THE TERRIBLE TURK.

Will Give an Exhibition at the Opera House Tomorrow Night.

Moralla, the Terrible Turk, will give an exhibition of wrestling in the Fraser Opera House tomorrow evening, Thursday the 17th when he will go up against four men, all of whom he guarantees to throw. These men are Professor Hallett, of B. C., an Indian from the reservation, and two local men.

The Turk does not limit his performance to throwing the four men already listed but will meet all comers to the number of ten, and will give \$50 cash to anyone who can stand against him for 15 minutes, while the man who can throw him in the same length of time will receive \$100. This money will be posted with a responsible party before the contests and will be delivered to the winner.

In addition to the exhibition of the Turk, Captain Haltom, the "Cannon King" will catch an 18-pound shot fired from a real cannon. The Captain offers \$100 in cash to any one who can catch this shot.

These two propositions look like a chance for some of our local sports to make a bit of easy money.

WAITSBURG'S SEWER.

Town is Taking on Metropolitan Airs and is Growing Fast.

Waitsburg, July 16.—Waitsburg citizens are beginning to feel that they are large enough to take on metropolitan airs and a move is now on foot for putting in a sewer system. The contract for laying 1500 feet of sewer pipe has been let to a Walla Walla firm and work will begin at once.

Waitsburg is on the boom. This has always been recognized as one of the best little towns in Eastern Washington and capital is developing the town wonderfully. Several

THEY HAVE A FRANCHISE

ELECTRIC LINE HAS ARRANGED FOR COUNTY ROUTE.

Commissioners and Promoters Were Together Until 10 O'clock Last Night and Finally Agreed.

Only one thing now stands in the way of Pendleton having an electric line from this city to the state line. That is the building of the road.

The county commissioners and H. Mellmann, with the attorneys for both sides, got their heads together Tuesday night and were until 10 o'clock at night arriving at an understanding but when they did come together it was on a very satisfactory basis to both sides.

City Will Act.

The city council will meet tonight and will, in all probability, take some steps toward disposing of the franchise question for the city. Just what will be done is not known but it is not likely that the city dads will turn down the proposition when the county has granted the franchise. The terms to be agreed upon between the company and the city is only a secondary matter as those in the lead of the proposed railway are very liberal and reasonable terms are all they want.

Long Creek Ranger: M. Adkins and son Carl and Elery Adkins, of Fox, came in from Pendleton Saturday with freight for Long Creek, but went back to the Middle Fork to a wagon which they had dropped on account of the bad roads, arriving in town again last evening and going on home this morning.

L. E. Penland visited his farm near Helix Tuesday. Mr. Penland says the damage done by the wind is slight in that country. "Some wheat is shattered, but it is only in spots where it was ripest," said he. "I think the estimated damage is above the reality, although I saw some barley between here and Helix which looked as though it would hardly be worth cutting."

Charles Perryman, wife and boy,

and L. F. Simmons, who have been in Pendleton for several weeks from California, left Tuesday evening for their home in Julietta, Idaho. They have been in California for Mr. Perryman's health, and came back here to stop a while in Pendleton. They are so well pleased with this town that they will dispose of their home in Julietta and return here to remain.

Long Creek Ranger: William Roberts, of Pendleton, who has been here for the past few weeks assisting in closing up the affairs of Lucian Everts estate, departed Wednesday for home, accompanied by his mother, Mrs. Everts, who will remain in Pendleton an indefinite length of time. The past winter she had been quite poorly, but during the last few weeks her health has been getting better and we are pleased to learn of her being able to make the journey.

BROUGHT BODY HOME.

W. S. Byers Returns From Texas With Remains of His Son.

W. S. Byers arrived home today with the body of his son, Ben Byers, who died at Fort Worth, Texas, in May of 1901.

Ben Byers was well known here, having been the eldest son of Mr. and Mrs. W. S. Byers. He left Pendleton about seven years ago and for the past few years has been lost to his relatives. In May, 1901, he died in the sisters' hospital at Fort Worth, and the hospital authorities tried to locate his relatives. This effort proved futile until a few months ago. Young Byers was taken to the hospital in a very serious condition, claimed to be inflammation of the bowels, and the descriptions he gave of his people led the hospital authorities to think his home was in Washington, D. C. They wrote to Washington but could get no trace of anyone who knew the young man.

In a round about way Mr. Byers learned of his death in the hospital and began an investigation about three months ago. Mr. Byers satisfied himself that it was his son and three weeks ago left for Texas to make sure whether it was Ben Byers or not. When he arrived he found evidence which proved beyond a doubt that it was his son and the body was exhumed, brought here to the family burying ground and reinterred this afternoon. He was about 38 years of age.

GO IN ON AUGUST FIRST.

Mr. Livermore Will Take Postmastership on That Date.

It will be Postmaster Livermore, if you please, after August 1. Mr. Livermore was appointed about three weeks ago to succeed Postmaster Fell and he immediately went to work getting things in shape to take the position. Every preliminary has been settled and the only thing remaining now is to hear from the acceptance of Mr. Livermore's bonds by the federal government. These were sent to Washington, D. C., leaving here Tuesday evening. They will reach their destination and a reply is expected in time for the change to take place by the first of August.

A HORRIBLE GAME

BALL EXHIBITION AT WALLA WALLA A FARCE.

California Team Beat the Sharpshooters to Death—Damage of Wheat and Orchards is Reported From the Wind.

Walla Walla, July 16.—With ball so rotten that it appeared funny to 350 people, the California college team engaged in amusement with the locals yesterday, and the visitors carried the day easily.

The Walla Walla team seemed weak from the start, and miserable ball was played throughout the game. The California team put up a fair game of ball, with a uniform tendency toward good playing with proper opposition.

The locals made three runs, 10 hits and seven errors. The Californians made 13 runs, 11 hits and three errors.

The batteries were Emerson and Boettinger, for California, and Stelz, Reed, Cryderman and Shea for the locals. The visitors left last night for the Sound over the Northern Pacific.

Damage by Wind.

Reports of damage from the wind storm continue to come to town by farmers and others who are driving through the country. A number of buildings have been damaged, grain fields have been torn and threshed, but the great loss will be in the orchards, where trees loaded with half-grown fruit have been damaged irreparably.

It is impossible to calculate the loss, as the present crop of fruit will be short, and the trees are in many cases torn limb from limb, and it will take years for them to regain symmetry and recover from the scars left by the wind.
