

FREIGHT TARIFFS

NEW SCHEDULE OF FREIGHT RATES EFFECTIVE JULY 1

Deliberations of Transcontinental Freight Bureau Results in New Western Tariff Being Announced for that Date.

As a result of the deliberations of the transcontinental freight bureau held at Portland last February, a new western freight tariff has been announced by the lines interested. This new tariff will become effective after July 1. While minimums were raised in several instances, the tariff is, in the main, favorable to the shippers, a number of reductions being allowed. Flat rates quoted in the tariff are based on Chicago, St. Louis and Missouri river points. Among the principal changes to become effective under the new tariff are the following:

The rate on empty beer bottles and whisky flasks are reduced about 30 per cent, or from \$1.30 to 90 cts. per hundred pounds. The minimum is raised from 12,000 to 14,000 pounds. The flour rate from the east is made to include all cereal products in straight or mixed carloads—80 cents from Chicago, 75 cents from St. Louis and 70 cents from Missouri river.

A new rate becomes effective on bedroom sets of three pieces under the following restrictions: Bedsteads must take value of \$8, bureaus \$10, and washstands \$4 in straight or mixed carloads of furniture, with a rate of \$1.25 from Chicago, \$1.20 from St. Louis and \$1.15 from Missouri river. The minimum remains the same, 20,000 pounds.

The minimum on shipments of bedsteads in straight carloads is raised from 20,000 to 24,000, valuation eliminated.

Liquors at Owner's Risk.

Liquors in wood not otherwise specified are shipped at owner's risk of leakage. Carriage risks in all instances will be limited to 50 cents a gallon.

Machinery and machines taking class A rates, including grain conveyors, shingle machines, iron link belting, roller mills, pulley clutches, iron shafting, iron valves, water jackets for smelters, iron gear wheels, etc., in straight or mixed carloads, minimum 24,000 pounds, take a rate of \$1.25 from Chicago, St. Louis and Missouri river, as against \$1.70 from Chicago, \$1.69 1/2 from St. Louis and \$1.45 from Missouri river, rates now in effect.

The new transcontinental rate on cider and vinegar is announced. The rate on cider from Chicago is \$1.25, that on vinegar in straight or mixed carloads with cider, \$1.30. The minimum is raised from 14,000 to 30,000 pounds. Metallic frames will be included in the rate on mattresses.

Wheelbarrows, knocked down, will take a rate of \$1.45 from Chicago and St. Louis, \$1.40 from Missouri river, as against \$1.55 and \$1.41, respectively. The minimum is 24,000 pounds.

A flat rate of \$1.50 is made on desks, shipments to be made at owner's risk, with minimum of 16,000 pounds. On sideboards and chiffoniers, actual value not to exceed \$12 each, a flat rate of \$1.50 is made, under similar conditions as to minimum and risk.

A new rate is announced on shingle bands, iron or wire, minimum 40,000 pounds, \$1.10 from Chicago and St. Louis and \$1 from Missouri river points.

New Rate on Paint Lead.

While lead and litharge, or red lead, will, after July 1 take a rate of their own of \$1.17 from Chicago and St. Louis, and \$1.03 from Missouri river. Heretofore leads have been included in the rate on paints, which is \$1.21 from points named.

Shippers are allowed to use 700 pounds of lumber in each carload lot of stoves and stove furniture, where same is used for bracing to prevent damage by breakage.

From July 1 to August 1, and hereafter from May 1 to August 1, a flat rate of 75 cents is made in potatoes. This rate is ten cents higher than the rate on potatoes from eastern Washington to Missouri river points.

Crockery and earthenware will take a rate of \$1.56 from Chicago and St. Louis, and \$1.40 from Missouri river in straight and mixed carloads. Shipments can also be in bulk if preferred. The minimum is raised from 24,000 to 30,000 pounds.

In the new classification of minimums, paper (building and news) is raised from 24,000 to 30,000 pounds; nails, staves and heading, wire and wire fence, from 30,000 to 40,000 pounds; carriage and wagon axles, lumber (hard and soft), plain castings, and baking powder are raised from 24,000 to 30,000 pounds; cranberries, from 20,000 to 24,000 pounds. The minimum on school desks is decreased from 24,000 to 20,000 pounds.

SCIENCE SCORES AGAIN.

A Preparation That Will Destroy the Dandruff Germ Discovered.

Finally the scientific student has discovered a certain remedy for dandruff. When it first became known that dandruff is the result of a germ or parasite that digs into the scalp, and saps the vitality of hair at the root, causing falling hair and baldness, biologists set to work to discover some preparation that will kill the germ. After a year's labor in one laboratory, the dandruff germ destroyer was discovered; and it is now embodied in Newbro's Herpicide, which besides curing baldness, and thinning hair, speedily and permanently eradicates dandruff. "Destroy the cause you remove the effect."

Down by the Sea.

Many Pendleton people availed themselves of the O. R. & N. Company's low excursion rates to the seaside last summer. All were delighted with the trip and with the glorious time they had by the ocean, where there is balm in every breath that sweeps across the mighty bosom and where attractions are unlimited. The bathing in the surf, catching porgies and Tom ood from Fishing rocks; driving along the beach, (smooth, level and hard as a house floor for 20 miles); dancing, boating, hunting, etc., are only a part of the many pleasures afforded at this famous resort, North Beach. Round trip \$10. Tickets good until September 30.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at Tallman & Co's drug store.

McReynold's creamery butter on sale in all stores. Ask for it.
