BUSY GRANT COUNTY

TIMES ARE LIVELY AND WILL GET BETTER.

So Says Judge Stephen A. Lowell After a Trip Through That Growing Section of the Webfoot State.

Judge Stephen A. Lowell returned this morning from Canyon City, where he appeared with the district attorney on the part of the state in the Susanville homicide case. The hearing was held on Monday and Tuesday before the county judge of Grant county, sitting as committing magistrate. The accused, John Crisman, was held to appear at the next term of the circuit court, without bail, to answer to the charge of the murder of William Johnson.

Country is Prosperous.

To an East Oregonian representative, Judge Lowell stated that he found manifestations of prosperity everywhere, and that he viewed the county of Grant as one of the most promising sections of the state, needing only a railroad to assure the prompt development of matchless resources in mining, stock-raising, agriculture and lumber.

The people are expecting an early extension of the Sumpter Valley railroad into the country, but many of them look toward Pendleton as the point from which the most available road could be built.

The timber is being rapidly taken. Large eastern lumber interests having men all through the mountains examining and locating the same. Many, too, are taking it for speculation.

Country Will Boom.

Notwithstanding the fact that since the discovery of gold on Canyon Creek in 1832, something like \$20,000,000 has been taken out, placer mining is still pursued there with

profit, and the mother lode has never been discovered. Some day there will be a lucky find in those mountains and Canyon City will see again the excitement of early days.

An Interesting Project.

One of the most interesting projects in Oregon mining is that of dredging the John Day for its gold deposits. Already there is near completion just below the mouth of Canyon City, near John Day City, a dredge costing more than \$70,000, and the company constructing it has bought and bonded large tracts of the river bottom, being assured by careful prospecting, that there are valuable gold deposits there, notwithstanding the fact that it was all worked over years ago. The early methods of placer mining were so crude that much of the gold was left, both in the sand and on the bed rock. The dredge will probably start operations Monday.

BUFFALO BILL CAR BURNED.

Caused Delay of Traffic on O. R. & N. For Several Hours.

The east-bound train, due through Pendleton at 5:40 this morning, did not arrive until 11:45. The delay was caused by the burning of Buffalo Bill's Wild West shows advertising car on the track near Willows, about 1 o'clock this morning. The advertising car was on the west-bound train which went through last night, and when running at full speed, near Willows, the car was discovered to be on fire. The car was attached to the rear of the train and the fire was so far advanced before discovered, that nothing could be saved, the men on board barely being able to escape without their clothing. It is said the fire caught from the cook stove.

The cause of the delay to the east-bound train was the clearing away of the debris from the ruins of the car and the twisting of the rails out of place by the heat. All of these had to be remedied before the trains could pass.

At the next session of the State Teachers' Association of New York a competitive exhibit of all educational activities of the state will be held for the purpose of securing a complete, representative and scientific exhibit on which the state's exhibit at the World's Fair at St. Louis may be used.

My little girl's hair did not grow. It was harsh and dry, and would break off, and her scalp was full of dry dandruff that I could not comb out. A place around the back of her head was bald, and on the top of her head the hair was only two or three inches long. I used CUTICURA SOAP and some CUTICURA Ointment, and her hair has come in thick and as soft as silk. Mrs. A. DOWNEY, Alfred, O.

Warm shampoos with CUTICURA SOAP and light dressings with CUTICURA, purest of emollients, will clear the scalp and hair of crusts, scales, and dandruff, soothe irritated and itching surfaces.

BUNCH OF HOBOS

TOUGH GANG WAS CAPTURED BY THE POLICE.

Officers Had a Lively Time With the Bunch of Tramps Which They Corralled Wednesday Evening.

It was a motly crowd of the genus hobo that assembled in the police court this morning to have sentence passed upon them for vagrancy. They were 10 in number; nine of them being rounded up about 8 o'clock Wednesday night by Chief Blackley and Night Watchman Scheer. For the past two weeks the residents of different localities have been occasionally turning in complaints of hobos infesting their neighborhood and making things anything but pleasant for them, but these reports have usually come several hours after the men were seen and consequently before the officers arrived on the scene no hobos were in sight.

Hoboe Camp Started.

Last evening complaint was turned in that several men were in the vicinity of Mr. Wyricks' place, south of the railroad track and west of the O. R. & N. depot, among a lot of ties and wood that is piled along the track there. They were "rushing the can," and using all kinds of foul language, speaking so loud that they annoyed the people living in the neighborhood. When informed of their whereabouts, the chief and night watchman went to the scene and began to round up the gang.

A Hot Time in the Old Town.

Several ran, and for a while the officers had a lively time; and some of the hobos thought they were having a pretty warm time themselves. One fellow started to run, at the same time calling back at the chief to "shoot, you s---" the chief opened fire, but the "bo" didn't stop, and the chief ran him down, hitting him several times on the side of the head with the barrel of his revolver. This cooled the fellow, but pretty soon another made a break for liberty.

The Chief Was Swift.

The chief made a run for him and proved to be too swift for Mr. Hobo. When the tramp saw he was going to be overtaken he turned and acted as though he would fight the chief at the same time the officer landed on the side of the hobo's head with his billy and laid the fellow out. While the chief was having this fun, one of the men being brought up town by the night watch, broke away and ran past where a citizen was sitting. The citizen saw what was up and collared the runaway, bringing him to jail.

Nine Were Nabbed.

When count was taken after arriving at the jail, the police found they had landed nine of the gang. One Indian was in jail charged with being drunk and disorderly, making 10 for the recorder this morning. The names of the prisoners as given in the police court were: Charles Hines, John Morgan, Frank Wilson, James Turner, Arthur Chambers, James Tapp, Richard Stevens, Jim Stanley and F. Howard. They were charged with vagrancy and ordered to jail for 10 days.

Given Chance to Leave.

After this sentence Judge McCourt told them if they would get out of town in 30 minutes and stay out of town he would let them go. They all declared their intention of going as soon as they were permitted and Policeman Fee was asked to escort them to the city limits. They started east, and when last seen were "hiking" toward Walla Walla.

Will Light, the Indian, was fined \$5.

Will Make it Warm for Hobos.

It is the intention of the chief of police to make life burdensome for the hobos who strike Pendleton and he wants every citizen who is bothered by any of this type of mankind to report it at once and an officer will be sent to take care of the man or men with the hobo stripe.

PERSONAL MENTION.

C. G. Burkhart, of Albany, is in town.

Mrs. F. S. Younger and children are visiting friends at St. Helens.

H. C. Adams, an extensive farmer from the east end, is at the Golden Rule.

Mr. and Mrs. E. R. Thompson have gone to Lehman Springs to spend the heated term.

Asa B. Thompson and family and the Misses Stanfields, left this morning for Lehman Springs.

Mrs. J. S. McLeod and children left this morning for the North Fork to visit with relatives.

M. Moorehead returned this forenoon from Portland, where he attended a meeting of the Red Men.

Miss Lotta Livermore left this morning for Portland to spend a few weeks with her sister, Mrs. Ed Lowell.

Mrs. Miner and granddaughter, Miss Ada Isaacs, of Caldwell, Idaho, are

visiting Mrs. W. C. La Dow, of this city.

The fight between Brassfield et al. and a man named Ayres, a few days ago, was not pulled off in the "Last Chance" saloon, as has been stated.

Joe Parkes left this morning for La Grande on business connected with the land office. Incidentally he will see the ball game there this afternoon.

Rev. Robert J. Diven and family left this morning for Meacham, to spend several weeks breathing the mountain air. Rev. Levi Johnson will fill Mr. Diven's pulpit on Sunday mornings during his absence.

A Post Check.

A bill has been before congress to retire the present five, two and one dollar bills and substitute notes, payable at any postoffice, which shall pass as currency. If it becomes a law it will prove as invaluable to many forms of business as Hostetter's Stomach Bitters is to those who are weak and sickly. To such persons this medicine will prove a blessing, because it contains only such ingredients as will build up and strengthen the entire system. It will tone up the stomach, restore the appetite and cure heartburn, belching, headache, indigestion, dyspepsia, constipation, biliousness and insomnia. Don't fail to try it, but do not accept a substitute if you value your health. There is no medicine so good as the bitters. For sale by druggists.

Gans and Turner to Fight.

San Francisco, Cal., July 24.—Many of the sporting men who are here from out of town to witness the heavyweight championship fight tomorrow night will go to Oakland this evening to see the 20-round go between Joe Gans, the lightweight champion, and Rufe Turner. Though Gans is a heavy favorite the admirers of Turner, who has made a creditable fighting record during the last year, express confidence in his ability to give the Baltimore colored boy a hard tussle for the decision.

It is estimated that Canadian forests will furnish wood for the pulp industry for 840 years.

Korea has officially accepted the president's invitation to exhibit at the World's Fair.

For Further Particulars Address C. L. COX, Alba, Umatilla County, Oregon.

WHEAT ON THE HIGH LINE

ONE OF BIGGEST CROPS OF HISTORY IS EXPECTED.

So Say Prominent Officials of the Washington & Columbia River Railway, Regarding This Season's Yield.

General Manager Joseph McCabe, and General Freight and Passenger Agent S. B. Calderhead, of the W. & C. R. railroad, arrived Wednesday afternoon in their special car and are stopping at Hotel St. George. In speaking of the grain conditions along their line, Messrs. McCabe and Calderhead say the crops are immense. Little damage has been done any grain along this road, and the management are preparing to handle the largest crop ever handled any one season by the "high line."

Mr. Calderhead said that in view of the fact that fires sometimes were started by passing engines the W. & C. R. management had employed men to patrol the track after each passing train to see that no fire had been dropped in the grass by passing engines and in case any is dropped they will be on hand to fight it. Every train will be supplied with fire-fighting apparatus and all precautions possible will be taken to prevent loss from fire along the railroad line.

Montana Undertakers.

Great Falls, Mont., July 24.—An interesting discussion is expected before the state undertakers' convention which began here today over the proposition of Butte members of the association for the construction of a crematory in that city for the reduction to ashes of the bodies of deceased persons and also for the reduction of the carcasses of animals and also garbage. There is considerable sentiment against the idea of a joint crematory and a lively debate is expected. The convention is well attended, the presiding officer being E. L. Flaherty, of Helena.
