R. F. Johnson, owner of Fairview farm, which is located at the foot of the Blue Mountains, between the two forks of the Wild Horse, is at the Golden Rule. Mr. Johnson says never since the first farming in that part of the county has there been greater prospects for crops. He predicts from 40 to 60-bushel per acre crops. The rain of several weeks ago added many bushels to the grain in that section and the wind storm of two weeks ago did no damage whatever. It will be two weeks before harvesting begins.

**LITTLE SMUT ON WHEAT.**  
 Fields Are Clearer of Black Heads This Season Than Usual.

The farmers are not only blessed with good grain crops this season, but they are complaining very little about smut. In some localities complaint of blasted heads of wheat are said to be numerous, but to take it as a whole, the fields are clearer of this than usual.

Farmers from all parts of the county say their grain is exceptionally free from this disease. What this can be attributed to is not known. While smut is a disease among wheat that is a great pest some years, and especially in certain localities, Umatilla county has always been remarkably free from it. This may be attributed to various causes, but it is generally conceded that the weather conditions have more to do with it than anything else.

### MIXOLOGISTS' UNION.

Bartenders Formed a Union in Pendleton Last Night.  
 An enthusiastic meeting was held in Pendleton last night of all the labor unions. Representatives of all the local organizations were present and much business of interest to the laboring men was transacted. The matter of celebrating labor day was taken up, but no definite action was taken other than referring the matter to all the unions for action in the near future. The first Monday in September is Labor day and from all indications it will be fittingly observed.

### Bartenders' Union.

A meeting of the bartenders was held Friday afternoon for the purpose of organizing a local union of the Bartenders' International League. R. C. Lawrence was elected president pro tem and J. H. Doty secretary. Application was made for a charter, and as soon as it arrives the union will be thoroughly organized and permanent officers will be elected. The meeting was represented by most of the fraternity.
