## COMPLETING THE SCHEDULE

MANAGERS ARE DISCUSSING MATTER THIS AFTERNOON.

Practically the Schedule Already Published Will Be Adopted—New Players on Pendleton's Team.

A meeting of the managers of the Inland Empire baseball league is being held this afternoon in Pendleton. The purpose of the meeting is for the perfecting of the schedule of games to be played between the four teams of the league and it is likely that the schedule will remain practically the same as published in Saturday's East Oregonian. Manager Basche, of the Baker City team, Manager Ray, of the La Grande team, arrived in town this morning, and Manager Sharpstein, of the Walla Walla team, came down this afternoon on No. 41 mixed train from Walla Walla. The official program of games and some of the names of the new players who will be signed with the Pendleton team, will be given tomorrow.

Manager Cohen has several players in view whom he is figuring with to fill the vacancies made by the resignation of Ziegler and Clemens, but their names will not be given out today further than that Jim Cox, the star center fielder from the ranks of the Yellow Kids, has been signed with the Pendleton Indians. Jimmy is a good all-round player and will be an excellent addition to the team. The first games to be played under the new schedule, in which the locals will participate, is to be at Baker City Thursday, Friday, Saturday and Sunday of this week. On the 17th, 18th, 19th and 20th La Grande will cross bats with the Indians on the local diamond.

Miss Flo Hallock accompanied Mrs. Hoyer and will visit a few days in Portland and Salem and then return to Heppner where she will remain a while before returning home.

## Sympathy for England.

In the recent disaster at St. Vincent the United States was among the first to extend sympathy to England and also to offer assistance to the unfortunate survivors. Giving sympathy is a very appropriate way of showing our feelings for those in distress, but the person who is unable to eat or sleep on account of a weak or disordered stomach needs more than sympathy. He wants a medicine that will cure him. Then Hostetter's Stomach Bitters is needed, because it positively cures loss of appetite, belching, flatulency, indigestion, dyspepsia, insomnia and nervousness. Every sufferer should therefore try a bottle of it at once. Good health is sure to follow. Don't accept a substitute. The genuine has our Private Stamp over the neck of the bottle.

## Don't Use Too Many Words.

Multiplication of words increases the expense and decreases the effectiveness of advertising. Say what you have to say in as few words as it can be said—then stop. By so doing you can get what you want to say in larger type, so that it will command the attention of more readers than would a wordy discourse set in small type.

## Deputy Sheriffs.

Sheriff Till D. Taylor has appointed A. C. Funk and H. J. Stillman as his deputies. These are in addition to C. P. Davis, who remains in the sheriff's office. Mr. Stillman will not assume his official duties for a few weeks.

J. Cox, of Rikeall, was struck in the leg recently by a piece of flying steel from a wedge, as he was splitting wood. The bit of metal was located by the X-ray and removed.

## ATTEMPTED KIDNAPING.

Bold Attempt to Abduct a Young Girl at Butte.

A most diabolical attempt was made early Sunday morning to chloroform a family of seven persons at Butte, Mont., with the object, it is presumed, of abducting Eva McCaffrey, a quarter-breed Indian girl.

The perpetrator of the deed is said to have been Peter Dempsey, a condemned murderer who escaped from the county jail about a year ago. Dempsey is known to have been enamored of the Indian girl prior to his arrest. The man made three attempts to enter the house. He was seen by Sergeant Dawson, who took a shot at him.

## A Strange Creature, Indeed.

A strange creature, caught off the shore of Bermuda early in June, has arrived at New York on the steamship Trinidad and has been placed in the aquarium in Battery park. It is over 6 feet long, formed like a snake with a head like that of a turtle and fins like a fish. A long bill for a mouth gives it a most terrifying appearance, which is rendered more horrible by a pair of glaring eyes on the top of its head. Its body is a brownish-green in color and running around it's limbs and it's middle are several bright yellow stripes. The biologist who shipped the animal was unable to name it, and the men in charge of the aquarium are equally ignorant of its nature.

## No Bids Received.

No bids have been received by the county court for remodeling of the county court room. Several weeks ago bids were advertised for the working over and rearranging of this room. The bids were to have been opened at the present term of court but there were none to open.

Mrs. L. L. J. Bell, of Innaha, whose husband left her last April after a quarrel, want him to return and promise to be very, very good if he will only come back.
