HORSE AND HORSE

(Concluded.)

afternoon was the pick-up of a hot grounder by Fay, after it had passed Ziegler, and getting the ball to first in time to cut off the runner. There was not a second to spare—but there was time enough for Fay. Rhea behind the bat is a "willing worker" and tries for everything that comes his way. He is a regular little bundle of wire and what gets away from him is hard to catch. Knox in center, had not forgotten to take his "gunny sack mit" into the field with him. He never overlooked an opportunity.

Brown caught a couple of bad fouls after good runs from third. He is always willing to try but sometimes loses sight of the ball while running. The Indians go to La Grande tomorrow to play three games, June 1, 2 and 3.

Two games tomorrow at the Alta street grounds. Pendleton "Its" vs. Alexander's Wonders; and Woodmen vs. Pilot Rock.

The reorganized and strengthened Dayton team will play three games here June 6, 7 and ..

WHAT'S WRONG WITH WILNER?

A Baseball Enthusiast Gives Some Straight Tips on This Question.

What is the matter with Wilner? This is the question that is going the rounds of the local fans in Pendleton, and a question involving a number of the members of the Pendleton baseball team. Why is it that Wilner loses every game he pitches, while Taylor and Stoval win theirs? Why is it that Wilner loses a game with four to six hits, while Taylor and Stoval win with from 12 to 15? Why does Wilner go into a game in apparently fine condition and against a team not particularly distinguished for their "sticking" abilities and allow such a team 12 hits? Is it because Wilner is not a pitcher? There are a great many of the fans who will question this and who still believe, in spite of all that has been said or done, that Wilner can pitch ball if he wants to and that the only question is why doesn't he want to?

It is a well known fact among baseball enthusiasts that Wilner is a hard man for the balance of the team to get along with. He is pretty much of a "beeper" and does not hesitate to turn loose in a game on any of the players who have done something to incur his displeasure. This is unfortunate and "Old Bob" is certainly in the wrong by doing so or allowing his temper to get the better of his good judgment. By doing this he has incurred the enmity of some of the players, who it appears would now rather see him lose a game than win it.

The two games on Decoration day illustrate this. In the morning game, with Taylor pitching, every man in the team was snappy both in the field and at the bat, and when in the field their coaching of Taylor was something to be envied by any pitcher. But how different in the afternoon game, with Wilner pitching. The coaching of the pitcher by the players was lacking, in fact the only voices to be heard during the greater part of the game were those of Hartman and Rhea. Such work is not at all encouraging to a pitcher, in fact Wilner has been reported as saying that it makes no difference how he pitches, that if he should get in and work to win, others in the team would not let him. This is a bad frame of mind for any player in a game and especially for a pitcher. A man pitching a game of ball with such an idea in his head is giving the opposing team a decided advantage.

The Pendleton Baseball Association was not organized for the purpose of allowing any player or number of players to display their enmity to each other in a game. It was, on the contrary, organized for the purpose of putting Pendleton in the field with a winning ball team, and such a team we surely have, barring the unfortunate condition above mentioned. Of course, it is not expected that they shall win every game. The uncertainties of baseball are far too great for any such luck as that, but when such a pitcher as Wilner cannot win a game from any of the stronger teams in this section, something is decidedly wrong and steps should be taken to remedy it. There are some who think that Wilner is not a pitcher, but in airing their opinions to that effect they simply display their ignorance of the game.

Bob Wilner can pitch ball, and winning ball at that and has demonstrated the fact to the Pendleton fans, but he cannot do so unless his team is with him at every stage of the game, and it certainly is anything but creditable to Pendleton to allow personal feelings among the players to interfere with good ball playing. The last game with Walla Walla on Pendleton's grounds shows a student of the game that something was wrong, when Walla Walla scored five runs, and only one of them earned, on five hits backed with six errors, and also backed by the dearest exhibitio of "stick work" that the Pendleton team has ever put up.

It is to be hoped that a satisfactory adjustment of these differences will be arrived at, for Wilner can pitch ball and good ball at that, and Pendleton is not only entitled to proper effort on his part, but is entitled to a different spirit on the part of the other players when he is in the box. A FAN.

There was no game today, the Colfax boys deciding that the weather looked too much like rain to leave much chance of a game, so they went home on the 8:15 train this morning. They expect to return and play here about June 9.

Poor Ball Game.

The ball game between Whitman College and Walla Walla yesterday afternoon was tiresome and poorly attended. The score stood 17 to 3 in favor of Walla Walla, but few scores being earned in good ball. The game was declared the poorest of the season.

GOLCONDA MINE STOCK.

A Wrong Impression Created by the Recent Reports of Development Work.

Because of the very favorable reports from the development work in the Golconda mine the impression was created that the treasury stock had been withdrawn from the market, but the fact is that the board of directors of the mine had directed the sale of 200,000 shares at ten cents a share and before the recent rich strikes considerable of this stock was sold at this price, then the price was raised to fifteen cents a share and quite a large amount has been sold at this figure. However, there remains 25,000 to 30,000 shares of this block of 200,000 shares, which will be disposed of at 15 cents. After this deal is closed the remainder of the stock will be either withdrawn from the market or sold at not less than 25 cents, as at that figure the stock is a safer investment than at the figure at which the mine was purchased prior to these developments. The stock can be secured by application to James A. Howard, secretary, until orders exhaust the supply on hand. One thing has been demonstrated at the expense and risk of the early investors that the Golconda is a gold mine and those who invest in it now are taking small risk compared to the results to be realized.

For School Library.

The primary departments of the city schools gave an entertainment last night at Armory hall, to assist in raising money for a library. The little ones did exceptionally well, in the drill and tableau work. The program consisted of a vocal solo, "Carolina Twins," Helen Schell; pantomime, "Little Mice," by 12 girls; drill, "Birdie's Ball," by 15 girls; "Frog's School," a dialogue, by 20 boys; "Sunbonnet Drill," by 24 girls. The intermediate classes will give another entertainment tomorrow evening.

The homeliest man in Pendleton, as well as the handsomest, and others, are invited to call on any druggist and get free a trial bottle of Kemp's Balsam for the throat and lungs, a remedy that is guaranteed to cure and relieve all chronic and acute coughs, asthma, bronchitis and consumption. Price 25c and 50c. For sale by Tallman & Co., sole agents.

At a sale of trotting and pacing horses just held at New York, J. D. Callery, of Pittsburg, paid \$2650 for Miss Beatrice (2:13¼) by Direct. One hundred animals averaged about \$350.

Do not forget the initiative and referendum amendment. Make your first vote for it.

Makers of OVAL FAIRY SOAP.

Our Three Coated Enameled Ware In Blue and white colors is just the thing to give good service.

W. J. CLARK & CO.

SOCIAL POSITION

Makes no Difference. Women are All Alike. No Matter What Their Station in Life May Be. All Praise Lydia E. Pinkham's Vegetable Compound.

If she is one of the favored daughters of wealth,—if she belongs even to the realm of the "well-to-do,"—or—if she belongs to the unnumbered thousands who must work in order to live—the story is just the same; all suffer from about the same cause, and in this suffering "peculiar to women," all reach the same level, and all are of the same family.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing down sensation, whites and irregularities, she is not "worn out," but feels as if she were.

Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

Mrs. Pinkham Tells Mrs. Scott How to be Cured.

"DEAR MRS. PINKHAM:—I have been for some years a great sufferer and thought I would write and explain my case to you as you had helped so many others. Menstruation is irregular and very painful. I have suffered with painful periods for ten years but the pains grow worse as I grow older.

"I suffer most with my back, lower part of abdomen and left side. I have been flowing all the month and a part of August, not constantly, but will stop for two or three days and then begin again.

"The doctor says I have displacement of the womb. I have bearing down pains when passing urine, and my abdomen is very badly swollen and sore. Please advise me at your earliest convenience."—Mrs. A. V. SCOTT, 21 Page St., Kingston, Pa. (Sept. 30, 1900.)

"DEAR MRS. PINKHAM:—When I wrote to you asking advice no one could describe my suffering. The doctors said I could not be relieved unless I had an operation performed, but thanks to you and your medicine I got along without having the dreaded operation. I have taken ten bottles of your medicine and am once more well and happy. Lydia E. Pinkham's Vegetable Compound is a fine medicine and a God-send to suffering women. I trust my letter may be the means of bringing many of my suffering sisters to accept your kind aid."—Mrs. A. V. SCOTT, 21 Page St., Kingston, Pa. (Jan. 30, 1901.)

Remember Mrs. Pinkham's advice is free, and all sick women are foolish if they do not ask for it. No other person has such vast experience, and has helped so many women.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Economy, Comfort, Safety

are combined in the Quick Meal Blue Flame Wickless Oil Stoves. They are just the thing for summer cooking, and are always ready for use. The cost of operating the Quick Meal Improved Stove is less than any cooking device made.

You are invited to call and inspect the Quick Meal stoves, and learn the points of merit in which they excel.
