REGULARITY OF EXERCISE.

An Important Element in the Development of the Horse.

In writing about the care of horses an eminent English army officer has the following to say:

"Regularity of exercise is an important element in the development of the highest powers of the horse. The horse in regular work will suffer less in his legs than another, for he becomes gradually and thoroughly accustomed to what is required of him. The whole living machine accommodates itself to the regular demands on it, the body becomes active and well conditioned with out superfluous fat, and the muscles and tendons gradually develop. Horses in regular work are also nearly exempt from the many accidents which arise from overfreshness. As a proof of the value of regular exercise we need only refer to the stagecoach horse of former days. Many of these animals, though by no means of the best physical frame, would trot with a heavy load behind them for eight hours at the rate of ten miles an hour without turning a hair, and this work they would continue to do for years without even being sick or sorry. Few gentlemen can say as much for their carriage horses. No horses, in fact, were in harder condition. On the other hand, if exercise be neglected, even for a few days, in a horse in high condition, he will put on fat. He has been taking daily the large amount of material needed to sustain the consumption caused by his work. If that work cease suddenly, nature will, notwithstanding, continue to supply the new material, and fat, followed by phethora and frequently by disease, will be the speedy consequence."

Legislation Asked.

According to Secretary Charles F. Martin, the legislation to obtain the passage of which the National Live Stock association will devote its energies in Washington this winter includes the following: Extension of the hide tax to every hide imported, dry, pickled or green; giving the interstate commerce commission the powers of the United States district courts; permitting limited grazing on forest reserves; enforcing the stamping of shoddy made goods with some distinctive mark; irrigation of arid lands; securing the taking of an annual live stock census, the returns to be published within sixty days of the enumeration; providing for government assistance in the production of cavalry horses.

CYNICISMS.

Don't get drunk with the idea that people will enjoy hearing you say funny things.

If a man succeeds in pleasing his wife, like as not he fails with her folks and the neighbors.

If a man and wife still speak after living together five years, they have made marriage a success.

We hear a great deal about the "discouragements" of life and have decided after talking with the girls that it means a lot of unwashed dishes.—Acheson Globe.

A Necessary Consequence.

She—I suppose it is hard to eliminate flattery from portrait painting? The Artist—Yes. We'd have to eliminate a good many of the sitters.—Puck.

Stand Like a Stone Wall.

Between young children and the tortures and itching of burning eczema, scaldhead and other skin diseases.—How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever Sores, Salt Rheum, Cuts, Burns of Bruises. Infallible for Piles. 25c at Tallman & Co's drug store.

THE BEE HIVE FIRE.

Adjusting the Losses, Which Were Largely Due to Smoke and Water.

Walla Walla, May 21.—Insurance adjusters are in the city today settling the losses in the case of the fire in the Bee Hive block yesterday morning. The losses are practically covered by insurance, but there will be difficulty in settling on this basis, as much of the damage is from water and smoke alone. Those who suffered loss are: Simpson & Dewley, on building; William Ferguson, on stock of goods; F. F. Lecher, tin shop; Lynch & O'Rourke, plumbers. The origin of the fire is still a mystery.

Reveals a Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ infected mucus, and lets the life giving oxygen enrich and vitalize the blood. It heals the inflamed, cough worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Tallman & Co's.

Most Effective Advertising.

That advertising is the most effective which attracts the eye and appeals to the brain. Strong adjectives may be as much out of taste in an advertisement as in a bit of more aspiring literature. Exaggeration is always to be avoided. People nowadays demand sincerity in all matters of business. It is observable that all the big and successful advertisers are most careful as to their statements of fact. They realize that confidence is the key-stone in the arch of trade. Their success came of their jealous regard for their work.

Don't Use Too Many Words.

Multiplication of words increases the expense and decreases the effectiveness of advertising. Say what you have to say in as few words as it can be said—then stop. By so doing you can set what you want to say in larger type, so that it will command the attention of more readers than would a wordy discourse set in small type.

At bedtime take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says that it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herbs, and is prepared as easily as tea. It is called Lane's Medicine. Lane's Family Medicine moves the bowels each day. Price 25c and 50c. For sale by Tallman & Co., sole agents.
