HOME COUNTY NEWS

WESTON WRINKLES.

News of That Busy Burg and Its Immediate Vicinity.

Weston, July 23.—Harvest has begun all about Weston. The streets were full of farmers all day Sunday trying to hire hands for the rush of work in the wheat fields this week.

Dr. J. A. Beattie has resigned from his situation as president of the state normal school, to accept a similar place in Hiram College, Hiram, Ohio. There has been a number of improvements in the curriculum of the school, also in several of its departments, during Dr. Beattie's administration, and the opinion is expressed that the Board of Regents will have no easy task in finding some one to fill his place.

Dr. and Mrs. Beattie and daughters will leave about August 1st, for their new home.

R. Kent Beattie, Assistant Professor of Botany in the Agriculture College, at Pullman, Washington, and wife are visiting with his parents Dr. and Mrs. J. A. Beattie, this week.

E. M. Bruce, of Zionsville, Ind. has been elected by the Board of Regents of the normal school to the Chair of Science. Prof. Bruce comes to Weston well equipped for his work. He is a graduate of the Indian State University, and also from the normal school of that state, and he has had several years of experience in the school room, the school is to be congratulated in securing him for this important department.

William King, a young man employed by Robert Jamieson, ran a splinter in the first finger of his right hand on the 4th inst. as a result blood poison set in, and yesterday Dr. Stiles of Walla Walla, amputated the finger.

C. W. Hoag, pastor of the Methodist church, has been confined to his home for the past week with a light attack of fever.

Mrs. Alice Price who has been seriously ill for the last few days, is reported as better today.

The ice cream social given by the ladies of the Methodist church Saturday night, was a decided success, both financially and from a social standpoint.

Mr. and Mrs. Richard Gerberdine returned from a week's visit at Portland, Saturday.

DRESS HINTS.

An effective touch is given to many ready made silk waists by the addition of a few ornaments in silk applique.

White batiste makes charming frocks for young girls who have not yet attained to the dignity of silk and wool gowns.

In summer the toilet must not only be dainty, but must also give to the beholder the impression that the wearer is comfortable.

Silk should not be packed away in white paper, as the chemicals used in bleaching it are apt to destroy the colors of some silks. Blue paper is best.

It is said a saturated solution of borax and water rubbed on with a sponge, then followed by clear water, will remove the glaze caused by long wear from black goods.

When using a sewing machine on thin material, place a piece of paper under the seam, and the work will not pucker. The paper can easily be torn away from the line of stitching.

Keep your velvets thoroughly clean and free from dust, using for this purpose a soft brush; then steam them by holding them over a hot fatron. This will remove creases. If you cover the velvet with a damp cloth and press lightly with an iron, you will have a velvet resembling panne in effect.

An Old Time Beauty Recipe.

The recipe recently unearthed in some old tome is by one Oudard, "apothecary and perfumeur to her grace the Duchess of Valentinois," who was no less a personage than the celebrated Diana de Poitiers, the most noted beauty of the sixteenth century, who retained her good looks to the day of her death. The document is as follows:

"The undersigned apothecary, dentist and perfumeur hereby declares upon honor and conscience that his gracious mistress, Mme. Diana de Poitiers, never used anything but pure rainwater for the preservation of her perfect complexion and youthful looks, which, as is well known, did not desert her to the day of her death, in her 72d year. She used to say that there was nothing in the wide world so well calculated as rainwater to keep the skin soft, the colors fresh, the pores clean and one's beauty perfect, and, as for myself, I

Arthur Knight and wife, of Pendleton, and Mrs. Meachle and granddaughter, of Yakima, were the guests of Mr. and Mrs. G. W. Knight Sunday.

Dr. Magn and wife and Mrs. Cole, of Pendleton, were visiting at W. M. Scott's Saturday and Sunday.

Miss Alcy Foss, of Athena, is spending a few days with Helix friends.

Miss Bessie Raymond, of Vansycle visited friends in Helix Sunday.

Mrs. L. E. Rheine has lately returned from Tacoma and Baker City, where she has been visiting friends.

Bird Richards and Samuel Starr drove to Pendleton Sunday evening returning Monday morning.

Mr. and Mrs. William Dale returned from Portland Saturday evening where they went to attend the Grand Lodge of the Degree of Honor at that place.

Mrs. Dodge, of Wallula, has purchased property in Helix and will make her future home here.

Mrs. Benjamin Draker and Miss Pearl Smith were visiting Mrs. Decker's parents, Mr. and Mrs. Jacob King of Weston, on Thursday.

Mrs. Benjamin Leled accompanied her sister Mrs. Ziess on her way home to St. Louis, as far as Pendleton.

WEDDING AT PILOT ROCK.

Two Happy Hearts Authorized to Beat as One.

Pilot Rock, July 23.—The marriage of James Sprague, of Ukiah, to Annie Osborne, Pilot Rock, was solemnized in Pendleton, July 19, 1902, by Justice Fitz Gerald and was celebrated by a nice party on July 20, at the residence of J. L. Rook, on East Birch creek; it also being the 19th birthday of the bride.

An ice cream supper was served in the evening after which games were played. After presenting the happy couple with numerous presents and wishing them much joy the party came to a close.

Those present were:

Mr. and Mrs. Sprague, Mr. and Mrs. Frank Jordan, Mr. and Mrs. W. H. Glenn, Mr. and Mrs. T. P. Hunter, Mr. and Mrs. J. L. Rook, Mrs. Hattie Kissinger, Mrs. D. T. Phillips, the Misses Edith Gibson, Joy Glenn, Leeta and Elsie Phillips, Helen Rook, Muriel Hunter, of East Birch Creek, and Lottie Osborne, of Pendleton; Messrs. Grant Horn, Samuel Davis, Ralph Belts, Charles Gibson, Harry Kissinger, Albert Gould, Chas. Rook, of East Birch Creek, and Mr. Mulkey, of West Birch Creek.

have never known her to employ cosmetics, salves, soaps or manufactured waters of any kind. She washed and bathed many times every day in pure rainwater, and the world knows the result."

Women and Church Work.

The Rev. Dr. Augusta Chapin wants church women to strike. Not that she thinks they should refrain from work, but that their energies should be freed from the traditional trend given to them and be devoted to the broader and more helpful forms of work. She disapproves of the suppers, fairs and ten cent entertainments with which women exhaust themselves in order to pay off a church debt. Her theory is that if women did not have to get up freak entertainments to lure reluctant dimes from the pocket they would nurse the sick, raise the fallen and comfort those that are in affliction. But the most of those good women who love to work themselves into nervous prostration in order to make a success of the fancy work table, to sell chances in a deadly fruit cake or to tend a candy booth are not of the stuff that ministering angels or practical philanthropists are made of. To take away from them the privilege of wearing themselves out with their bazaars and festivals would be to deprive them of a cherished privilege and diminish the zest of life.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
