TORE-FORM LEAGUE

PROPOSITION TO TAKE IN TWO MORE TEAMS.

Boise, Idaho, Wants to Come into Inland Empire League and Pair Off With Dayton, Washington.

Standing of the Clubs.			
	Won.	Lost.	P. C.
La Grande	2	0	1000
Pendleton	1	1	500
Baker City	1	1	500
Walla Walla	0	2	000

Friday's Games:
Baker City, 8; Pendleton, 6.
La Grande, 1; Walla Walla, 2.

It now seems probable that the Inland Empire league will be made a six-team league, as was the original intention.

Boise, Idaho, wants to come into the league and as it was proposed at the beginning to take in six teams, Colfax and Dayton, Wash., being the two teams talked of beside the four now in the league, the former going to pieces and forcing Dayton out, it is likely that the proposition will be hailed with joy by the five teams already interested.

When the league was organized it was agreed that in the event of Dayton being able to find a sixth team to pair with them the league should be made a six-cornered affair upon the posting of the required forfeit of \$250 by Dayton and her opposing team.

At that time the sixth team was not forthcoming and Dayton felt very sore over being shut out, the claim being put forward that their team should have been taken into the league instead of Baker City which organized especially for the new combination.

Dayton was not discouraged by being cut out of the webfoot league, however, and went right ahead with her ball team, making improvements as though she had been taken in, so she will no doubt be more than willing to pair with Boise and come in.

The Idaho league, which included the teams of Boise, Nampa, Emmett and Caldwell, is now defunct and Manager Coate, of the Boise aggregation is now anxious to join the Inland Empire combination and will shortly make tenders to that effect.

This would necessitate a complete re-arrangement of the schedule of games for the new league, but no objection would be made to this as the present arrangement of four games in each series is freely declared unsatisfactory, too many games being played each place in succession to keep up the interest.

Line Hits.

Zeigler, formerly captain of the Indians, is now playing field on the Portland Northwest League team. The first game in which he played was won by the Portlanders by a score of 11-9, against Seattle.

It is said that Hayes, Pendleton's recently arrived whirlwind, has been offered \$100 per month to go to Portland and play with the leaguers, but the young twirler is so much struck with the cut of his blanket and war dress that he will remain in the Indians' tepee, for the present at least.

Dayton is on the lookout for a new pitcher, a fielder and two or three new players in anticipation of pairing Boise in the Inland Empire League.

Dan Hupp, who was released by Portland this week, has gone on with one of the teams in the new Inland Empire league, though whether it is Baker City or Pendleton seems to be as yet a matter of doubt. Both teams claim him. He went through Pendleton Thursday bound for Baker, but did not know himself which team he was going to join. While with Portland he played both third base and right field.

St. Vrain, who pitched for Tacoma in the Northwest league last season, has been barred out of the Southern league on account of jumping contracts. St. Vrain has recently been acquiring a reputation almost equal to that of "Tacks" Parrott, the "Human Kangaroo," as a contract jumper.

A series of games of baseball has been arranged between the respective teams of Ashland and Grants Pass for a purse of \$500 a side. Three games will be played, the first in Jacksonville, the second in Grants Pass and the final in Ashland. The winner of two games take the pot.

George Brown, of the Yellow Kids, has joined the Baker City forces.

Baker City is jealous of the many-hued robes worn by the Indians, and it is understood a move is on foot to supply their team with suitable jackets.

Speaking of the first game between Baker and the Indians, the Baker City Herald says that "Babe" Hayes made seven separate and distinct kinds of monkeys out of the Gold Diggers when it came to striking them out.

Press reports have it that Leech, the Gold Diggers' left fielder, picked up two full acres of weeds while trying to find the ball at one time in Thursday's game.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
