## HOME COUNTY NEWS

### WESTON PICKUPS.

News of the Town and Who is Making It.

The Weston Leader is authority for the following which may be of interest to East Oregonian readers:  
 Mrs. Perham, who has been visiting Mrs. L. S. Wood at Weston, returned to Pendleton Sunday.  
 Miss Edith Isaac, who has been the guest of Miss Lulu Simpson, returned to Pendleton.  
 Otis Mays, who has been visiting at the home of Senator Proebstel in this city, returned yesterday to Los-top.

Everett Wishard has resigned his position at Thoeny's, to accept a place with Kerr, Gifford & Co., hauling wheat. Willie Preston is occupying the place vacated by Mr. Wishard.

Brick is being shipped from the Weston yard for the new I. O. O. F. building at Walla Walla, the new hospital at Pendleton, the C. P. Strain brick at Milton, and a new building at Endicott, Washington.

S. A. Barnes and family were rusticated a few days last week on the North Fork of the Umatilla. From what Jim tells about it, it will be useless for anglers to follow in his footsteps expecting to catch fish till the river can be restocked.

J. M. Downs has already sold about \$235 worth of strawberries from his patch on Weston mountain, which only contains an acre and three-quarters and the crop is not yet exhausted. Object lessons like this ought to afford sufficient proof that strawberries are a profitable crop on Weston mountain.

### At Athena.

Athena, July 25.—Harvesting is now in full blast around this burg and the town is full of harvest hands either in search of work or purchasing supplies for the fields. A good many of the men come to town in the evenings also, as Athena is now a wide open town, gambling games being in operation and the festive sharper being always ready to furnish an evening's amusement for those who may have "get-rich-quick" aspirations—and incidentally to win away from them whatever loose change they may have about them.

Marshall Gholson had a busy time Tuesday disposing of several head of stock which had been placed in the city pound and not redeemed by their owners. The animals were auctioned off and very fair prices were realized.

A number of local Knights of Pythias are arranging to take advantage of the low rates offered by the railways and attend the biennial meeting to be held at San Francisco, August 11 and 12.

The recently purchased home of Mr. and Mrs. Fisher, which has been undergoing extensive repairs, is now almost ready for reoccupation.

Athena now lays claim to having the best band in Eastern Oregon. The boys are practicing regularly despite the hot weather, and recently elected new officers under whose direction they are attaining even greater proficiency than ever.

Hot weather and low excursion rates have combined to send many of our people to the seaside, while others are taking their summer vacations in the mountains, at the various springs and other cool and breezy places.

Mrs. G. C. Osborn rusticated at the country home of Alex Kirk last week. Mrs. W. R. Taylor, with her mother Mrs. L. M. Leeper, will summer at Bingham springs, while the families of M. Woodward and E. H. Stone, accompanied by the Misses Gertrude Prescott and Carrie Stone have enjoyed themselves for several days at the same resort.

Matt Johnson is now manager of the Pacific Coast Elevator company's warehouse at Havana and will look after the storage of the grain harvested in that vicinity.

Mrs. H. McArthur, of Portland, is visiting with friends and relatives here.  
 Miss Edna Rider, who had been visiting at Walla Walla, returned home last week.

### A BIG BUNCH OF BARGAINS

#### EXCURSION TRIPS AT REMNANT PRICES.

If You Don't See What You Want, Ask the O. R. & N. Ticket Agent For It.

The O. R. & N. Company has a few genuine bargains left. By this it must not be understood that any railway or steamboat lines are offering at "greatly reduced rates to make room for new ones." What the company has to offer at this time is something very attractive in the line of Excursion rates and cheap railroad fares to and from the East, or bargains for those in search of an outing trip. For instance there is

#### The Seaside Trip.

What is more delightful during this hot weather than a few days at North Beach, far-famed as one of the grandest stretches of beach that is washed by the waves of any ocean on earth. Twenty-three miles long, straight as an arrow, smooth enough for a ball-room floor and so firm and solid that a carriage scarcely leaves a trace upon its clean, white sands. Its surf is the grand roll of the Pacific ocean and its surf-bathing unsurpassable. Clams, crabs and fish which are an expensive luxury here in Pendleton, to be had there for the delightful sport of catching them. Round trip rate from Pendleton only \$10.00. Tickets good returning until Sept. 30.

If this trip is not extensive enough we can offer you something more elaborate and in an entirely different line for more money. A trip to

#### Yellowstone National Park

Which includes railroad rides, stage rides, visits to Upper and Lower Geyser Basins, Yellowstone lake, Grand Canyon, Norris Geyser Basin, and board and lodging beyond Montida, Montana, at which point the traveler leaves the O. S. L. railroad. Now the average reader needs no pointers as to what a trip to Yellowstone National Park means. It is the nation's wonderland, one of the most delightful parts of the American continent. The park embraces an area of 3000 square miles, average elevation 8000 feet, encircled by mountains. The endless variety and stupendous grandeur of the features embraced in this tract of country, prevents any attempt at description. Round trip, 60-day tickets, \$70.00.

Coming down again to something within the reach of all and at the same time affording pleasure and physical benefit, attention is called to

#### Bingham Warm Springs.

The principal charm of this well-known summer resort is the warm springs of mineral water and the bathing pools. Beside this, hunting and fishing in the vicinity is always good during the season. Tickets are sold to the springs and return, good

60 days, at \$1.75. Two-day tickets, including three meals at the hotel and a bath in the springs, \$2.75.

The waters of these springs are beneficial in many forms of nervous diseases, stomach and liver troubles, and the milder types of gout, rheumatism and kidney diseases.

Another pleasure and health resort that is becoming popular all over Oregon is

#### Hot Lake.

This lake was for untold ages known as the "Big Medicine," the cure-all of the Indians. Its miracles of healing would fill a volume. The flow of this lake, which is round as a dollar with an area of eight acres, is 100,000 gallons an hour, or 2,500,000 a day. The temperature where the water spouts from the earth is 190 degrees. A good hotel has recently been built at the lake and quite a little village of cottages has sprung up around it. Round trip, 30-day tickets, \$3.30.

In the heart of the Blue Mountains, 50 miles east of Pendleton, is another ideal outing place.

#### Meacham.

Long noted for the excellence of its Log Cabin restaurant. Clear mountain streams ripple and tumble in every direction, all alive with speckled mountain trout. Wild raspberries and huckleberries are abundant in the woods. The air is crisp and deliciously cool and every acre affords a lovely camping place. Regular Sunday, one-day excursion rate, \$1.00.

#### Miscellaneous Bargains.

The company is offering at low figures round trip tickets to Cripple Creek, Colorado, Salt Lake, Colorado Springs and San Francisco, and will soon be ready to sell tickets from eastern points to Pendleton at about one-half fare. This opportunity will last but a short time and it would be wise to call at the O. R. & N. ticket office now and find out all about it.

Soak the hands thoroughly, on retiring, in a hot lather of CURIOUS SOAP, the finest effective skin purifying soap, as well as purest and sweetest for toilet, bath, and nursery. Dry, anoint freely with CURIOUS Ointment, the great skin cure and purifier of emollients. Wear old gloves during night. For sore hands, itching, burning pains and painful finger ends, this one night treatment is wonderful.

Sold throughout the world. FORRES BROS. & CO., Prop., Boston. "How to have Beautiful Hands," free.

# CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.
