### New York, July 29.—Chief Rabbi Josephs, head of the orthodox Jews, of America, is dead of embolism of the brain.

## THE FIRST CROP RETURNS

## WHEAT AND BARLEY HAVE TURNED OUT WELL.

### Grain as a Whole Ran Over 35 Bushels to Acre of Both Kinds.

The first wheat returns of the season have been received, coming from the farm of W. P. Templer, about seven miles from this city.

### The report is that harvesting there on 80 acres of barley resulted in a product of 35 bushels to the acre, while 50 acres of wheat gave 750 sacks of fine, clear grain.

This is a much better crop than was at first expected.

## To Study Volcanic Phenomena in the Hawaiian Islands.

### The volcanic phenomena in the Hawaiian Islands is to be made the subject of a special investigation by the United States geological survey during the present season. For this purpose Dr. Whitman Cross, one of the geologists of the survey, whose regular field of work has for some years been in Colorado, will spend a portion of the year among the Hawaiian group. These islands are peculiarly adapted to studies of this nature, as the whole group is volcanic in origin and contains some of the largest island volcanoes in the world, the cones of Mauna Loa and Mauna Kea, in Hawaii, reaching heights of nearly 14,000 feet. The volcanic forces in the western section of the islands seem to be extinct, but those in the eastern portion are still intensely active.

### A man never knows what a large following he has until he leads the procession in a hearse.
