The Place to Save Money

THE FAIR

The Place to Save Money

INDIANS ARE HOME.

Had Some Interesting Experiences While on Their Trip.

The Indians returned home last evening from their through Eastern Washington trip, having defeated every baseball team they went up against. They were somewhat tired, but greatly pleased with the results of the trip.

They received very courteous treatment at all the places they visited, although some of the teams gone up against were very poor losers.

At Pomeroy they had a most amusing and at the same time aggravating experience. It appears from subsequent developments that the umpire who went in to handle the second game there had considerable money bet on the result and was put in as umpire for the express purpose of winning the game for Pomeroy.

He immediately started out to give such a run of bad decisions as no team could stand, and finally the boys were exasperated beyond all endurance and one of them called the umpire a liar when he made an especially rank decision. Captain Ziegler backed him up in his statement.

Finally the umpiring became so fierce that the Indians insisted on another umpire going in. Then they won the game by 6 to 5.

That night they were gotten out of bed about midnight by an officer of the law in all his pompous dignity, who had warrants for the arrest of Captain Ziegler and two of his players, the charge being the using of language calculated to provoke an assault, which is an offense under the statutes of Washington.

The boys were carted around town for some time while a justice of the peace was hunted up to give them their hearing. Finding that Mr. Ziegler was an attorney in Oregon, the Pomeroyites dropped the charge against him, but the other two were practically compelled to plead guilty and pay their fines as the team could not afford to stay over and fight the cases.

Not content with causing the win-

ners all this trouble and annoyance, some members of the Pomeroy sore-headed aggregation entered the room where the Indians' paraphernalia was stored and stole some bats and the catcher's mit.

The boys say the arrest of their players was promoted merely by the soreheadedness of some of those who had lost heavily on the game. And they strongly advise that baseball teams touring the country give Pomeroy a wide berth in the future.

BAKER'S STRONG TEAM.

Men Are Being Secured From Best Teams of Country.

Baker City's baseball team, which is being organized for entrance in the fall league which it is proposed to form, is fast being filled up and the men who are being engaged have reputations which insure the team being well up among the fastest in the proposed new league.

Among the latest additions to the team are C. E. Woods, of Kansas City; Rhea Ryan, of Chicago; L. L. Ross and E. E. Englehart, of Boise; Charles VanSycle, of the same place. Bolin, who has a coast reputation as a pitcher, is at Boise, but will come over in a few days and Barkley, of Salt Lake, will also reach Baker in time for team work.

The members of the team now on hand, had a try out practice the other day, and Baker enthusiasts are delighted with the way the men showed up. The new team will be nicknamed the Gold Diggers, and they will go into the league with the intention of coming out winners at the close of the season.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed the case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve, 25c, at Tallman & Co.'s.

JAILED FOR DEBT.

Man in Walla Walla Jail for Board and Clothes Bill.

Walla Walla, June 27.—It has long been supposed that in the free and enlightened United States of America no man could be sent to jail for debt; yet Aug. Holloway, the linguist, who has been in this city for some time past, boarding at a stylish hotel, wearing good clothes and spending his money freely, is now languishing in a prison cell here on account of the non-payment of the debts contracted in such high living.

While he was one of the young men of the town and was living high, Holloway had many friends and was voted a decidedly entertaining and attractive young man, but since his incarceration in the dungeon depths his erstwhile friends have apparently cut him off their visiting list. Not a visitor has enquired at the bastille for the health of his one-time friend.

Holloway lives in hopes of hearing from an uncle at La Grande who is now out in the hills hunting, and who is said to have ample funds and is expected to liquidate the young man's debts.

He is depressed over his troubles, and in his broken English declares to his keepers that he never intended to do any harm and that he would have paid his creditors every cent if they had left him alone. Holloway is well educated, and it is believed this is the first time he has ever got into trouble. His declaration that he intended to pay his bills is believed by the authorities but as long as he didn't pay, he will probably have to remain where he is until the necessary wherewith is raised or he boards it out on the county at so much per.

WESTON'S PUBLIC SCHOOL.

Principal and Teachers Elected for the Ensuing School Year.

The teachers in the Weston public schools for the ensuing school year will be as follows: W. A. McGhee, principal; fifth and sixth grades, Miss Alice Taylor; third and fourth grades, Miss Maud Bryson; primary grades, Miss Mammie Wilson. Each of the three directors favored a different applicant for principal, and that Mr. McGhee was decided upon as a compromise candidate. He is a man of family, about 45 years old, and taught 20 years ago at Helix in this county. He has since been teaching almost continuously in the Willamette valley, and was recommended by the superintendent of Douglas county and others.

The three assistants were all graduated from the Weston Normal, and have since had considerable experience in the school room. Miss Wilson was a member of the former teaching force, and her work is much commended by the patrons.
