A BANKING COMBINATION

AN EFFORT TO FORM
A BANKING MONOPOLY.

Banks in all Parts of the Country
Solicited to Join; A Big Bank in
Each of the Big Centers and a
Smaller Bank at Smaller Centers.

A circular letter, dated New York,
June 9, has been issued on the letter
heads of the North American Trust
company, signed by S. C. Scudder,
New York, giving the details of the
plan for combining the national
banks in all state capitals and finan-
cial centers under one ownership,
one bank in each center. At the top
of the circular is marked "confiden-
tial," and was sent to each banker
with whom the company was nego-
tiating is the following:

"American Bankers' Corporation,
capital \$5,000,000, surplus \$45,000,000
chartered under the laws of New Jer-
sey, general corporation act. Fifty
thousand shares, par value \$100, at
\$1000 per share."

"Recently the banking act has been
amended to permit of expansion by
the establishment of small banks
all over the country, so that, barring
the question of taxation, there would
seem to be at first thought little to
prevent the organization of an im-
mense national bank with this very
purpose in view, providing it were
established with large enough sur-
plus to acquire a sufficient number
of banks throughout the country.

However, aside from the question
of taxation there are other objec-
tions to the ownership of such banks
under the national banking law. A
safer and more profitable plan would
be the formation of a corporation
which could purchase and control a
number of national banks, also state
banks and trust companies where-
ever it would seem profitable to do
so.

"To this end such an institution
has been chartered under the gen-
eral corporation acts of New Jersey.
The only taxes payable will be the an-
nual one-tenth of one per cent on the
capital of \$5,000,000.

"The main office, (nominally Jer-
sey City) will be the only meeting
place of the stockholders once a
year. No deposit will be accepted by

the parent organization which will
confine its operations to the invest-
ment of capital and surplus.

"Its first purchase will be the
large New York City national bank.
In fact New York City will be the
practical headquarters and from this
the regulation and the transfer of the
surplus balances belonging to the
corporation banks throughout the
country will be carried on. The offi-
cers of the New York city bank will
also be the executives of this corpor-
ation.

CANCEROUS ULCERS

Are in many respects like other ulcers or
sores, and this resemblance often proves fatal.
Valuable time is lost in fruitless efforts to heal
the sore with washes and salves, because the germs of Cancer that are multi-
plying in the blood and the new Cancer cells which are constantly develop-
ing keep up the irritation and discharge, and at last sharp shooting pains
announce the approach of the eating and sloughing stage, and a hideous,
sickening cancerous sore begins its
destructive work.

No ulcer or sore can exist with-
out some predisposing internal cause
that has poisoned the blood, and the
open discharging ulcer, or the festering
sore on the lip, cheek or other
part of the body will continue to
spread and eat deeper into the flesh unless the blood is purified and the
Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great
antidotal and purifying properties that soon destroy the germs and poisons
and restore the blood to its natural condition. And when pure blood is
carried to the ulcer or sore the healing process
begins, the discharge ceases and the place heals
over and new skin forms. S. S. S. is a strictly veget-
able blood purifier containing no mercury or
minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medi-
cal advice will cost you nothing. Books on Cancer and other diseases of
the blood will be sent free. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

In February, 1899, I noticed a small
lump on my lower lip. The doctor cau-
terized it but another came and broke
out into an open sore. I began to take
S. S. S. and after I had taken seven bot-
tles the place healed entirely and no
signs of the disease have been seen
since. W. P. Brown, Hollands, S. C.
