CLEANLY WOMEN.

Erroneously Thinks by Scouring Her Scalp that She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp which removes the dandruff scales she is curing dandruff. She may wash her scalp every day and yet have dandruff her life long. The only way in the world to cure dandruff is to kill the dandruff germs and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide, killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide.

Among those who went from Pendleton to the pioneers' picnic at Weston today were: Mr. and Mrs. Lee Moorhouse, R. Alexander, Mr. and Mrs. J. T. Hinkle, G. A. Hartman, Sr., C. W. Wheeler, Dr. C. J. Smith, Sheriff W. M. Blakley, T. D. Taylor and George Buzan.

He spent several days here visiting Mr. and Mrs. D. B. Bailey, Mrs. Bailey being his niece, and was highly pleased with Pendleton and the great farming and stock country tributary.

Charles A. Marsh, of Wyoming, is in town looking for a location for a furnishing goods establishment. Mr. Marsh says he has been in several towns in this part of the country, but none of them "looks as good" to him as Pendleton, and if he can possibly get a hold here he wants to locate.

Lawrence G. Frazier and bride will arrive home Sunday from Pleasanton, Kan.

Saved a Train Wreck.

A horrible catastrophe was narrowly averted on the Heppner branch railroad last Saturday night, says the Heppner Times, while the excursion train was going from Heppner to Lone. S. J. Hughes and Frank Ward, two young men of the lone section, were going down the road horseback a short time before the train left Heppner, and just above Lexington they discovered a band of sheep asleep on the railroad track. The boys knew what this would mean to the train, which was crowded with passengers, and waking up the herders the sheep were hastily driven off the track. The sheep were on their way to the mountains, and the owners, not knowing that a train would run that night, allowed the sheep to occupy this dangerous roost. The train made very fast time going down the grade, and had the boys not driven the sheep from the track a horrible accident would surely have resulted.

After South African Business.

London, May 31.—By order of the Colonial office a commission of engineers, experts in textiles, etc., sailed for South Africa today to investigate and report immediately on the requirements of that country under the new conditions, and the prospects for the extension of British trade. The prompt action of the Colonial office is believed to be the result of information recently received of the activity of American firms, chiefly engineering, electrical and mining concerns who are preparing to dispatch heavy shipments to South Africa as soon as the cessation of hostilities is assured.

A Cross Old Codger.

Martens admitted that he had triced a man up after having him confined in the brig for 11 days, double ironed and on a diet of bread and water.

AUTOMOBILE RUNAWAY.

Machine Crashed Into a Crowd With Fatal Results.

Newdorp, Staten Island, May 31.—During the automobile speed tests on the South Shore boulevard this afternoon, a racing machine of the Baker Motor Vehicle Company, gave way, crashed into the crowd behind the ropes, and killed Arthur Featherstone and injured a dozen others.

Later the district attorney of Richmond ordered the races stopped. Baker and Denzer have been arrested on a charge of homicide, and were locked up at Stapleton. It is alleged now that it was not a broken tire but the loss of control by Baker, which caused the accident.

BLACK SEA STORM SWEPT.

Thirty Vessels and One Hundred and Fifty Lives Lost.

Constantinople, May 31.—A terrific storm swept over the Black Sea Friday. Thirty vessels were wrecked and 150 lives lost.

The drama entitled "The Courtship of Miles Standish," was presented to a fair sized audience by the Pendleton school Friday night in the assembly hall. The entertainment was quite good although some were disappointed, as they expected the school children to put on a drama equal to the best traveling troupe which is playing to large houses and drawing large salaries. To take it all in all, the entertainment showed talent and training on the part of the participants.

R. N. Stanfield, one of the Butter Creek stockmen, is at Hotel St. George.

Holds up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous, tension, loss of sleep and constant seeping I had utterly collapsed. It seemed that all the organs of my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Tallman & Co.
