He asked the Turk to wrestle him back holds, and the Turk refused. Montanac said he would not wrestle the big fellow catch-as-catch-can because he did not think he could stand any show with him, but he would wrestle him with back holds.

### INDIAN CONTRACTS LET.

Bids for Supplies for Umatilla Agency Were Opened.

The contract for furnishing the supplies for the Umatilla Indian agency has been let. This contract calls for the furnishing of the supplies for the agency during the fiscal year. The first article called for is 25,000 pounds of beef. This contract was awarded to Schwarz & Gredlich, their bid being \$7.30 per hundred for any kind of beef wanted by Agent Wilkins.

The next items were 27,000 pounds of flour, 38,000 pounds of barley chop, 30,000 pounds of mill feed or bran. This contract was awarded to W. S. Byers. Seventy-five tons of hay was also advertised for and 340 cords of wood, but as Indian Agent Wilkins has no telephone at his place and is not in town, who were awarded these contracts could not be learned. The contract price for the four, barley chop and mill feed could not be learned. The contracts call for all of the stuff to be delivered at the agency.

### Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### FROM STOCK COUNTRY.

Pendleton Visitor Tells of Conditions Around Town of Ritter.

Silver Purcell, who has been in town from Ritter, left this morning for home with a load of freight. Mr. Purcell says the roads are good between here and Ritter, except a small portion of the way. In speaking of the country and conditions in the Ritter country, Mr. Purcell said:

"I never saw a better season for the stock men. Grass never was better and stock fatter. The only thing we have to mar the perfect peace is the little scraps which have been left between the cattle and sheep men. Of course, these outbreaks are not so bad as they are sometimes reported in outside papers, but an outbreak and stock shooting scrape does occur occasionally. The trouble is now over or at least no outbreak has been reported for some time, but it may break loose again any time, although most of the level-headed stock men do not expect anything serious."
