DIAMOND CHATTER

LATE NEWS OF THE GAME IN EASTERN OREGON.

Baker City and Pendleton Play Here Today With Strengthened Teams, and Much Interest is Manifested—La Grande Goes to Walla Walla.

This afternoon the head-enders of the Inland Empire League will meet in deadly battle at the Alta grounds, and one of the most interesting baseball matches of the season is expected.

Both teams are on their mettle and out to win, and as the make-up of the teams is practically entirely changed from what they were at the time the Indians took three scalps from the Gold Diggers at Baker, the outcome is more problematical than ever.

Since the Indians' visit to Baker City, that city has imported some new men from the East who are said to be regular whirlwinds, while Pendleton has a whirler or two of her own, so honors in this line are about even.

Three additional games will be played between the same teams, tomorrow, Saturday and Sunday, and on the latter day an excursion will be run over from Baker City to witness the performance.

Baker is confident this time that she will take the long end of the series, if not every game, and thus run the Indians more closely for the lead of the league.

The La Grande baseball team was registered at the Golden Rule last night and went up to Walla Walla this morning to play a four-game series with the Sharpshooters at that city. The Beet Pullers have been considerably strengthened since their appearance here and they are confident that they will be at least able to exchange places with Walla Walla and run third instead of last.

Following is the line-up of the teams for the local game today:

Baker City—Ferris, 2b; L. Mahaffey, 1b; Hupp, 3b; Clemens, lf; Crawford, ss; Wood, c; Bluth, cf; Brown, rf; Thomas, p.

Pendleton—Schills, 3b; Fay, ss; Stovall, 1b; Schmidt, 2b; Hammond, cf; Adams, c; Wilner, lf; Rhea, rf; Taylor or Hays, p.

A BIG RABBIT DRIVE.

One is Suggested to be Held in Harney County.

It has been suggested, and in all likelihood will be carried into effect, that a rabbit drive be made as soon as the haying season is over. This should be done to ascertain the effectiveness of the scheme and if a success others will follow in quick succession. We find a number of ranchers who will not seed their land next season unless something is done to exterminate the rabbits. If the drives can be made a success, it is one of the best methods of extermination.

We hope some of our farmers will try the salt experiment mentioned, on our first page in this issue. This simple method, if it will really kill them, will save many dollars.

We feel that something must be done in this direction, but advocate a bounty as a last resort. At present our farmers consider it useless to sow grain, while if the pests were gotten rid of many would seed from 40 to 200 acres.—Burns Times-Herald.

Montana Methodists.

Great Falls, Mont., July 31.—There is a large attendance of divines and laymen on the annual session of the Northern Montana M. E. Church conference, in session here with Bishop Merrill of Chicago, presiding. The conference was formally opened in the First M. E. Church this morning with devotional services, followed by the sacrament of the Lord's supper. This afternoon the annual missionary sermon was preached by the Rev. W. A. Winters. The assignments will be announced later in the week.

A life of desire saps the strength from the existence of happiness, and dulls the intellect with the poison of discontent.

PENALTIES FOR SETTING FIRES.

Governor Geer Issues Annual Proclamation on the Subject.

Gov. Geer has issued his annual proclamation warning the people against setting fires that may spread to timber, fences or crops. The law on the subject provides a fine of \$20 to \$1000, or imprisonment from three to 12 months for malicious setting of a fire which shall destroy the buildings, crops, fences or timber of another. If the fire be set without malice, and yet destroys such property, the person setting the fire is liable to a fine of \$10 to \$100. Any person setting fire to any wooded country owned by the United States is liable to a fine of \$1000, or imprisonment for one year, or both fine and imprisonment. In all cases one-half of the fine is to be paid to the person who first furnishes the information to the District Attorney.

Rejected for Insurance, Cured, Then Accepted.

Bright's Disease and Diabetes Are Positively Curable.

Chas. F. Wacker, another merchant interviewed. Address 131 Sixth St., San Francisco.
Q.—You are reported as having been cured of Diabetes, although it is believed incurable.
A.—I had it, but am now well.
Q.—Did it get severe?
A.—Very. The first notice I had was when I was rejected by an insurance company. Later I became very weak and suffered greatly.
Q.—Any other physician say it was Diabetes?
A.—Oh, yes. My own did. The sugar was enormous, over an ounce per day.
Q.—Who told you of the Fulton Compound?
A.—Editor Engleke of the German paper. It had cured him of Bright's Disease.
Q.—How soon did you begin to improve?
A.—In two weeks I knew I'd get well.
Q.—Did you again apply for insurance?
A.—I did, soon as I was well.
A.—In the same company?
A.—Yes; the Northwestern of Minneapolis.
Q.—Did they accept you?
A.—They did. The policy is No. 35,606, and is for \$5000.
Q.—Have any test made since?
A.—Yes. Leipsitz made an analysis, reporting normal, neither albumen or sugar. The cure is permanent.
Q.—Know of any other cures?
A.—Yes. My sister-in-law was cured of Bright's Disease after being given up by three physicians. (He gave us her address.)

Medical works agree that Bright's Disease and Diabetes are incurable, but 75 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 the Diabetic Compound. John J. Fulton Co., 439 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed.
