BASEBALL GAMES

THE PRINTERS DEFEATED THE BARBERS, 15 TO 21.

The Rooters Defeated the Real Indians in a Score of 9 to 4 in a Spirited and Interesting Game.

Sunday was a day long to be remembered by the baseball enthusiasts of Pendleton. About 400 of the most enthusiastic rooters in town, gathered at the Alta street grounds in the afternoon to witness the dualities to their credit. Then it looked as if the child has yet been heard to say that he or she did not get all the 25 cents, the price of admission, was worth in watching the games.

The printers vs. barbers were the first to cross bats. At 2:15 o'clock Umpire Krause said "play ball," and the printers went into the field and the barbers went to the bat. Cronin was the first man up, and he, as well as all the rest of the players, found Drake, pitcher for the printers, an easy mark in the first inning. It is seldom, nowadays, that each of the nine players get to bat in the same inning, but this is what happened this time, four of the boys going to bat the second time. The result was that when the smoke cleared away and the umpire called the third man out, the barbers had nine things in favor of the printers and ed bad for the printers and, although before the game odds were in favor of the printers, by this time every Bloom, ss 4 3 1 0 0 0 1

Then the game ended and the crowd, of one accord, drew a sigh of relief, for everyone was beginning to tire of this game and were anxious to see the Indians and rooters cross bats.

Indians vs. Rooters.

At 4 o'clock the rooters and real Indians began playing and then the enthusiasm was something great. This was a game that had been looked forward to with considerable interest, and when the Indians came up to bat with their bright red bloomers and green shirts, the crowd cheered them until all were hoarse. In fact, the sympathy of the crowd was with the boys from the Umatilla reservation, and when they made an extra good play the crowd would go wild with enthusiasm, while little was heard when the rooters were playing. The Indians made one tally in each of the first four innings. They shut out the rooters in the first, second and fourth innings. The rooters made two tallies in the third inning. This made the score stand 2 to 4 in favor of the Indians when the fourth inning was ended, and all were predicting defeat for the rooters. Things changed right here, however, and the rooters began to run their score up.

In the fifth inning the Indians seemed to go to pieces, and the rooters made five scores. In the next two innings nothing was made and in the eighth the rooters made two, which made their score stand at 9, while the Indians did not make another after the fourth inning.

Both sides played good ball and many were heard to remark that they had seen worse games between teams that claimed to be ball play-

ers. The Indians fell down in their field work, as it seemed that they could not get under a fly and take it in. For this reason several flies that looked easy to the onlookers, were let fall on the ground and the boys would either catch them on the bounce or pick them up after they stopped. Their batting, with a few exceptions, was good and they could go around the diamond as fleet as a deer.

COYOTE SCALPS.

Over \$300 Paid for Coyote Scalps in Two Months.

Umatilla county paid \$3068 for coyote scalps during the months of March and April.

This is another blow at the scalp bounty law and there is no wonder that the tax payers have been kicking at this drain to their pockets. If the tax payers could only see any good come from this money there would be no ground for kicking, but they cannot. In fact, many say that

the coyotes do more good than harm. The coyotes catch jack rabbits and destroy more of them than any rabbit drive that can be planned and carried out to slaughter them. The coyotes live mostly on these pests which are considered more detrimental to the Butter creek farmers and stockmen than the coyotes. If the coyotes were of no use to the country, they seldom do anything that is of injury to the tax payers. Very seldom do they kill a lamb, chicken or other domestic animal or fowl and the highest price that could possibly be had for all the animals or fowls that the coyotes kill would not pay 25 per cent of the amount of the money that is being paid for the killing of them. Another argument that is heard against the bounty law is the assertion by many who are in a position to know, that very few more coyotes are killed when \$2 is paid for each scalp than when the county paid nothing. People will make an effort to kill all the coyotes they can, whether there is money in it or not.

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.
