GENERAL NEWS.

Two-thirds of the positions under the civil government of the Philippines are filled by Filipinos.

A violent shock of earthquake is reported from Cassano al Jonio, in the department of Calabria, Italy. No damage was done.

Forty-nine persons were injured Saturday night, several seriously, as a result of a collision of trains on the electric line between Beynsio and Porto Ceresio, Italy.

The cruiser Brooklyn, which has been selected to transfer the body of Ambassador Paunceforte to England, is now coaling at the navy yard and will sail about Thursday with the body.

Lord Milner, who was British high commissioner in South Africa, took the oath of the government of the Transvaal Sunday in the presence of a large assembly of people. He was heartily cheered by those present and a salute in his honor was fired from the fort.

Dynamiters early Sunday, made what was thought to be an attempt to wreck a circus train bound for Duluth on the Northern Pacific railroad, at a point between Maple and Poplar, Minn. In several places between these two points the track was blown up by dynamite. No trace of the perpetrators has been found.

According to recent advices from Manila, ninety American soldiers have died of cholera since the disease first broke out. Owing to the increase of cholera the health authorities in the provinces are enforcing stringent regulations. The total number of cases and deaths are as follows: Manila, 1530 cases and 1236 deaths; provinces, 7369 cases and 5440 deaths.

PACIFIC NORTHWEST NEWS.

Professor B. F. Mulkey, of the Monmouth Normal school, has been selected as the new president of the State Normal school at Ashland, at a meeting of the board of regents, and the state board of education, and has accepted the position.

The Hood River berry crop is said to have been one of the best in many years. About 85 cars of berries, or some 15,000 crates more than last season, were shipped and the fruit was of extra fine quality. The crop this year was worth about \$125,000.

There has been a change in the time-card of the Elgin branch of the O. R. & N., whereby the train leaves La Grande at 10 o'clock a. m., instead of 11:10, as heretofore. There is no change made in the return time and this gives the train an hour and 10 minutes longer stay in Elgin.

Helena, Mont., is much excited over the supposed finding of the second river bed of Last Chance creek, in the bottom of a well dug in that city. More than \$15,000,000 in placer gold was taken out of the first creek bed during the early days of the town, and the new find shows ample colors.

The leading farmers living around Gaston met there Saturday and organized the Gaston Livestock & Produce Market, an association composed of the producers of that section. The object of the association is to arrange for and successfully conduct livestock and produce market days, to occur either annually, semi-annually or quarterly, as may be decided on later.

One of the strictly new features planned by Superintendent Rowe for the 1902 carnival in Portland, is a miniature belt line railway. This road, on which will run the smallest railway train in the world, will encircle the fair grounds and convey passengers from any point on the grounds to the transfer station, where they will be transferred to the gravity cars, which will scale the hill to the Japanese tea garden.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system. Testimonials sent free. Price 75c per bottle. Sold by all Druggists. Hall's Family Pills are the best.

SCIENCE SCORES AGAIN.

A Preparation That Will Destroy the Dandruff Germ Discovered.

Finally the scientific student has discovered a certain remedy for dandruff. When it first became known that dandruff is the result of a germ or parasite that digs into the scalp, and saps the vitality of hair at the root, causing falling hair and baldness, biologists set to work to discover some preparation that will kill the germ. After a year's labor in one laboratory, the dandruff germ destroyer was discovered; and it is now embodied in Newbro's Herpicide, which besides curing baldness, and thinning hair, speedily and permanently eradicates dandruff. "Destroy the cause you remove the effect."

Sidewalk Privileges.

Controller Grout has a plan whereby he expects to increase by at least \$1,000,000 a year the income of New York City for privileges under the sidewalks. The city now derives about \$250,000 annually from those privileges, but persons desiring to open restaurants, offices or other establishments under the sidewalks, have only to take out a "vault permit," which costs \$26. The controller will now seek to have an ordinance enacted providing for adequate returns to the city for valuable privileges.

Good Schools in Pendleton.

The Chicago board of aid for colleges and academies of the Presbyterian church has given \$5000 for the new academy at Pendleton. The institution has an additional fund of \$10,000, and this is deemed sufficient for beginning the work, which will be commenced at once. With a good public school and two or three independent institutions of learning, Pendleton has good educational advantages to offer people who make that place their home.—La Grande Chronicle.

TO ORGANIZE LEAGUE

NEW LEAGUE WILL BE FORMED FOR FALL SEASON.

Meeting to Be Held in Pendleton on Thursday, at Which the Final Details of the New League and a Schedule of Games Will Be Arranged.

The meeting which was to have been held in Pendleton this afternoon for the purpose of discussing the proposed formation of a four or six-team baseball league, including the towns of Walla Walla, Wash., Pendleton, La Grande and Baker City with perhaps Dayton and Colfax, Wash., has been postponed until Thursday, when it will be held here.

This action was taken out of deference to Manager Sharpstein, of the Walla Walla Sharpshooters, who telephoned that he could not be here today, but would be on hand Thursday. Dayton, Wash., has also sent word that it would like to be represented when the meeting is held for the formation of the league. Colfax, however, will have to be counted out as a message was received this morning by Manager Cohen, of the local team, saying that the Colfax team had gone to pieces and that all dates would have to be cancelled.

This means that the two games scheduled with Colfax on the present tour of the Indians will not be played.

Manager Cohen, of the Redskins, feels confident that the proposed league will now be a go and that some first-class baseball exhibitions will be the result. The way in which Baker City is coming to the front in the organization of its team, and the new timber being introduced into the La Grande aggregation augurs well for fast and close ball playing.

Baker Team is Strong.

Baker City has already engaged the nucleus of an exceptionally strong team and has on its list such men as Glendon, Spokane's whirlwind pitcher, Woods, Tacoma's catcher, and Bolin, a speedy sound twirler. Johnny McManus, who played with Baker last season, is also on the list; as are Edwards, who caught last year; Reed, of Portland, a fast and sure player, and three Boise men, who are said to be well up to the standard set for the aggregation.

Practice games are already being arranged for the team and it is expected they will be in fine fettle by the time the new league season opens.

The reorganization of La Grande's team is now about completed and the new line-up reads like a winner.

Walla Walla and Pendleton will need few, if any changes in their teams to travel in the front ranks of the new league, although it is, of course, possible, that some new timber may be installed.

Indians Harvesting Scalps.

Pendleton's boys are doing all kinds of stunts with the baseball combinations which they are going up against on their present trip, having yesterday made the fifth straight win without a loss since they left home. Three times did they down the Dayton Dusters and on Sunday Walla Walla came into camp to the tune of 7 to 2.

Yesterday they again took up the stick against the Sharpshooters and batted out an easy victory, which read 6 to 2 when the score book was footed up.

The Indians played well from the start, and Hayes, the boy from the wilds, handed out a string of cork-screws the mysteries of which the Walla Walla bunters could not seem to unravel.

The Sharpshooters were also credited with some very poor ball playing at critical points of the performance, and these helped make the score one-sided.

Next Game Here.

The Redskins play their next game in Pendleton on July 4, 5 and 6, when the Oregon City team, which has been doing some tall ball playing down in the Willamette valley, will endeavor to pull down the tepees of the noble reds about their ears.

Torturing Disfiguring Humors

Itching, Burning, and Scaly Eruptions of the Skin and Scalp with loss of Hair

Complete External and Internal Treatment by Cuticura The Set \$1.25

Consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA Ointment (50c.), to instantly allay itching, irritation, and inflammation, and soothe and heal, and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring skin, scalp, and blood humors, rashes, itchings, and irritations, with loss of hair, when the best physicians and all other remedies fail.

Prepared by CUTICURA PUREST OF BABY SOAPS

RELIEF OF CUBA.

President Palma's Plan for Aiding the Struggling Interests.

President Palma and his cabinet have decided on a plan which they hope will relieve the economic situation in the country. A message will be sent to congress, probably next week, for that body to pass upon, setting forth the recommendations of President Palma and the secretary of agriculture for the amelioration of the condition of affairs. This measure calls for the expenditure of \$33,500,000 to be distributed among the sugar growers and cattle raisers. Three millions is to be advanced to sugar planters at the rate of 50 cents an arroba (or 25 pounds), to be returned in two installments in February and March. To cattle breeders will be paid a premium of \$5 for each cow imported for breeding purposes up to 100,000. Further than this, all such cattle will be admitted free of duty. There also is to be an increased tariff on many articles imported now under small duties to raise the money to be distributed. An internal loan, secured by bonds, will be necessary.

A Glorious Fourth.

On the Fourth of July every true patriot will celebrate the signing of the Declaration of Independence by the Colonists, and although the struggle which followed was both costly and disastrous, yet it resulted in their ultimate freedom from the yoke of English bondage. Another very important day in the life of anyone, especially those suffering from a weak or disordered stomach, will be the one on which they decide to give up old methods of trying to obtain relief and commence the use of that famous twentieth century family medicine, Hostetter's Stomach Bitters. It will cure anyone suffering from dyspepsia, indigestion, belching, constipation, biliousness or insomnia. Try it today and be convinced. Our Private Stamp is over the neck of the bottle.
