#### CONSTRUCTION TO COMMENCE

RIPARIA-LEWISTON ROAD WILL BUILD AT ONCE

Orders Have Been Given to Start As Soon as Men and Materials Can Be Gotten Together.

the construction with the Riparia-Lewiston Railroad as fast as men and materials can be assembled for the work; according to the Portland Oregonian of Thursday.

In anticipation of this order he has had surveyors on the line several thing in readiness for resuming construction work. The bridge location across the Clearwater River at Lewiston, has been surveyed. It is roughly estimated that the cost of the structure will be about \$250,000 Of course the cost of the 78 miles of railroad will greatly exceed that for the structure will greatly exceed that for all forms.

WEST & TRUAX, Wholesale Druggists,

#### Result of Harmony.

This road, proceeding from harmonization of the differences between the O. R. & N and the Northern Pacific as to the Clearwater Druggists country, it would be expected that the best line would be adopted for it, regardless of the company that first projected it. And this is said to be actually the case. The Northern Pacific surveyed a line up the south side of the Snake, when it possession of the Clearwater Valley, and the claim was then made that the south bank of the stream offered the better location for the railroad. 17 feet to the mile, and a few curves five children.

#### Bids are Called For.

road have been called for to be pre-sented at the office of Chief Engin-the afrm on which she died. eer Kennedy by June 15, after which time there will be no delay about letting the contract and getting the work under way. All these preliminary operations are being conducted by the O. R. & N., but there will be separate incorporation for the Riparia-Lewiston line, as there is for the road between Wallulu and Grange City on the lower Snake. This road was built and is owned by the Snake River Valley Railroad Company, of which W. W. Cotton, secretary and general attorney of the O. R. & N. Co., is president, Construction of the Riparia-Lewiston line will not wait for the new corporation, however. It is expected that dirt will be turned on the new work before the end of the month.

#### Boats Will Still Run.

Construction with this road will not do away with steamboating on the Snake rive. No matter which bank the road will be built on, there would still be the products of the opposite side to get out to market, and the steamers must be used for the purpose. About half the local traffic of the Snake river line above Riparia will need to be freighted across the river in boats, and there will be plenty of business for the steamers after the trains will be running.

Astoria a Terminal. From a gentleman who has been

in touch with Portland people for some time, comes a story to the ef-ect that high railroad authority vouches for the statement that Chairman Harriman has actually purchased the Astoria railroad and will soon incorporate it into the Union Pacific system and make Astoria a terminal shipping point. The Portland People are said to be delighted with the prospective change in the seaport situation and expect Portland to have a great boom in consequence. Harriman will then put Portland on an equal basis with San Francisco.

#### EVERETT VS. INDIANS.

Lively Game of Ball Being Played This Afternoon.

The big Everett team, amateur champions of the Northwest, arrived in the city last night and are pitted against the Indians at the local dismond this afternoon. The game is

one of the stiffest which the locals have yet had to go up against and they will have to run like clock work to pull out winners.

They are determined to do or die. however, and those in attendance today and tomorrow will see two of the best games ever played in the city.

The Everett team played at Athena vesterday and were taken into the President Mohler, of the O. R. & N. Yellow Kid's camp by a score of 4 to Company, on Wednesday, received 2 in favor of the Kids. Just how this word from New York to proceed with came about is not explained, but it was probably owing to the visitors' being tired out after their ride down from Walla Walla and the heavy playing which they have been doing on their trip.

## MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I de-cided to try Wine of Cardui and in a short time was much

Miss Fay Lec. improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that

is now saved me. I am in fine health, physically and mentally. I can only say thank you, but there is much more in

my heart for you." R EARING-DOWN pains are the worst that women know. If byou are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 60334 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardni. The Wine made her a strong, healthy woman

again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chatta-nooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

## WINE of CAR DVI
