#### ST. ANTHONY'S HOSPITAL

CORNER STONE LAID BY ARCHBISHOP CHRISTIE.

The Prelate Also Delivered an Able Address—The Doors of the Hospital Will Be Open to All, Regardless of Aith.

For more than one hour 200 men, women and children stood in the broiling sun, at the site of the new St. Anthony hospital, being erected by the Sisters of St. Francis, near the present hospital and Catholic school, in the east end of town, yesterday afternoon, and witnessed the laying of the corner stone. The laying of the stone was to have been at 4 o'clock, but it was 10 minutes after when Archbishop Christie, of Portland, accompanied by Rev. Father Regaran, recently from Alaska, and Father A. Vander Velden, pastor of the local church, and Father DeThorn, assistant pastor, arrived on the scene of the dedication. They read the regular ritualistic work and several songs were sung by the sisters. After the ceremonies of placing the stone and blessing it, the fathers then walked around the foundation, attended by the five altar boys, and the archbishop sprinkled holy water around the building.

When this was finished the archbishop stepped into the stand prepared for the occasion and gave one of the finest addresses ever heard in Pendleton. He first told of the new hospital that was being erected by the sisters and what was its object. He said that the hospital would be second to none in the world for modern equipment and accommodations for the ill and decrepid and when finished its doors would stand wide open to all suffering humanity, whether they were of the same faith of the sisters or not, and none would be barred because of different beliefs. He told of the sisters who had given up the pleasures of life in order to work with and care for suffering humanity and said that the people of Pendleton should appreciate the efforts to provide the town with such an institution as they were going to erect.

The corner stone is of a beautiful grey granite and came from near Elgin. On the side facing the street the letters, "St. Anthony's hospital, erected by the Sisters of St. Francis, A. D. 1902," in gold, stand out in bold relief against the grey background and can be read several rods away. In the top of this stone, which is two feet square, a vault was cut and in this vault was placed a copy of the East Oregonian, with the notice of the laying of the corner stone therein, and as is the custom, some records, many coins and different articles.

#### GONE TO HELP MERRILL.

A Brother of the Escaped Desperado Goes to Join the Escaped Convicts.

According to dispatches from Tacoma, Wash., Tracey and Merrill, the escaped convicts who have been traced through the western part of Washington with a posse behind them in order to furnish a daily story for the newspapers, will shortly receive reinforcements in the shape of Merrill's brother, Ben, who left an Anderson Island lumber camp a day or so ago to join them in their flight and help protect his brother from the fierce officers of the law who are hot on their trail.

Ben Merrill has been heretofore an honest law-abiding man, but he said blood was thicker than water and he could stand it no longer, but must do what he could to help his brother escape. He declared before starting to his brother's aid that he would die in the attempt to save him.

Charles H. Lyon, until Tuesday president of the First National Bank of Mount Vernon, Wash., is in jail at Spokane on a charge of misappropriating \$6000 of the bank's money. He admits his guilt. He speculated with the money.

My little girl's hair did not grow. It was harsh and dry, and would break off, and her scalp was full of dry dandruff that I could not comb out. A place around the back of her head was bald, and on the top of her head the hair was only two or three inches long. I used CUTICURA SOAP and some CUTICURA Ointment, and her hair has come in thick and so soft as silk. Mrs. A. DOWNEY, Alfred, O.

Warm shampoo with CUTICURA SOAP and light dressing with CUTICURA, purest of emollients, will clear the scalp and hair of crusts, scales, and dandruff, soothe irritated and itching surfaces.

#### PENDLETON ACADEMY FUND

INCREASED \$5,000 BY PRESBYTERIAN BOARD OF AID GIFT.

Contributions now Amount to About \$14,000. But \$25,000 is Necessary for the Construction of a Good, Substantial Brick Building.

The Presbyterian Board of Aid, through its secretary at Chicago, has informed the trustees of the Pendleton Academy that it will contribute \$5,000 to the building fund for a new brick school building for the Academy, for which money is being solicited.

At the present time the fund amounts to about \$3,000, subscribed by Pendleton people and those in the vicinity, and with \$4,000 more which can be obtained for the present location and buildings of the school, there will be available about \$9,999 from Pendleton sources, or \$14,000 in all, with the Board of Aid gift.

About \$25,000 is wanted in all, and there are hopes that from \$5,000 to \$6,000 can be secured in Oregon outside of Umatilla county, and about \$5000 more from Pendleton, Umatilla county and other contributions. With \$25,000 in sight or in hand a very creditable building can be erected.

The new site selected is on the north side of the river, just this side of the old city cemetery, a nice plot of ground having already been purchased for the purpose.

#### WOOL SALES AT HEPNER.

Most of the Growers are Holding Clips for the Sale on the 25th.

The wool sales seem to be a little slack, says the Heppner Gazette, this week. Most of the large sheepmen are holding for the sales to take place on the 25th of this month. The warehouses are filling up rapidly. The baler of the lower warehouse, is running constantly, something over a half million pounds being baled at the present time. Good prices will be realized for the wool this season, ranging from 10 cents to 14 cents per pound.

Several loads of wool have arrived from Grant county.

McKnight Bros. clip, consisting of 400 sacks was sold to Wm. Ellery, during the past week for 12 1/2 cents.
