BAER & DALEY

One Price Clothiers, Furnishers and Hatters, Pendleton

MONDAY, JULY 14, 1902.

GENERAL NEWS.

In the United States navy the largest guns outside of those on monitors are 12-inch; on the monitors the largest are 15-inch.

Uriah W. White, who conceived the idea which led to the founding of Ocean Grove, the famous Methodist resort of New Jersey, is dead at Trenton.

David P. Kronacher, Assistant Paymaster, United States navy, stationed on the rigship Franklin, was drowned off Ocean View Saturday night while en route to the launch Madge in a small boat.

The czar has confirmed sentence of 12 years' imprisonment at hard labor passed upon Colonel Grimm, who was convicted at Warsaw, June 13, of revealing Russian military secrets to a foreign power.

The reiterated assertion that the Cunard line has been absorbed by the Morgan shipping combine is as unfounded as the previous reports of the same tenor. Negotiations in other quarters, however, are still pending.

The United States revenue cutter Hugh McCulloch has been ordered to return to Northern waters to aid the Thetis in the work of locating and rescuing the steamers Jeanie and Portland. She will be ready to start Wednesday or Thursday.

Ernst Ruhmer, the physicist, of Berlin, has invented a system of wireless telephony. His experiments have been successful over a distance of three miles. The invention acts on the principle of transformation of light waves to sound waves by using the searchlight and microphone.

Locked up in the toms at New York, charged with burglary in the third degree, is a young man who claims to be Karl von Hismarck, a grand-nephew of the great German Chancellor. He is charged with having entered a Fifty-ninth street apartment and appropriating tapestries which are said to have been pawned.

PACIFIC NORTHWEST NEWS.

The stamp mill and hoist of the Sheep Rock mine, four miles from Sanger, burned last week, the fire being of incendiary origin.

Pincus, of Tacoma, Saturday secured the remainder of the Dobson hop crop, the Tramm and Hazard crops, at Chehalis, Wash., at 20 cents per pound. The deal covers 400 bales.

Midshipman Huntington Johnston, of Portland, a member of the class of 1900 at Annapolis, who reported some time ago for his final examination, has resigned because of bad eyesight, and his resignation has been accepted, to take effect October 10, 1902.

An unknown 12-year-old boy was instantly killed Saturday at Everett, Wash., by being run over by an electric car. He was standing near the track upon which the car was approaching, when a 16-year-old wheelman ran into him, knocking him under the car.

A number of hobbymen are in the vicinity of Eugene, trying to contract the present crop. Several offers to contract at 18 cents per pound were made. This is the top price offered for several years. The offer has not been accepted in any instance, the growers all refusing to contract.

The appropriation of \$50,000 made by the last Oregon legislature for the payment of bounties on coyote scalps, has been exhausted, and additional claims aggregating \$12,965 have been audited and allowed. Claims not yet audited have been filed with the secretary of state to the amount of \$4400. This makes a total of \$68,265 of scalp bounty claims presented to the secretary of state under the law passed in 1901.

GOSSIP OF FASHION

A FEW OF DAME GRUNDY'S LATEST FREAKS.

Individuality the Distinguishing Feature of This Season's Mid-Summer Gowns—Diaphanous Skirts are Ultra-Smart—Gainsborough Hat Displaced.

New York, July 14.—Individuality is the distinguishing feature of mid-summer gowns and the season this year is enlivened by an unusual display of smart frocks.

Combined with individuality must be grace for everything is designed with a view to accentuating this subtle attribute of womankind. Materials that are a la mode are of sheer, soft, willowy variety, accommodating the demand for draped effects; and these draped effects, while arranged with a studied freedom suggestive of classic art and beauty, fit faultlessly and at no time is the contour of the figure completely hidden.

The ultra-smart skirt of diaphanous material is sheath-like, expanding at the foot and requiring a soft billowy effect of undulating frills to produce the graceful flare that is absolutely necessary on every style of summer gown. These frills are made of many different materials and some of them are placed on the drop of the skirt, but often they are seen as well on the inside of the dress itself.

There is a very general use again among the fashionable modistes of Gotham of the balayouse, formed variously of lace entire, of plaited silk, organdie, mulle, batiste or fine Swiss muslin, narrowly tucked, and finished with an edge of insertion and lace or embroidery.

The Lace Coat

A feature of dress upon which great emphasis is being made is the lace coat. This is distinguished for three things besides its wonderful beauty—its flimsiness, fragility and cost. These coats are really ornaments to add to the confusion of the summer woman's attire, for of warmth they have none, and substantially very little more.

One of the daintiest effects imaginable is in soft colored guipure lined with a pale blue painted muslin. Another model suitable for the woman to whom black is indispensable—and this means every well-dressed woman—is a long, black lace coat lined with cherry colored chiffon.

Perfection in Shirt Waists.

It really seems impossible to imagine a higher attainable perfection in shirt waists, for they are all that the human heart could wish this season in variety, material and price. A style of blouse which is varied in a number of ways is made of squares of lace and batiste, the latter tucked crosswise from side to side and corner to corner, one tuck in each line. Lace and embroidered squares are used in this way, the back like the front. Lace and silk, and batiste embroidered squares with silk or chiffon are also used. Any fancied combination is admissible, but the squares in smaller numbers are a useful trimming, set in in detached motifs in any form that one may like.

The Reubens Hat.

A novelty to be worn with shirt waists is the kid necktie. Then to match this are cunning little kid pockets which hang on the belt and kid stocks consisting of a high straight band fastened with a buckle. Kid is in fact an important factor in the modes of summer.

The Reubens Hat.

A striking mode which was revived especially for the coronation gaities in London and which has become popular in spite of the postponed ceremonies is the Reubens hat which is charming and very "seyant" as the French milliners on Fifth avenue say. It is a change from the Gainsborough and though the latter will never go out of fashion with certain types of beauty, it must be discarded temporarily, for the Reubens is the only product of the old masters that holds a place in the modish wardrobe.

The Pompadour Sleeve.

The pompadour sleeve, close fitting to the elbow, where it is finished

with many little frills is very popular for flowered muslin gowns. The little wristband is a feature of many of the long thin sleeves, and the fuller, more pouchy and transparent the sleeve, the narrower and tighter the wristband is.

A little trick of the trade which lends a beautiful transparency to the skin is to line the sleeves of black net with finest of white tulle. This gives the skin a firm, marble-like appearance that is positively classic.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

WALLA WALLA ELECTION.

Voters Are Exercising Their Native Born Rights There Today.

Walla Walla, July 14.—The regular annual election is being held today, and the struggle is one of unusual interest. For weeks the fight has centered upon the office of marshal and the people have lined up on two sides of the saloon question, a condition largely brought about by Sunday closing last year, just about harvest time. The fight is between J. C. Hillman, backed by the law and order element, while the saloon vote is going largely to the present incumbent, J. J. Kauffman. Hugh S. Young is making a fight independent of either faction, and has a platform of his own, going to neither extreme. Careful preparation seems to have been made by both sides, and the fight is expected to wax warm as evening approaches.

But one name has been mentioned for mayor, Gilbert Hunt, a prominent friend of Levi Ankeny and a wealthy man. He seems to be satisfactory to the whole people.

Excursions to Bingham Warm Springs.

Sixty-day round trip tickets, including stage fare between Bingham station and the springs, \$1.75; two-day tickets, including, in addition to the above, three meals at the hotel and a bath in the warm springs, \$2.75. O. R. & N. ticket office.

Growing

OUR business is growing because we pay closest attention to every part of it. Our greatest ambition is to make a success of this drug store—not an ordinary 30c success—but a success that will be talked about far and wide. Our plan is to treat every customer so agreeably that we will hold every one. Then every new customer represents just so much growth to our business. We invite you to come here for your drug store trading.
