

WALLA WALLA NEWS

WHITMAN COLLEGE DOWNED THE BERKLEY BALL TEAM.

Surprising Result of What Was Looked Upon as a Walk-Over Game for the Berkley Lads — General News of the Town.

Walla Walla, Wash., June 6.—Contrary to the general expectation of the people of this city the ball game between the Berkley Californians and Whitman College nine at the Second street grounds yesterday afternoon was a complete surprise. A small crowd of perhaps 500 people gathered to witness what was supposed to be a complete snowing under of the Whitman boys, but at the close of the game when the score showed 6 to 3 in favor of Whitman, the little crowd went wild with enthusiasm and college sympathizers yelled themselves hoarse in an endeavor to alleviate their pent-up feelings.

The order of the day previous, when the Sharpshooters were defeated by the Berkleyites, was reversed, much to the chagrin of the California lads, who had confidently expected a walk-over on this game as the home team had easily beaten Whitman in their last effort, only a short time ago.

The visitors were unable to find Marquis, the left-hand twirler, who was the principal strength of the Whitman boys. His record for the day was 10 men struck out. In fact, Marquis came nearly being the whole thing, although several fancy plays were made in the field.

By changing the line-up of the previous day the visitors weakened their team perceptibly.

Following is the line-up of the two nines:

Whitman—Dutcher, 3b; Ringer, rf; H. Brown, c; Hauerbach, 2b; Johnston, ss; Perringer, cf; Dement, 1b; W. Brown, lf; Marquis, p.

Californians—Hamlin, cf; Kennedy, p; Adams, ss; Hendrick, 1b; McEown, rf; Overall, 2b; Williams, c; Gardner, 3b; Heilmuller, lf.

Two boys who recently came to this city from Spokane, were arrested Tuesday on a charge of petit larceny preferred by T. O. Petit, who complained that the boys had stolen \$5 from him in making change at a boot-black stand conducted by the lads. The boys gave their names as John Poynce and E. Jensen. They came to Walla Walla in search of employment. The evidence of the complaining witness was considered insufficient to hold them and the boys were acquitted of the charge. Petit was intoxicated at the time.

**Rheumatism**

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acrid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains.

**SSS**  
S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment.
