RESERVATION LANDS

MOODY'S UMATILLA RESERVE BILL REPORTED BACK.

Settlers Upon Unsold Portions of the Reservation Will Now Have an Opportunity to Purchase the Lands Upon Which They Have Located.

A special from Washington states that Representative Moody, of the Oregon second district, has been directed by the committee on Indian affairs, to report his bill providing for the sale of the remaining unsold portion of the Umatilla reservation, as amended. This bill originally provided for the sale of these lands to the highest bidder, but has been amended to give settlers now on the land preference right of purchase for 90 days from the date of passage of the bill. This announcement is one of considerable importance to the people of this section, as there are a large number of settlers on the lands affected by the bill, and many fine farms have been developed there during the past few years. The land in question consists of a strip on the southern end of the reservation near the head of McKay creek, and containing about 25,000 acres. It was offered for sale at the same time as the balance of the reservation, in 1893, but at that time was not thought worth the government price of \$1.25 per acre.

Since then, however, from 75 to 100 families have gone in and squatted on the land and under cultivation it has proven of much greater value than was at first believed, some of the best land on the reservation being found there.

The effect of the bill as at first introduced, was to allow the first purchaser who appeared to take his pick of the reservation lands, but under the amendment those who have lived on the land and made it valuable, will have the first opportunity to secure the lands upon which they have expended their energies.

Under the bill as at present arranged, the lands will be offered for sale in tracts of from 40 to 640 acres at a price of not less than \$1.25 per acre, and it is probable that it will all be purchased within a short time after being placed on sale.

NEWS OF MILTON.

Strawberry Crop Not Only Later than Usual but Will be Shorter.

Milton, June 6.—The strawberry growers around Milton are somewhat disappointed with the output of berries this season. The cold, late spring has not only made the crop later than usual this year, but it has also diminished the yield. However, the crop is by no means a failure the shipments are growing larger every day.

The wheat crop in the vicinity of Milton and Freewater promises to be larger this season than for several years past, it is also further advanced than in other sections in the east part of the county.

The annual camp meeting of the Christian church began yesterday in Nichols' grove. Not a great many people are camping on the ground as yet, but they are coming all the while and a large attendance is expected. Rev. J. T. Eshelman, of Tacoma, is the principal speaker; Prof. C. E. Sanderson, dean of the Divinity school at Eugene, will conduct a series of Bible studies.

Real estate is still moving in Milton. This week L. G. Barron sold 70 acres of wheat land, adjoining the town to George Couter, consideration \$3000.

Fren Lorenzen has put his pumping plant in operation and is raising water to his bench land just east of town.

F. M. Kent is improving his residence by building a stone cellar.

At bedtime I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says that it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herbs, and is prepared as easily as tea. It is called Lane's Medicine. Lane's Family Medicine moves the bowels each day. Price 25c and 50c. For sale by Tallman & Co., sole agents.

WESTON NEWS.

Government Surveyor Visits Weston; William Deardorff Loses the End of a Finger.

Weston, June 6.—D. W. Kinnard, United States examiner of surveys with a crew of five men, registered at the Marshall House this morning. Surveyor Kinnard and party will go to the head of the Umatilla river and examine a survey made last summer, running from that point east and south through Walla and Union counties. The party expects to be gone about two months.

William Deardorff, while backing a wagon into his barn yesterday, mashed the third finger of his right hand so that he will wear it an inch short in the future.

Charles Pierce, a one-time Weston boy, returned recently from Califor-

nia, and is spending a few days visiting friends in Weston.

Rev. Walter S. Payne, pastor of the United Brethren church left yesterday for Spokane, where he will visit his mother for a few days, and then attend the United Brethren conference, the first session of which begins next Thursday.

Commencement exercises of the normal school will begin with the baccalaureate sermon by Dr. J. A. Beattie, at 11 o'clock a. m., Sunday.

A. O. U. W. PICNIC.

Eastern Washington Members of the Order Meet at Waitsburg.

Waitsburg, Wash., June 7.—The Ancient Order of United Workmen of Eastern Washington, with hundreds of friends from Walla Walla and Columbia counties, are today enjoying the annual picnic in a grove near this city. The morning trains brought hundreds of excursionists to participate in the festivities, and from all sections have come farmers and their families until the town is crowded as seldom occurs.

The local lodge and the citizens of the city have made ample arrangements for the entertainment of the people and a splendid program has been prepared. Supreme Foreman Webb McNall, of Kansas; Dr. H. W. Allen, of Spokane, and Rev. M. H. Marvin, of Walla Walla, are orators. A program of sports has been prepared for the afternoon and evening, including a performance by the Coeur d'Alene Theater Company, of Spokane, which arrived in the city yesterday to give a special vaudeville show.

Honor for a Boy.

Ellis Hudson, a pupil of the seventh grade of the Baker school, 11 years of age and a native of Japan, has the honor of being one whose essay was selected by the eighth grade examining board of Walla Walla county for the Cushman prize of \$100 for the best article on the state of Washington. The essay must next pass through the hands of the state board of education along with the best productions from the other counties of the state and on the writer of the most creditable paper of these the prize will be bestowed. Ellis Hudson's work is styled by the examiners as "an extraordinary production for a child of any age."

W. A. Eberly Shot.

W. A. Eberly, brother of Dr. J. C. Eberly, of Walla Walla, and for many years a resident of that city, while hunting in Alaska, was accidentally shot and seriously injured, although hopes are entertained for his recovery. The shooting occurred above Nome about the 8th of last month, a rifle bullet passing through both of the unfortunate man's legs between the knees and hips without touching the bone. Mr. Eberly is widely known in the Northwest as a sportsman. He was very fond of hunting. The particulars of the shooting are very meagre.

MISS IDA M. SNYDER,
Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElree's Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Theodor's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

DIAMOND "C" SOAP

Diamond "C" is a Repeater

A "repeater" is something for which people ask again and again. They ask for it because it is good; because it is cheaper than other things of the same sort, or because it does better work and costs no more than they do.

Diamond "C" Soap

is a "repeater." It goes further and does better work than any other laundry soap.

SAVE DIAMOND "C" WRAPPERS—We redeem them for all sorts of useful and attractive articles. Illustrated book showing over 300 premiums given for wrappers, sent on request. A postal will bring it.
