KOEPPEN'S DRUG STORE
65 Steps from Main St. Toward the Court House

Baseball, Pendleton vs. La Grande, July 17, 18, 19 and 20.

Furnished rooms for light house-keeping, 517 Aura street.

Work has commenced on the foundation for the new Christian church being erected on Water street.

Some of the stone is on the ground for the foundation for the brick to be erected on Alta street, opposite the city recorder's office.

Time and trial have proven that there is no better ice cream made than Dutton's. We take pleasure in delivering it to your home.

S. L. Wakefield & Co. have just received a carload of newest twentieth century styles in different makes of celebrated pianos.

The ladies of the Christian Church will give an ice cream social on the court house lawn tomorrow afternoon and evening, July 16. The Delta furnishes the ice cream. Every- body invited.

E. H. Cook has lost an ivory rule which was given him as a present, and is very anxious to recover the property. A notice of reward offered for the recovery of the rule will be found in the classified columns of this issue.

All the stock of the Art Exchange of Mrs. S. L. Wakefield, such as material for fancy point lace work, doilies, fans, sun shades, pillows, etc., for sale below cost. Must have the room for the large shipment of musical instruments just in.

Bids for the construction of the Academy building, according to the plans and specifications in the hands of Rev. F. L. Forbes, will be received up to July 22, 1902. Bonds will be required. Right is reserved to reject any and all bids.

The removal sale at Lee Teutsch's store is now in full blast and special low prices are being offered which will prevail until the time to move arrives. Mr. Teutsch expects to move into his new room, the one now occupied by Kemler's grocery, Aug 1st, and prior to that date will greatly reduce his stock in order to make room for his large new stock, which is now on the way and will be here for the opening of the new store. Mr. Teutsch is making liberal use of printer's ink in spreading the news of his removal sale, and advises the public of the big reductions made in prices. In this issue will be found a large advertisement giving some specimens of the bargains that are offered. It is advisable to carefully study the prices.

BACK FROM SUSANVILLE.

Visitor Says it is a Very Live Little Mining Town.

W. C. Smith, of Waitsburg, spent Monday night in Pendleton on his way home from Susanville. Mr. Smith has some valuable mining property in the Susanville country, and has spent the past several weeks there developing it. He says Susanville is a live little mining town, and has a bright future before it. The one drawback to the country is the bad roads in getting into the town. The best way out is to come to Pendleton and the road is very bad coming this way. He thinks Pendleton should make an effort to better the road through from here to Susanville, so the bulk of the business would come this way for the town is going to grow right along and as it grows business will increase and this business will be worth looking after.

Mr. Smith, in speaking of the murder of William Johnson by J. A. Crisman, said the murder was in cold blood and Crisman would probably hang. He was considered a bad man and Johnson was peaceable. He was shot down without provocation, and without a chance to defend himself.

HOW WILL HE DOD(D)GE?

Blatter Requested to Produce a Few Sheep for Assessor.

Pendleton, Or., July 14.—To the Editor.—I see by the weekly blatter, generally known as the Tribune, that there are 300,000 sheep in this county. The assessor has only found 185,000, and it is now up to the blatter to show the assessor the other 115,000.
Respectfully,
G. A. HARTMAN.

A Milton Opinion.

The action of the county court in turning down the application of Dr. Christie for stock inspector is causing considerable adverse comment. While efficiency should not be sacrificed for the sake of a few hundred dollars, yet there is no reason for believing Dr. Christie would not perform the duties of inspector in as satisfactory a manner as has Mr. Bean, and at a saving to the taxpayers of \$340 a year.—Milton Eagle.

A BULD, BAD BEAR.

Will Not Go Out of His Path For Anyone.

Lawton, July 15.—Many bear are reported to be skulking in the brush along Rabbit creek, a few miles west of here. Hardly a person goes into that section but comes back with a bear story. One old bruin, however, has been showing himself to the prospectors and others who have occasion to invade his domains. He is a "whopper," according to those who have had the pleasure of his acquaintance, and will not make his "get away" for anyone. When met in a trail he simply stands his ground and makes the other fellow do the going around act. He has been met by several prospectors and they tell harrowing stories of his boldness. One instance he reared on his hind feet and with wide-open mouth, made toward a man who happened to get in his path and the fellow has not stopped running yet. In speaking of the bear those who have seen him say a visit from Tracy would be preferable to one from this bruin.

An Onion Trust.

Walla Walla, July 15.—The very latest thing in trusts is the onion trust, which was formed here yesterday for the purpose of holding up the price on this pungent and succulent vegetable. Twenty growers of onions in the vicinity of this city have entered into an ironclad agreement not to sell an onion of any kind for less than 60 cents per bushel, and they intend to keep the agreement.
