LATE NEWS OF THE INLAND EMPIRE LEAGUE.

Next Series of Games Commences Tomorrow—La Grande is Clean Grit—Light Chaff of the Game.

The next game to be played under the Inland Empire League will be tomorrow, Friday, Saturday and Sunday, between Baker City and the Pendleton Indians at the Alta street grounds, and between La Grande and Walla Walla at the latter city.

The local games will be of deep interest as once more the leaders of the league will cross bats here, while Walla Walla is unfortunate in again getting the tall-enders.

Both games will be watched closely by the fans, however, as there are many points to be discussed. Baker City has greatly strengthened since it was beaten for three out of four games by the Indians, the scores smacking somewhat of massacres of the innocents, and the enthusiasts of that city are now convinced that the Gold Diggers will be able to do a little mining right in the Pendleton diamond and dig out enough games to place them at the head of the league list.

New men have also come into the Pendleton team since the Baker City games, and the Official Rooters are just as certain as ever that their team is simply invincible.

Walla Walla and La Grande have been "reorganizing" their teams since their first encounter until it will be hardly the same clubs except in name, which went together before with such disastrous results for Walla Walla. Should La Grande be as successful this series as she was during her last whirl with the Sharpshooters, she may be able to pull out of last place.

**La Grande Still Reorganizing.**  
Word comes from La Grande to the effect that instead of disbanding, the baseball association of that city has reorganized on a more substantial basis than ever and is determined to have a baseball team and a winner, no matter what the cost.

At a meeting held in that city Monday afternoon, the following board of managers was elected: T. Walsh, Jay Van Buren, Charles Melquist, Fred Swaney, R. R. Kelley, A. C. Miller and W. J. Church.

In the evening the new board of managers met in the Commercial Club parlors, and re-elected Al Ray as manager and A. T. Hill as treasurer. Third Baseman Black was made captain and instructed the manager to secure two first-class pitchers at once.

The directors then called the players together and informed them of their new rules adopted, which includes their conduct off duty as well as on. The boys all cheerfully acquiesced on all the demands, and from this time on La Grande expects to put up their share of winning ball.

**Excursion From Baker.**

Manager Hosier, of the Gold Diggers, has announced an excursion will be run from Baker City to Pendleton Sunday, allowing all enthusiasts an opportunity to witness the closing game of the series between Baker City and Pendleton. The train will probably leave there early in the morning, returning the same evening.

**Line Hits.**  
"Tamarac" Adams, the lately joined center-fielder for the Indians, appears to be able to work behind the bat as well as in the field.

"Dickie" Knox, lately with the Pendleton Indians, but now doing field work with Butte, is reported to be making a hit with the fans.

It is reported that McBlirney, the wild Irishman, nicknamed the "Terrible Turk," has been released by La Grande on account of his pugnacious disposition.

It has been suggested that the Bloomer Girls be taken into the Inland Empire League in order to help out the percentages of some of the tall-enders.

Captain Brown, of the Indians, who suffered a broken thumb while catching behind the bat at La Grande last Saturday, will be out of the game for

two weeks at least, and more, probably for three.

Bert Cunningham, who has been umpiring for the Northwest League, has been released, and his place taken by Chauncey Fisher, an old league pitcher, who umpired his first game in Portland Tuesday.

The kick made against Umpire Mitchell and his work at Walla Walla seems to have been well founded. His decisions at La Grande were so rank that they made both sides feel like 30 cents.

Eddie Hammond, an all around player, late of the Montana league, has arrived in the city and will play with the Indians, operating in the outfield for the present, although he also pitches, catches or covers a base on occasions.

The arrangement which has been made to allow the Buffalo Bill Wild West show the use of the baseball grounds for their big performance, will in no way interfere with the diamond, as it is the intention merely to take down a part of the ball park fence and erect a large dressing tent inside the grounds.

### PHILIPPINE VETERANS.

Men Who Served in the Archipelago to Meet at Council Bluffs.

Council Bluffs, Ia., July 30.—Plans for the third annual reunion of the National Society, Army of the Philippines, which convenes in this city two weeks from today, have been perfected and the veterans of the last war and other military men are also taking a lively interest in what promises to be a great national occasion.

Participating in the program, which will extend over a period of three days, will be many distinguished military men, orators and statesmen.

Included among those from whom acceptances have already been received are General Arthur McArthur, General Frederick Funston and General Irving Hale.

### Bids for Wood.

Sealed bids will be received by the directors of School District No. 16, Pendleton, Umatilla County, Oregon, up to August 1st, 1902, for the delivery of one hundred cords of four-foot wood, consisting of equal parts of red fir and black pine, seventy cords to be delivered at the High School building, twenty cords to be delivered at the Fields school and ten cords at the school room on Beauregard street. The board reserves the right to reject any and all bids. Payment will be made in school warrants of this district.

#### Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

#### WORK NOT COMMENCED.

Riparia-Lewiston Branch is Not Yet Under Way.

It has been the general belief that the actual work of construction had been commenced on the Riparia-Lewiston branch of the O. R. & N., which was to have been used in conjunction with the Northern Pacific, but according to the reports of apparently reliable parties who have recently visited the scene of this supposed railway building, there has been nothing done at all.

Among those who make this declaration is W. J. Graham, who recently said to the Walla Walla Union:

"There is no party of graders at Riparia, despite reports to the contrary. There are some Japs there building sidetracks. No work has been done on the Lewiston extension as yet and these Japs will not work on it."

Renewed interest in the Bohemia mining district is aroused by new strikes being made there.
