HARTMAN ANGRY

COUNCILMAN TORE UP BILL FOR EXPERTING BOOKS.

Said He Would Pay Arthur Holmes' Account of \$50 for Experting City Books Himself—Paid No Attention to Mellmann Franchise.

- The city council last evening:
- Overlooked the Mellmann-Romo franchise.
- Received semi-annual reports.
- Audited bills and allowed claims.
- Judge Hartman became angry and tore up bill of Arthur Holmes for \$50 for experting city's books.

The Mellmann-Romo application for a franchise to run an electric car line and operate trains through the city was not referred to at the meeting of the city council last night.

The semi-annual report of the city recorder and treasurer were received, looked over and approved. The bills for the past month were audited and allowed with the exception of a bill for \$50 from Arthur Holmes for experting the city's books. When this bill was presented Councilman Hartman became angry and tore the bill to atoms, scattering it on the floor and declared he would pay the bill out of his own pocket.

The council refused to allow the bill and cut it to \$30 before the judge tore it up. The recorder says Hartman will have to stay with his declaration, as since the bill is destroyed he cannot draw a warrant to cover it.

Treasurer's Report.

Below is the report of the city treasurer for the first six months of the present year, ending June 30, 1902:

Receipts.	
License	7,151.40
Taxes	6,665.76

Advance on Dairy Products.

Chicago, Ill., July 10.—Freight rates on butter, eggs, cheese and poultry were advanced to normal basis today by Western railroads. The advance ranges from 20 to 35 cents per 100 pounds from St. Paul and Missouri river points to Chicago, with comparative increases from intermediate points. It is conservatively estimated that 1,000,000 pounds of butter, cheese, eggs and poultry are received in Chicago daily and about 75 per cent of the traffic goes east. The advance in rates averages about \$4 per ton, making a daily increase in the revenues of the railroads from this traffic of \$2,000 a day, or about three quarters of a million dollars per annum.

Big Sham Battle Planned.

Washington, July 10.—Notwithstanding Secretary Moody's order that no advance information regarding the working out of the great war problem jointly by the army and navy in September should be given out, some of the details have become public. The plans contemplate, it is said, an attack upon the defenses of the approach to New York harbor, and perhaps the city itself.

Diabetes and Bright's Disease.

Interview With Edward Short of the San Francisco Call.

Mr. Edward Short, connected with the business department of the San Francisco Call interviewed:

Q.—You are reported to have been cured of diabetes?

A.—That is right.

Q.—Are you sure it was diabetes?

A.—I was rejected for insurance, and later falling rapidly, our physician told me I had diabetes and to put my affairs in shape.

Q.—Have more than one physician?

A.—Yes I had another doctor. He, too, said I could not live long. I had dropped from 20 to 125 pounds and was very weak. A neighbor told me of the Fulton Compound.

Q.—How long did you have to take it?

A.—About a year before I was perfectly well.

Q.—Did your physician then test for sugar?

A.—Both did. Both reported normal. They were very greatly surprised at my recovery, for they had told me diabetes was incurable.

Q.—Know of any other cures?

A.—Several. I told my friend, William Martin, an S. P. conductor of Stockton, about it. He had diabetes, and was about to give up his position when I told him. He got the same results I did, and was well when killed a year or so later.

Q.—Any others?

A.—I told William Hawkins of the Custom House and Captain Hubbard of the barkentine S. N. Castle, upon hearing they had diabetes. Both of them were cured. I also told a neighbor who had dropsy. In a month it was eliminated. I can't recollect all I've told.

Q.—Did it fall in any case?

A.—Not one. It is a positive cure in Bright's Disease and Diabetes. Go over and see Hawkins and he will tell you the same thing.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetic Compound. John J. Fulton Co., 420 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

The Rush Goes On

With Unabated Interest

The Great Closing-Out Sale at Kemler's Grocery moves along and goods are moving rapidly. Hundreds of dollars are being saved by purchasers. Nothing is held back. Everything in the entire store has been cut in price. Bargain seekers never found such a genuine snap. Many are buying in large quantities and storing away the goods for future needs, because it is an investment that means a big gain. Don't put off this chance. Come at once. We want to retire from business as soon as possible. When this stock is disposed of the chance of a lifetime ends.

The Drink for Summer

is Schultz's bottled beer. When properly cooled it is not only delightfully refreshing, but its tonical properties will counteract, as no other drink, the debilitating effects of hot weather, and being properly matured, will never cause biliousness like badly brewed "green beer." It's a marvel of purity, and is bottled with the greatest care.
