**HOME COUNTY NEWS**

**TUTUILLA TERRITORY.**

**Happenings of the Week in and About That Section.**  
 Tutuilla, July 28.—Dr. Christie made a professional visit to Tutuilla last week.  
 Joseph Holmes' horse-power met with an accident at G. O. Miller's place last week, necessitating a lay-off for repairs.  
 Chris Nelson is sick and has gone to Lehman Springs for a vacation, before grain hauling.  
 Guseman Bros. started their steam combined harvester in the Mission neighborhood last week.  
 Charles Walker, who has been tending separator for Guseman Bros., was taken seriously ill with rheumatism and has gone to Hot Lake.  
 A new bridge, which was very badly needed, has been erected at the Jacobs place. Another is equally badly needed at the Bowman and Hines places on Dry Tutuilla.  
 Burt Blair is down from his mountain home on his way to the harvest fields as helper on W. Walker's machine, which is operating on Stage Gulch.  
 As W. T. Rigby's combine was being moved from one job to another, the other day, the mules which were furnishing the motive power, put on an extra spurt, trying probably to get in overtime, ran the machine into the ditch and broke off the header, necessitating a couple of days' lay-off for repairs.  
 W. J. Lubken, a Pendleton photographer, was a Tutuilla visitor last week, making an attempt to capture with a camera some of the fine landscape views with which Tutuilla abounds.  
 M. H. Gillett lost two horses and a mule, and William Connerly two horses from pneumonia last week.  
 John Muir was up from Stage Gulch, where his combine is running, on Sunday, and reports harvest moving along smoothly in that section with no trouble for harvesters to get all the work they can possibly attend to.

William Gillett started with his threshing outfit for the harvest fields north of Pendleton, on Sunday. Walter Gillett and Ed Tinkham expect to follow suit with theirs tomorrow, and M. J. Howe with his California outfit will commence a raid on the fields about Wednesday or Thursday.  
 Frank Roach, who rode a bronco for the special cup in the McKay Creek handicap, on July 4th, and dismounted rather hurriedly, breaking his arm as he did so, was a Tutuilla visitor last week.  
 Messrs. Clowe and Rigby expect to start their new combined harvester on Wednesday.  
 H. H. Hoops has had bad luck with his hay crop, which was stacked without being thoroughly cured. The stacks had to be torn down.  
 Dos Turner commenced work with his threshing outfit on Thursday.  
 Oscar Spickson, of Pennsylvania, a friend of Mr. and Mrs. H. H. Hoops, was a Tutuilla visitor recently.

Once a Kansas zephyr strayed Where a brass-eyed bird pup played, And that foolish canine bayed At that zephyr in a gay, Semi-idiotic way.  
 Then that zephyr in about Half a jiffy took that pup, Tipped him over, wrong side up; Then it turned him wrong side out. And it calmly journeyed thence With a barn and string of fence."

The above is one of Ironquill's contributions to the literature of Kansas, about the balmy breezes which occasionally blow over that state. One of them seems to have escaped from its Kansas surroundings some time ago and visited Tutuilla, and as a result, some grain crops which promised a yield of 40 bushels, are realizing from 10 to 15.  
 Light Bros. have just threshed with their Daniel Best harvester, a field of barley for Kirkpatrick, which makes over 40 bushels to the acre, the best yield so far reported at Tutuilla.  
 G. O. Miller has disposed of his 1902 wheat crop for 55 cents a bushel.

made constantly to capture Paul, but until a few days ago it proved fruitless. He was easily arrested on the streets of this city, nearly 300 miles from the scenes of his principal depredations.  
**Off for the Seaside.**  
 Scores of the Walla Walla people are rushing to the seaside and mountain resorts to spend the remainder of the heated term, and unless the weather moderates shortly, the usual number of people out of the city will be greatly augmented.  
 For over a week the days have been very warm, and the thermometer has ranged near 100 several hours each day.  
 Quite a number of parties are camping at places along the river and some have made camp in the Blue Mountains, some 20 or 25 miles from the city.

**Owens Case Remanded.**  
 Word has just been received from Olympia of the reversal of the superior court by the supreme court in the case of A. N. Owens vs. the Washington & Columbia River Railway Company. Owens sued for \$5000 damages for personal injuries received at the depot of the defendant, in this city, on account of poor lights and improper care, as alleged in the complaint.  
 The lower court tried the case and the jury returned a verdict for the company. An appeal was taken and the case has been remanded for a new trial.  
 Owens is a man of almost 100 years of age, and a democrat. Two years ago he was coming from a democratic rally at Walsburg, when he sustained the injuries which form the basis of the action. He is quite hearty for his years and makes his way about town unaided.  
 He is the oldest man ever interested as plaintiff or defendant in a case before the supreme court of Washington.

**Move for Better Roads.**  
 Greenville, Mich., July 29.—The good roads movement undoubtedly will receive a great impetus from the state convention which began here today under the auspices of the Good Roads association. Accredited delegates are here from many parts of the state to listen to addresses by Martin Dodge and other good road experts and to witness practical demonstrations of good-road construction and repair. The gathering will be in session until the end of the week.

**Y. M. C. A. Conference.**  
 Mobile, Ala., July 29.—A notable conference of the general secretaries, physical directors and salaried officials of the Young Men's Christian Association opened in Mobile today. Alabama, Louisiana and Mississippi are represented. The sessions continue two days, during which time many questions relating to the welfare and development of the organization are to be discussed.

**MAMA and PAPA**

**OLD RESIDENTER GONE.**

R. M. Angell, an Old Umatilla County Man, Died at Ritzville, Wash.  
 R. M. Angell, for a long time a resident of Umatilla county, died at Ritzville, Wash., on the 18th instant. Mr. Angell was a brother-in-law of A. W. and L. C. Nye, of this county.  
 He was born in Boone county, Mo., in 1832, and immigrated to Oregon in 1865, settling in Umatilla county the year following. In 1877 he moved to Whitman county, near Palouse City where he owned large land interests. He and his sons also owned large tracts of land in the Crab Creek country, where they have a large band of horses and cattle.  
 Mr. Angell leaves many friends and few enemies wherever he has lived. He also leaves a wife and seven children to mourn the loss of an indulgent father and faithful husband. The children are all married and settled down in life except one. Mr. Angell's many friends in Pendleton and Umatilla county will regret the announcement of his death.

**The Cuban Republic.**  
 Conditions in Cuba have been much improved since the Americans took control of affairs, and since they are now free to maintain their own affairs the question arises as to their ability to maintain self-government. The experiment will be watched with much interest. In this case it is a worthy experiment, but if you are sickly it is not advisable to experiment with any of the many so-called health restorers that have no merit. The only way to recover your health is to perfect the digestion, keep the bowels open and the blood pure. For this you cannot find a better or more reliable medicine than Hostetter's Stomach Bitters. Try it for heartburn, belching, indigestion, dyspepsia, constipation, biliousness or malaria, fever and ague. It never fails to cure.

**SKIAMETERS AND OTHER THINGS**  
 Were Discussed by Wisconsin Opticians at Oshkosh.  
 Oshkosh, Wis., July 29.—Men of prosperous and learned appearance filled the corridors of the Athearn hotel today and talked of skiameters and ophthalmoscopes and other things of which the ordinary man knows as much as the cow does of Hebrew. They were members of the Wisconsin State Optical Society and the occasion is their third annual meeting, which began this afternoon with the annual address of the president, Alva Snider, of Beloit, and the reports of the other officers, all which tended to show the flourishing condition of the society. Tomorrow the convention will take up the discussion of technical subjects of interest to the profession.

**Knights in Session at Albany.**  
 Albany, N. Y., July 29.—The grand lodge meeting of the Knights of Pythias in session here is one of the largest gatherings ever held by the order in this state. Delegates from all the local lodges in the state were present today when the meeting was formally opened in Odd Fellows' hall. Routine business occupied the greater part of the day. Tomorrow there will be a big parade and prize drill.

**For Sale.**  
 A good clean stock of general merchandise, estimated value \$6000 to \$7000, with a well established and paying business, located in a thriving stock-raising and mining country. Will sell or lease store building. Reasons for selling, failing health. Address "D," care this office.

**Low Rate to Washington, D. C.**  
 On September 23 and 30 the O. R. & N. Company will sell tickets from Pendleton to Washington, D. C., and return, good until November 30, for \$77.35. This is about one-half fare for the round trip and the lowest rate yet quoted to the national capital from Oregon.

**VACANT Government Lands**  
**J. T. WILLIAMSON**  
 La Grande, Ore.  
 Plats of any township in the La Grande land district showing all vacant lands, and all entries, fractional lots, topography, etc., furnished for \$2 each; also plats of the Umatilla Reservation. Every plat corrected from the U. S. Land Office records at date made. Special attention given to application for lands on the unsold portions of the Umatilla Reservation and to all applications before the United States Land Office.  
 Office in the U. S. Land Office Building, La Grande, Oregon.

**Preparing for a Vacation**  
 A man wants his shirts to look their best and have them in perfect order. To be sure of this send them to an up-to-date laundry, where your linen and colored shirts, your collars and cuffs are handled with the care and done up with the beauty of color and finish that the Domestic Laundry is famous for.  
**THE DOMESTIC LAUNDRY**  
 J. F. Robinson, Prop. Pendleton.

FOR SALE AT THE EAST OREGONIAN office, large bundles of newspapers, containing over 100 big papers can be obtained for 25 cents a bundle.

**Country Life**  
 Ought, it would seem, to give exemption from the diseases which prey upon the residents of thickly populated cities. But there is no exemption from disease, and in the country, as in the city, one may see the cheeks grow hollow and the eyes grow dull while the frame wastes away with that terrible disease, consumption.

Weak lungs are made strong by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate and stubborn coughs, bronchitis, bleeding of the lungs and other symptoms which, if neglected or unskillfully treated, terminate fatally in consumption. The action of Golden Medical Discovery in the curing of wasting diseases is entirely philosophic, Emaciation, and consequent loss of weight, are among the most striking symptoms of what are known as wasting diseases. The body is not being adequately nourished, and the cause of this lack of nourishment is not lack of food but lack of ability in the stomach and the other organs of digestion and nutrition to prepare the food for the assimilation and nutrition of the body. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the organs of digestion and nutrition, and so enables the body to be nourished back to strength in the only way by which strength can come; that is, by food perfectly digested and assimilated.  
 Dr. Pierce's Golden Medical Discovery is a temperance medicine. It contains no alcohol, neither opium, cocaine or any other narcotic.  
 Accept no substitute for "Discovery." There is nothing "just as good" for you, though many things may say the dealer a larger profit.

**CAUGHT COLD.**  
 "The first day of this year," writes Mrs. Kate Schey, of 216 St. Paul Avenue, Milwaukee, Wis. "I caught a heavy cold, which settled on my lungs and brought on a hemorrhage. I bled from that time on until the first of July. I was so weak and languid I could only do the lightest work. The doctor told me I was going into consumption. My breath was short and at times I could hardly get my breath at all. This is the state I was in when I began to take Doctor Pierce's Golden Medical Discovery. After the first bottle I was much better, and I could walk two or three blocks without trouble. My breath was not so short and I was much improved. After taking four bottles I could work all day, and I now feel better in my health than I ever did. I think the best in the world and I recommend it to all who are troubled as I was."

**WILL MAKE-AFFIDAVIT.**  
 "I was sick for about three months, had chills, fever, and coughed a great deal," writes Mr. W. L. Brown, of McLean, Jackson Co., Tenn. "Most of my neighbors and friends thought I had consumption. I was reduced in flesh, and was very weak—only weighed 110 pounds. My physician thought there was little hope for my recovery.  
 "My wife went to the store to get some anti-febrin, quinine, etc., for me, and a friend of mine (Mr. W. W. McBestman), who had been taking Dr. Pierce's Golden Medical Discovery recommended this medicine for me. Finally I decided to use it, after my physician told me that it would be good for me. I sent and got one bottle, and before all was taken I weighed 140 pounds—a gain of 30 pounds. I am still taking the Golden Medical Discovery, have taken nearly two bottles, and now weigh 165 pounds, which is more than I ever weighed. I am still gaining strength and taking the 'Discovery.' I wish to say that this is a recent recovery, that only two months ago I only weighed about 110 pounds.  
 "I can and will make affidavit to this full statement any time. If you wish to use this as a testimonial do so, and I will answer all letters from inquiring sufferers."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, and over 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 cents for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.
