EXCURSION TO GRAIN FIELDS

RAILROAD GIVES FREE RIDE
BUSINESS MEN AND FARMERS

Joseph McCabe, Manager of Washington & Columbia, in Charge—Invest on Eureka Flat Will Be From Two to Three Weeks Late.

Walla Walla, June 16.—About 45 business men and farmers attended the excursion given yesterday by the Washington & Columbia River Railway Company to the grain fields of Eureka flat. A special train left this city about 8:30 in the morning and returned in the evening, the excursionists having a pleasant day. While most of the crowd went from this city there were several from Dayton, Waukegan and Dixie, and points along the line of the road. After the train left this city a number of farmers were taken aboard to accompany the party to the end of the line a few miles from Snake river. Pleasant View being the end of the road.

The excursion was in charge of Joseph McCabe, manager of the company, and it was in every way a success. This is the third annual event of the sort, and was by far the most freely patronized and the most suc-

cessful. No charge was made either for tickets or refreshments, and every opportunity was given to inspect the great wheat fields which for nearly 30 miles spread out on either side of the track.

While the season is somewhat late, the crop prospects are exceptionally fine, and everywhere farmers feel encouraged at the prospects for an abundant yield. Grain is beginning to head out and is waist high in most places. Harvest will be two or three weeks late, but at this time it gives promise of being up to the usual standard of perfection and yield.

LOST HIS SONS-IN-LAW.

Both of Them Killed While in the
Employ of the State.

Dayton, Wash., June 16.—By a peculiar coincidence, A. H. Boothe, of this city, has been robbed of two sons-in-law, the men being killed while guarding criminals. S. R. T. Jones, the guard at the Oregon penitentiary, who was killed a week ago at the time Tracy and Merrill escaped, was a son-in-law of Mr. and Mrs. Boothe, and had lived in Oregon a few years. Mr. Jones was nearly 50 years of age and was shot dead while standing on guard duty on the wall at the penitentiary. K. J. Hubbard, another son-in-law of Mr. Boothe, was killed in Douglas county, Wash., in 1896, while conveying a prisoner to Spokane. A son of the prisoner appeared and shot Hubbard to death. Upon advice from Missouri, Hubbard had arrested the man and he was being taken to Spokane, where he was to be met by an officer to take him back for trial.

Court at Walla Walla.

Walla Walla, June 16.—This morning a jury appeared in the superior court for the regular June session, and the trial of criminal causes. Fifteen men were in the panel. Two criminal cases will likely be tried this week. A. W. Strickland is charged with attempted assault upon a little girl, and T. F. Sullivan must answer to a charge of "planting opium" within the walls of the state penitentiary. Strickland comes from Waukegan, in this county, and Sullivan was arrested at Baker City, Or., having left here after knowing the charge was to be lodged against him.

A BAD RUNAWAY.

Four Horses Ran From Byers' Mill
to Main Street.

A four-horse team belonging to George Ness, a farmer living near Pendleton, led a lively chase with a water tank in the streets of Pendleton Saturday evening. The team started at Byers' mill and ran down Mill street to Webb, where they turned west. They came down Webb at a lively clip until they reached Main street.

There they turned and were in the act of running full tilt into the W. & C. R. ticket office but swerved just in time to miss the door. One of the lead horses struck the iron railing in front of the stairway leading to the basement and cut a frightful gash under the left leg, while the wagon hung up on a telephone post

in front of the ticket office door. The injured horse was taken to Froome's livery stables, where Dr. Christie sewed up the wound. Little other damage was done to the team or wagon. No one was on the wagon when the team started and this should be a warning to people who are so careless as to leave their teams standing in the streets without being tied. The practice endangers life, beside entailing loss of property.

Don't Use Too Many Words.

Multiplication of words increases the expense and decreases the effectiveness of advertising. Say what you have to say in as few words as it can be said—then stop. By so doing you can set what you want to say in larger type, so that it will command the attention of more readers than would a wordy discourse set in small type.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little groin, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

blister or sore, then swelling in the Ten years ago I contracted a bad case of Blood Poison. I was under treatment of a physician until I found that he could do me no good. Then began taking S. S. S. I commenced to improve at once and in a very short time all evidence of the disease disappeared. I took six bottles and today am sound and well.

R. M. Wall, Morristown, Tenn.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system.

SSS

Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.
