H. S. Scales, who has been at Cambridge, Idaho, some time with an outfit of sheep shearing machines, has written friends in this city to say that the plant is a great success. With 30 machines he is shearing some 2000 sheep daily and has so far clipped over 45,000 of the little animals. He has about 12,000 more to shear. Next year he expects to clip at least 150,000.

H. C. Guernsey will leave over the O. R. & N. this evening, for Rochester, N. Y., in response to word that his mother is seriously ill and not expected to live. From there he will cross the "pond" and visit many places of note in foreign countries. He will be absent about two months. George Hartman, jr., takes Mr. Guernsey's place as teller in the First National Bank.

Off for Coronation.

Montreal, Que., June 7.—The Allan line steamship Parisian, chartered to take Canada's coronation contingent to England, sailed from Montreal today. The contingent comprises over 600 officers and men representing all arms of the Canadian militia, including the Northwest Mounted Police. Besides the soldiers the passengers include the governor-general, Premier Peters, of Prince Edward Island, Premier Murray, of Nova Scotia, Premier Tweedie, of New Brunswick, and Lady Ruby Elliott, daughter of Lord Minto. Many of the passengers left from this city, while others are to be taken aboard at Quebec.

American Represented.

Rome, June 7.—World-wide interest centers in the cycle races scheduled to begin here tomorrow to determine the world's championships. Not since the introduction of the sport has a meet aroused such general enthusiasm. America will be represented in the races by Iver Lawson who is slated to go against the fastest riders of Germany, Austria, Belgium, Italy, England and France.

California Democrats to Meet.

San Francisco, June 7.—The democratic state central committee today adopted a resolution calling the state convention at Sacramento on September 1.

SENATOR MITCHELL TALKED

(Concluded.)

A huge mistake would be made by the United States if we should pay \$40,000,000 for the rights of the French canal. Concluding, he said:

"There is danger in delay and great commercial loss in delay. While this question is held in abeyance, the commerce of the world is subjected to an enormous and useless waste of money which would be sufficient to build the canal each year."

Cook County Democrats.

Chicago, June 7.—Politics bubbled up and over at today's annual picnic and love feast of the famous Cook county democracy. Enthusiastic speeches were made, the speakers including Mayor Harrison, of Chicago, Mayor Rose of Milwaukee and other prominent party leaders, but there was nothing about the addresses or about the gathering in general that might be construed as the launching of a presidential boom. Issues were discussed and democratic success predicted for 1904, but there seemed to be some difference about making any pronouncement in favor of candidates.

Georgia State Shoot.

Macon, Ga., June 7.—The camp of instruction for Georgia state troops opened here today and will continue until the end of the week. The program provides for rifle competitions among teams of five men representing every company of the state. Though the shoot attracts most attention, other branches of military instruction are not to be overlooked, so there will be guard duty and drill as well as rifle practice.

ARROW HAD PIERCED SKULL.

A Ghastly Relic Found Near White Pine Bluffs, on the Columbia.

Conrad Weber is working at the drilling of artesian wells near White Pine Bluffs on the Columbia, went to North Yakima carrying with him a ghastly relic of an Indian's unerring aim with a bow and arrow. It is a human skull picked up from among the sand hills near that place, and near where it was found lay the rest of the skeleton. Through the forehead of the skull was imbedded a small flint arrow point protruding half and half on each side. The point punctured the skull about one inch above the inner part of the left eye orbit and is so firmly set that a breaking of the bone would be necessary to release it. The bone around the point is not fractured and shows indications of contraction or "knitting." The skull has the appearance of being that of a white man. The forehead is higher than that of an Indian, but it is narrow. The skull may be that of one of the victims of the raid headed by Chief Moses through Central Washington in 1878, when the Perkins family was murdered in this county and three Indians were hung and two shot to death for the offense. The skull is on exhibition in the drug store of Dr. Taft of North Yakima.

Building Trades Are Willing to Arbitrate, But Mill Men Say, No.

Portland, June 7.—The Federated Trades have decided to take action retaliating against the mill owners for refusing material, and has ordered all union men in Portland to hold themselves in readiness for a general call for a mass meeting. The Building Trades advocate arbitration by business men, but the mill men refuse.

The plumbers' strike was settled today by the union men agreeing to work for only members of the Master Plumbers' Association.

Mississippi Prospering.

Jackson, Miss., June 7.—An evidence in the commercial growth of the state of Mississippi is shown in a statement just issued by Secretary of State Power, in which it is shown that during the years 1900 and 1901 the aggregate capital stock of charters granted was \$26,430,500, as compared with \$25,644,000 for the four years previous. From this it will be seen that the record for the past two years was about \$1,000,000 more than for the four years prior to 1900.

Meet Next in Indiana.

Portland, June 7.—The national convention of the Travelers' Protective Association yesterday selected Indianapolis as the next place of meeting and elected Howard W. Peck of Texas, as president.
