Instead of 13 going, as was announced a few days ago, to take part in the track meet, only 11 are entered. Their names and the events in which they will take part are as follows:

#### "WHAT ABOUT SALOONS?"

Prohibition Candidate for Governor, Discussed Political Situation From His Point of View.

A small attendance was at the court house Tuesday evening to hear Rev. A. J. Hunsaker, of McMinnville, prohibition candidate for governor, speak on the issues before the people of the state of Oregon in the present political campaign. This was perhaps partly owing to the inclement weather and other gatherings which furnished counter attractions.

Rev. Hunsaker spoke at length on the issues before the people and called the attention of his hearers to the fact that Garfield was a minister when elected president of the United States, showing that some of the most noted men who had taken a hand in politics were preachers. He did this, he said, because many people thought that ministers of the gospel had no business in politics.

Rev. Hunsaker said that the prohibition issue was the paramount question before the people today and gave many illustrations to bear out his statement. He compared the republican and democratic platforms and said that were they laid down side by side and no marks left on them to designate which was which, not one out of 100 could tell which was republican and which democratic. The only issue at stake between the two old parties, he asserted, is "Who shall be elected." He stated further that not one of the nominees on the prohibition ticket cared for this issue. They were seeking the office in order to better the country and humanity by eliminating the liquor traffic.

#### Wool Growers' Meeting.

The Wool Growers' Association will hold a meeting in Pendleton May 29, at 1 o'clock p. m. There will be a wool sale May 29th and 30th by the sealed bid method, officers of the association will be elected and other important business transacted.

My little girl's hair did not grow. It was harsh and dry, and would break off, and her scalp was full of dry dandruff that I could not comb out. A place around the back of her head was bald, and on the top of her head the hair was only two or three inches long. I used CUTICURA SOAP and some CUTICURA Ointment, and her hair has come in thick and as soft as silk. MRS. A. DOWNEY, Alfred, O.  
Warm shampoos with CUTICURA SOAP and light dressings with CUTICURA, purest of emollients, will clear the scalp and hair of crusts, scales, and dandruff, soothe irritated and itching surfaces.

#### Virginia's New Constitution.

Richmond, Va., May 22.—The Virginia constitutional convention, which re-assembled here today after a recess of six weeks, is not expected to remain long in session as its work is practically completed. It remains only to be decided whether the new instrument shall be submitted to the people or shall be proclaimed as the fundamental law of the state. It is probable the latter course will be adopted, though in any event its adoption is assured. The chief feature of the new constitution is the clause relating to suffrage, the effect of which will be to practically remove the negro vote as a disturbing factor in politics. Another important feature is the rescinding of the article abolishing hold-over senators.

The first wool of the season has been received at Baker City from Grant county.

**HERPICIDE**  
A Luxuriant Growth of Hair,  
the chief adjunct of beauty, is now placed within the reach of every one by means of Newbro's Herpicide, a new scientific discovery that effectually destroys the microbes responsible for all scalp diseases.  
It not only makes dandruff and falling hair things of the past, but invigorates the hair roots, causing a soft, thick growth to supplant the old thin and brittle one. Here is what one happy woman says—  
PHILADELPHIA, MO., Nov. 21, '92.  
My hair was coming out very rapidly, and in places was entirely bald; and calling on my physician he strongly recommended Herpicide to me, and after three or four applications my hair stopped falling, and is coming in again quite thick. I used to be troubled with dandruff, of which I am cured, so you see I have cause to praise Newbro's Herpicide.
