future could  
not be better. As a stock-raising dis-

and it is rich also in lumber and ag-  
ricultural resources.
