**STOCK STEALERS**

**BUTLER CREEK RANGES ARE BEING RAVAGED.**

Stockmen Have Organized to Exterminate Thievery and Are Offering a Reward of \$500 for Capture of Rustlers.

R. A. Stanfield and other Butter creek ranchers and stockmen were in Pendleton Monday having posters printed announcing a reward of \$500 which they are offering for the arrest and conviction or information leading to the arrest and conviction of parties stealing or assisting to steal any stock bearing their respective brands and running on the Butter Creek ranges.

Interviewed regarding the stealing of stock from the range at Butter Creek, Mr. Stanfield said that stock stealing in a small way had been going on for many months past, and the stockmen were getting tired of it and had determined that a halt should be called.

The plan of the rustlers is to run off two or three head of good range cattle at a time, apparently whenever they get short of spending money or beef, and as Mr. Stanfield remarked: "A few head do not make much difference, but when it is kept up for a year or so it amounts to quite a matter."

It is not believed by the stockmen that any regularly organized band of rustlers or stock thieves exist as yet, the stealing being done by various individuals, but these depredations were becoming so common that it was deemed time an end was put to them.

A few years of unchecked lawlessness of this kind would lead to the organization of a band of stock thieves which would soon work sad havoc among the herds of that section and the thievery is still so insignificant that it can be easily nipped in the bud.

It is believed that the offering of the reward of \$500 will either result in the capture of the thieves or their intimidation so the depredations will be stopped.

Numerous clues as to the identity of the perpetrators of the ravages

on the herds are held by the cattlemen and their identity is almost positively established but as yet no legal steps have been taken to bring them to justice. The posting of this reward is the first step in a movement which will not stop until these rustlers are entirely eliminated from the Butter Creek range.

**Deafness Cannot be Cured**

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**Great Removal Sale at Teutsch's**

Our Stock Must Go!

AUGUST 1, 1902, we will occupy the corner store now used by the Kemler Grocery Company. Moving is troublesome and expensive. To make it as light as possible, and make room for our large stock of new goods now on the road, we will have a Great Removal Sale, to continue until we have moved. Our business in the past six weeks has been very satisfactory. The best argument we can present for this is the money saving, value giving opportunity offered, which will be shown in the prices quoted below. This sale is given in order to reduce stocks, close out odds and ends and dispose of broken lines, at a sweeping reduction in prices, many of which mean a loss to us. All offering will be of that worth and reliable class that has gained for this store the confidence of the people. The prices quoted bear no relation whatever to the true worth of the goods.
