GENERAL NEWS.

Five American soldiers are reported to have been killed by bolo men who had captured them, near Teresa in Morong province, Luzon.

Arthur Underwood, of Boston, a prominent member of the Castle Square Opera Company, playing an engagement at Cleveland, O., was struck and killed Sunday night by a street car at the corner of Euclid and Wilson avenues.

The Indian war veterans' bill has now passed both houses of congress and goes to the president for approval. Representative Tongue has been laboring in its behalf for years, and is very happy over its final passage. It provides a pension for Oregonians who fought in the Indian wars.

Strong earthquake shocks, accompanied by a sound of underground rumblings were experienced at Syracuse, Sicily, Sunday night. The inhabitants of Syracuse became panic-stricken. The disturbances did not do any damage. For several days the sky over Sicily had been overcast and the heat very oppressive. Shocks of earthquake are reported from other parts of the island of Sicily.

A lone bandit held up a saloon at Red Bluff, Cal., Sunday morning. While the bartender was serving four men playing poker, with drinks, a man entered the saloon. He had a can under his arm and it was presumed he came for beer. As he neared the table he whipped out a long revolver and commanded all present to raise their hands. He then raked over \$200 in coin that was on the table into his can and backed from the rear door.

PACIFIC NORTHWEST NEWS.

Joel Ware, one of the best known pioneers of Lane county, died at Eugene early Sunday morning. He came to Oregon in 1857.

L. L. Shaw, who had been ill at Salem for the past few months, with spinal meningitis, died there Sunday evening, aged 25 years.

William Birgfeld, Jr., the third son of Mr. and Mrs. William Birgfeld died at the family residence in The Dalles Sunday evening from rheumatism of the heart. He had been ill about three days.

Chehalis, the famous Oregon pacer who made a mark of 2:04 1/2, has been sold by Jack O'Neil of Boston, to J. Ishman, of Morrisville, Vt., and it is predicted that the great horse will be returned to Oregon, where Frank Frazier will again hold the reins over him.

Two droves of cattle left Roseburg last week for Klamath county, one including 320 head, owned by E. E. Sherwood being taken over the East Umpqua trail, and the other, of 750 head, owned by E. R. Hanan, going over the south Umpqua or Crater Lake route. They were sent over for summer range.

George Beidleman, formerly deputy county recorder of Union county has disappeared and a warrant is to be sworn out charging him with adultery and defaulting with money.

Mrs. Catherine Stewart, an old resident of Portland, died at her home there Monday morning. Asthma was the cause of her demise.

NO GREASE OR DANGEROUS DRUGS.

In "Herpicide" The New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasite disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching and cured the dandruff and stopped my hair's falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits.

ONE WEEK'S WEATHER.

Sunday was the Hottest and Wednesday the Coolest.

Voluntary Weather Observer William Hilton gives the following weather conditions for the seven days preceding Sunday, the 15th: Maximum temperature—Sunday, 94; Monday, 85; Tuesday, 82; Wednesday, 82; Thursday, 79; Friday, 76; Saturday, 78; average, 82.2.

Minimum—Sunday, 50; Monday, 53; Tuesday, 54; Wednesday, 42; Thursday, 45; Friday, 50; Saturday, 48; average, 48.8.

Although Friday was cloudy and Thursday was partly so, with threats of rain, no water fell during the week. Sunday, Monday, Tuesday, Wednesday and Saturday were clear.

The wind blew from the south Sunday and Monday and from the west Tuesday and Thursday, from the north Wednesday and Saturday, and from the east Friday.

WANTED, MORE RAIN

A FEW NICE SHOWERS WOULD BE ACCEPTABLE.

Farmers Say Crop Prospects Are First-Class, But a Little Rain Right Now Would Help Considerably.

The farmers around Pendleton could use a little more rain. Especially is this so in the dryer portions of the country north and west. While there is no pressing need for more rainfall yet the farmers of the county would not object to having a little more moisture.

"We never get too much water," said a prominent farmer Monday, "and so if it begins to rain tomorrow you will hear no objection from the farmers."

Most of the farmers spoken to about the grain conditions expressed themselves that no grain is particularly needed unless there is an unusual amount of wind to dry out the ground wheat will mature without another drop of water falling but at the same time a little shower or two would not hurt anything.

H. C. Branstetter, a farmer of Stage Gulch, who was in town Saturday, says that he does not think there will be any need for rain in his section although it would hurt nothing to have a shower. He says that the ground is plenty moist to mature the grain as he has examined the roots and the earth is damp almost to the surface. Farmers from other sections say the same thing.

Hot winds are, of course, being spoken of with awe by many. They are the chief bugbear which haunts the farmers' slumbers at night and if they come the granger will bid farewell to profits on his grain. It has been several years since these winds did material damage in this section, but it is admitted that they may come, and if so serious times will follow.

Haying is On.

For the past two weeks haying has been in full blast. Of course, most cut so far has been alfalfa, although a little grain hay has been cut in the west end of the county. It will only be a few days until wheat and barley haying will be in full blast all over.

Harvest Will Be Late.

Harvest will not commence this year as early as usual unless the weather stays hot and dry. The spring was backward, at least two weeks later than a year ago, although with the present weather harvest will not be more than a week or 10 days late. Some heading will commence in the earlier part of the county about the 10th of the month, but it will not become general until after the middle or near the last.

Harvesting Hands Plentiful.

There will be no shortage of men to handle the machinery for harvesting the grain in Oregon unless something happens to take them out of the country before that time. In the Walla Walla valley the farmers are somewhat alarmed again over the possibility of having to import men and having to pay harvest hands more than the usual wages in order to get them. It is different here. The farmers say plenty of men can be found to harvest the crops. Last year men were a little scarce, but no trouble is anticipated this season owing to the immigration of the past winter and spring.

Happy Time in Old Town.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at Tallman & Co.'s.

Hit a Chinaman.

Jim Sharp, the barber, created a panic in Chinatown Sunday night by going into the Chinese noodle joint on Alta street, and raising a racket with one of the occupants. The Chinaman got the worst of the scrap as his face was badly bruised by coming in contact with Sharp's clenched fist but the latter was out \$10 for his fun, as that was the price Judge McCourt set on it at police court Monday morning.
