THE REDMEN MEET

FIFTH GREAT COUNCIL AT WALLA WALLA.

The Work of the Council Began This Morning—Program of the Three-Days' Session.

Walla Walla, May 13.—Walla Walla is in the hands of Red Men, and for three days the festive "Siwash" will be in evidence, not with feathers and arrows, but with colors of the Improved Order of Red Men, and with the best wishes of hundreds of citizens of the city who are bent upon doing honor to the representatives of the great order. The fifth great council of the state of Washington is in session in this city and it will remain for three days, closing its work Thursday night. A number of delegates arrived in the city yesterday and this morning scores more came on the early trains. The city is neatly decorated with the colors, yellow, red and blue, and from the lapel of hundreds of coats float long ribbons with appropriate badges. The work of the council began this morning. The following program will be carried out as nearly as possible:

Tuesday—10 a. m., kindling of the council fire of the great council of Washington, at Odd Fellows' hall; 8 p. m., reception of the great chiefs, representatives and visitors, at the opera house. Special entertainment has been provided for the occasion. Parade will precede the gathering.

Wednesday—10 a. m., business meeting of the great council. In the afternoon the body will be taken to the penitentiary to visit the institution. All will be admitted, but no assurance of release has been secured. 8 p. m., session of Walla Walla Tribe No. 23, to which all Red Men are invited. After the meeting, a banquet or smoker will be given to the visitors by the local tribe.

Thursday—In the forenoon a visit will be made to Fort Walla Walla where a special artillery drill will be given for the benefit of the visitors. This will be followed by a business session. At 9 o'clock p. m., the grand ball will be given at Armory hall.

WALLA WALLA WATER SUPPLY.

People to Vote to Expend \$100,000 to Increase It—A Gravity System.

Walla Walla, May 13.—At a special meeting of the city council last night, an ordinance was passed creating an indebtedness against the water system in the sum of \$100,000, to extend the system, and calling a special election to ratify the action on June 2. The proposition is to change the system to gravity pressure and add an increased supply.

WHITMAN VS. WALLA WALLA.

A Poor Exhibition of Ball Playing at Walla Walla Monday.

Walla Walla, May 13.—In a game of poor ball yesterday, the local team was defeated by Whitman college, a small crowd attending, the score being 9 to 4. Several costly errors were made by the Walla Walla team, and altogether the game was not up to the standard. This defeat following the poor game at Athena on Sunday, has had a depressing effect upon local enthusiasts.

City Clerk and Soldier Fight.

Walla Walla, May 13.—City Clerk Reynolds and a soldier from Fort Walla Walla, Kinard Logan, became mixed up in a personal encounter Sunday night about 11 o'clock, and both men were badly used considering the time the fight continued. Mr. Reynolds received a bad cut with a knife, and in return he struck Logan with his cane, inflicting severe bruises about the eyes and nose. Logan is not able to be about, but when he is the matter will be aired in court. He is under arrest.

VASELINE NO GOOD FOR HAIR.

Dandruff Germ Thrives in It, as Well as in All Grease.

A well known Chicago hair specialist invited the Inter Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline. The specialist said that all hair preparations containing grease, simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ.

NEWS OF WESTON.

Debate at the Normal School—Young Woman's Christian Association Gave an Entertainment.

Weston, May 12.—The long-talked-of debate between the three members of the alumni association, and an equal number of the graduating class of the normal school, took place at the chapel of the school Friday night. The question debated was: Resolved, that the United States should annex more territory. After a long struggle, the affirmative side of the question, which was argued by the gentlemen representing the alumni, was given the decision. The United States may now go ahead and annex all the territory it pleases and no one shall hinder.

The Young Women's Christian Association, of the normal school, gave a very pleasant entertainment Saturday night. This is the first affair of the kind the association has held since its organization. Those that attended spent a very enjoyable evening.

Mrs. F. M. Smith and her mother, Mrs. M. J. Bixby, who have been spending several days in Weston, visiting at the home of Professor B. B. Smith, of the normal school, returned to College Place, Wash., yesterday.

Harry Surdem, one of the pioneers of Weston, left for Spokane yesterday, where he expects to spend the summer working at his trade.

People Who Live Longest.

From statistics it is learned that the longest-lived people of the world are the Norwegians. They are temperate and simple in their habits and preserve in great vigor their digestive powers, which is most necessary in the maintenance of good health. The American usually lives so fast that the stomach is neglected until his health is completely undermined, and he finds himself gradually getting weaker and weaker. If you are one of these sufferers we offer you a medicine that will strengthen your stomach and start you anew on health's pathway, and that is Hostetter's Stomach Bitters. It will cure flatulency, indigestion, dyspepsia, constipation, insomnia, chills and malaria, fever and ague. Don't fail to try it. For sale by all druggists.

Report having gained circulation here, through a telephone message from an enemy of mine, T. C. Williams, that my business was not legitimate, I here submit a letter signed by leading citizens of Mullan, Idaho, which speaks for itself.

ANDREW A. HAMMER.

Mullan, Idaho, May 10, 1902.

We, the undersigned, certify that the Copper Plate Mining Company, Limited, was organized in January, 1902, under the laws of the state of Idaho, and have their principal place of business at Mullan, Shoshone county, Idaho; that they own what is known as the Ralph group of five claims adjoining the Gold Hunter Mining Company's property on the north, and lying south from east from the Morning mine.

Since the opening of spring a shift of miners have been and are at present employed continually doing development work on the ledge running westerly. The ledges show mineralization of the character of ore found in other silver-lead mines adjoining it.

Treasury stock to the amount of 300,000 shares are being disposed of, the funds from which are to be used for development work.

Andrew A. Hammer, vice-president and manager, is authorized to sell treasury stock and otherwise to superintend the development work.
