SOLD WHISKY TO INDIANS

MAN WHO SOLD INDIANS WHISKY SENT UP.

Barkley Pleaded Guilty to Charge of Selling a Pint Each to Two Siwash.

Deputy United States Marshal Al Roberts left this morning for Portland with James Barkley, taking him to jail on the charge of selling liquor to Indians.

A few days ago Barkley, who has been around town off and on for several years, sold two Indians a pint of liquor each. They proceeded to load up on the booze while going home, and when they reached the mission the Indian police threw them into jail. The next morning they told who sold them the liquor, and the arrest of Barkley followed.

United States Marshal Halley placed Barkley under \$250 bonds, but in default he went to jail. He pleaded guilty to the charge.

SKIPPED OUT.

Baker City Woman Left Her Happy Home.

Baker City, Ore., July 31.—A sensation was sprung on this community yesterday by the announcement of the elopement of Mrs. J. J. Gentry with a hack driver named Wilson Beaver. Mr. Gentry is an old man in the dairy business. His wife is a young woman. It is the old story. The Gentrys had some property on which there was a mortgage. The title was in her name. She made her husband raise \$400 for the ostensible purpose of paying off the debt. Then she said she wanted \$500 more to buy a small farm near Walla Walla.

At a great sacrifice this was also raised. This happened three weeks ago. It now transpires that Mrs.

LAW VS. RELIGION.

Judge on Trial for Horsewhipping a Minister.

Richmond, Vt., July 31.—At Amherst today, Judge Clarence J. Campbell was arraigned for trial on a charge of felonious assault on the Rev. C. W. Crawford, whom he horsewhipped in front of the court house at the June term of his court. The case has attracted wide attention, owing to the prominence of the parties, and the trial will be followed with much interest.

The Rev. Mr. Crawford is editor of the Christian Federation, a paper published in this city in the interest of the anti-saloon movement. Some time ago the editor criticised Judge Campbell for dismissing the case against a man charged with selling liquor in Amherst. Mr. Crawford asked in his paper which was doctoring the most, the whisky or the Judge. Judge Campbell had the minister arraigned for contempt of court, but discharged him. After the two men met and Mr. Crawford held out his hand to Judge Campbell. The judge drew a cowhide and struck the minister several blows about the head and face.

Open House for Veterans.

Owensboro, Ky., July 31.—Owensboro is keeping open house in honor of the veterans of the Second Brigade, United Confederate Veterans, whose annual reunion began here today. At 10 o'clock this morning the visitors were escorted to Chautauqua, where the exercises of the day were held. There was an address of welcome by Major Haycraft, and a response by General J. B. Briggs, after which all formalities were laid aside and the veterans renewed acquaintances, exchanged reminiscences of war days and listened to informal talks by several speakers of prominence. Tomorrow there will be a parade, followed by the formal dedication of the Chautauqua.

PUBLIC OWNERSHIP PARTY.

New Political Organization in Conference at St. Louis.

St. Louis, July 31.—Followers of the public ownership party, the chief promoter of which is Lee Meriwether, the labor leader of this city, met in conference today to discuss plans for perfecting a thorough state organization and adopting a platform of principles. The new party is an offshoot of the allied party, which was organized by Meriwether and others last year at Kansas City. It is proposed to interest in the movement all voters who believe in direct legislation and public ownership, and to carry out the principles of the Missouri State Federation of Labor.

The Cuban Republic.

Conditions in Cuba have been much improved since the Americans took control of affairs, and since they are now free to maintain their own affairs the question arises as to their ability to maintain self-government. The experiment will be watched with much interest. In this case it is a worthy experiment, but if you are sickly it is not advisable to experiment with any of the many so-called health restorers that have no merit. The only way to recover your health is to perfect the digestion, keep the bowels open and the blood pure. For this you cannot find a better or more reliable medicine than Hostetter's Stomach Bitters. Try it for heartburn, belching, indigestion, dyspepsia, constipation, biliousness or malaria, fever and ague. It never fails to cure.

Carnegie's Endowment.

Washington, July 31.—The trustees of the proposed national university are looking forward with pleasure to receiving tomorrow the first installment of the interest, amounting to \$250,000, on Andrew Carnegie's endowment, consisting of \$10,000,000 of United States Steel Corporation bonds. Though no definite plans have as yet been announced, it is probable that the money will be applied to the construction of an administration building and laboratory. These are the first buildings to be erected, and will be added to as needed.
