

PRICE ATTRACTS.

QUALITY DECIDES.

A DOUBLE EVENT

Two important events are slated for this week's business—One that will benefit you and one that will benefit others. You will be very much interested in both movements, so please read on.

LAST YEAR'S SHIRT WAISTS

Shirt Waists that were 85c, \$1, \$1.50 and \$2, NOW 69c	Shirt Waists that were \$1.50, \$2 and \$3, NOW 98c
--	---

IT WILL PAY YOU TO SEE THEM.

Alexander Dept. Store

It's This Big

A bar of Diamond "C" laundry soap is 4 1/2 inches long; 2 1/2 inches wide and 1 1/4 inches high. It costs a little more or a little less than five cents a bar—depends upon market conditions and the cost of the tallow used in its manufacture. A bar of

Diamond "C" Soap

is enough for a week's washing for a family of five.

SAVE DIAMOND "C" WRAPPERS—We redeem them for all sorts of useful and attractive articles. Illustrated book showing over 200 premiums given for wrappers, sent on request. A postal will bring it.

Premium Dept., The Cadahy Packing Co., So. Omaha, Neb.

RAILROAD KING HARRIMAN AS A HORSE TRAINER.
E. H. Harriman, the man who fought J. P. Morgan for the control of Northern Pacific, is one of the most powerful railroad men in America. He is a scientist and trainer of trotters when not busy in Wall street.

MUCH BEER DRUNK

SPOKANEITES DRINK MORE THAN THEY EAT

More Money Paid for the Product of the Brewery than of the Butcher Shops—Nearly 40 Barrels Per Day.

There is \$3000 more per month spent on beer in Spokane than for meat says the Spokesman-Review. By meat is not meant beef alone, but there is taken into consideration beef, pork and mutton. A careful estimate places the monthly consumption of beer in Spokane at \$31,020, and the amount spent for meat at \$28,000. Of the beer \$17,895 is for bulk or keg beer and \$13,125 for bottled beer. Liquor dealers consider this a conservative estimate. Of the money spent on meat \$18,000 is for beef.

The large butchers of the city estimate that 300 steers are slaughtered each month to supply the Spokane trade. When dressed and cut up for the retail market the consumer pays about \$60 per head for the beef. A large amount of mutton is also consumed. It is estimated that Spokane meat eaters use 1000 head of sheep each month for the table. The retail butcher receives about \$5 per head for each sheep, making the amount spent for mutton about \$5000 a month. For pork there is a greater demand than for mutton. An average for the whole year would place the total number of hogs slaughtered at 500 head. For these 500 hogs the customer pays about \$5000. This brings the total amount of meat consumed up to \$28,000.

Nearly 40 Barrels a Day.

An average estimate for the production of beer in Spokane would be 1193 barrels a month. Excluding amount shipped out to country towns, the retailer realizes from these 1193 barrels at least \$15 per barrel. This brings the total amount consumed for Spokane beer up to \$17,895 per month. There are five breweries in Spokane and the output is estimated not from the capacity, but from the number of stamps sold by the internal revenue office. The wholesale price of beer is \$8 a barrel. The income of \$15 a barrel is low and offsets the amount of beer exported. Some saloons make as high as \$24 a barrel from beer, while others do not make more than \$12. The size of the glasses used and the class of customers determine the amount made from the beer. In many resorts beer is drunk from small glasses, more for sociability than anything else. On the other hand the saloons patronized by the laboring classes a good trade is acquired by the size of the glasses. In many places a schooner is the only vessel used.

Much Bottled Beer Bought Here.

But Spokane beer is not the only beer used in Spokane. Its five breweries do not begin to supply the demand. There is a steady and large trade throughout the year for the eastern bottled beers. This demand comes from families and other consumers. There are five different brands of beer shipped into Spokane which are largely used. It is a queer coincidence that about as much beer of one brand is consumed as of another. The "Beer that made Milwaukee famous" has no larger consumption than other well known brands.

A low estimate places the number of cars of eastern beer shipped into Spokane at 75 per year. This is almost entirely bottled beer, and a car load contains 100 barrels. In one barrel there are 70 bottles, making the total number of bottles of beer consumed in one year \$25,000. The beer will bring about the sum of 30 cents per bottle, making a total of

\$157,500 per year for bottled beer, or \$13,125 per month. This is only \$4770 less than the amount consumed for the bulk beer. A conservative estimate shows that there is paid in Spokane for beer an average of \$31,020 per month. For meat there is spent \$28,000 per month, or \$3,020 less than for beer.

NO GREASE OR DANGEROUS DRUGS.

In "Herpicide" The New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasite disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching and cured the dandruff and stopped my hair's falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits.

ATHENA TO ACCEPT CHALLENGE

If It Comes From Cohen, and Not Ziegler, Games Will Be Played.

If Manager Cohen, of the Pendleton baseball team, issues the same challenge that Captain Ziegler has taken upon himself to send forth, there will likely be a battle of Pendleton and Athena baseball teams, before July 4, thinks and says the Walla Walla Union. The series will turn, if it turns at all, on two best out of three games, and its being played in Walla Walla would mean a great deal to Walla Walla in many ways. All of Athena and Pendleton would be here for the contests and as they would of necessity be played on the Second street grounds, the local baseball club would realize something from the series as well as the visiting teams. One thousand dollars would be the purse, and it is confidently believed that the gate receipts would more than double that figure for three games. Manager Osborn, of Athena, is a conservative man and will not recognize a challenge issued by a mere team captain, realizing that if he did so there might be interference from the real head of the Pendleton team. No manager can go about making dates for games with field captains and it is for this reason, it is claimed in Walla Walla, that Mr. Osborn has let the Pendleton open letter go without answer. It is positively known here that Athena stands ready to put up the \$500 at a moment's notice. All Walla Walla hopes the games will be arranged for and all Walla Walla will turn out to see them if they are.

Saved From an Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa., "I was so low after six months of severe sickness caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1. Trial bottles free at Tallman & Co.'s.

Maccabees Social.

All Maccabees and ladies are urged to be present at Strawberry social, Tuesday evening, June 24th, 1902, at Secret Society Hall.

J. S. Kees, Record Keeper.

Free picnic every Sunday at Kine's grove. Dancing begins at 2 o'clock. Music by Kirkman's orchestra.
