

You always get **GOOD GOODS** at Alexander's.

Little Girls' Wash Dresses

Any little Girl from two to fourteen years old can be fitted with one of these little suits in Chambray, Gingham, Percale, Crash and Madras. The materials are really excellent for the hard service they are likely to encounter, and with the trimmings and splendid making these dresses would be a "good buy" at twice what we ask for them. The styles will please the little Girls and Mothers too. They're cheaper than you can make them—prettier too, than most people can make.

the remedy that cures a cold in one day.

HOME COUNTY NEWS

WESTON NEWS.

Harvest in Full Blast—Many Fires— Will Have City Fountain.

Weston, Aug. 1.—Harvesting is in full swing all about Weston this week and the farmers are reporting a good average yield and a fine quality of grain.

Several small fires have been reported during the last week, from the grain fields, but nothing of any consequence in that line occurred until last night, when C. W. Steen, who lives about four miles north of this place, lost 1200 sacks of wheat. The fire caught from a setting that was threshed on Tuesday.

The work has been completed on the basin for the new water fountain, at the corner of Franklin and Main streets, and by Saturday the pipe connections will have been made and the people will be able to get a cool drink of Adam's pure ale with small effort.

The farmers on Weston mountain report a full crop of berries this season. The rain of the early part of the month hurt the strawberry crop to quite an extent, but the raspberries and the blackberries are making up for the loss.

Readers of the East Oregonian are indebted to the Weston Leader for the following:

Andrew Douglass cropped 60 bush-

els of barley to the acre from 20 acres just west of town.

Miss Effie Miller is visiting at the home of Mr. and Mrs. N. R. Springer, in Pendleton.

Mrs. Augusta Moule, of Pendleton, who has been visiting the Misses Proebstel, returned Tuesday to Pendleton.

County Clerk Chamberlain Sundayed at Weston, and duly admired the improvements in progress in this metropolis.

Dr. R. E. Butler, of Waitsburg, formerly of Weston, has sold his drug store there, and will devote his entire attention to the practice of medicine.

Hugh C. Best, brother of Dr. Best, arrived in Weston recently from Basswood, Mich., and expects to grow up with this western country. Mr. Best will look after his brother's outside interests, enabling the doctor to devote closer attention to practice. He expects to leave soon for Franklin county on a trip of exploration.

William Fuson, who has been visiting his sister and other relatives at Weston for the past month, left Monday for his old home state, Missouri, being accompanied as far as Pendleton by his nephew, J. T. Fuson. Mr. Fuson, who sold his Missouri farm for \$10,000, expects to locate in Oklahoma, where two of his sons have purchased land.

TRACY CAPTURED.

But This Tracy Was Not the Oregon Convict.

New York, Aug. 1.—The young panther which escaped on Sunday from Bronx Park, and which has been dubbed "Tracy," after the Oregon outlaw, has been captured in Bronxville by a crowd of farmers living in the neighborhood, and returned to his cage. Judge Stears, who lives about one mile east of the zoological gardens, caught sight of "Tracy" near his barns. He gave the alarm and about 200 persons responded, armed with all sorts of weapons. The panther was overtaken, but only two of the pursuers stood their ground. They succeeded in throwing a net over the animal and carried it back to the park.

The latest Tracy story is to the effect that the notorious convict has appeared at the office of a Nebraska doctor, where he had several bullet wounds dressed and a bullet or two and numerous buckshot taken out of his anatomy. He then disappeared.

The Press Will Meet.

A call has been sent out for the annual meeting of the Oregon Press Association, which is to be held at Newport on Thursday, the 14th, and the first business session will be held on the morning of the 15th at 9 o'clock. Interesting programs have been arranged for the various days

of the session and it is probable that most of the newspaper men of the state will be present. The afternoons will be given up to pleasure trips.

Jolly the Girls.

The Bloomer Girls, who played here last Monday night, are getting the big jolly all along the line, some of the newspapers saying that but three of the aggregation are girls, while others say the whole works are feminine gender. All agree, however, that the game put up by them under the guise of baseball is nothing but a howling farce.

Santos-Dumont's Flight.

New York, Aug. 1.—New Yorkers are looking forward to seeing sights tomorrow, when Santos-Dumont, the famous French aeronaut, will make his first flight in America. The ascension will be made at Brighton Beach and if the weather conditions are favorable it is possible that M. Santos-Dumont may make his attempt to encircle the Statue of Liberty.

Judge Waite Assumes Office.

New York, Aug. 1.—Judge Byron S. Waite, of Michigan, today assumed the office of president of the Board of General Appraisers to which he was appointed by President Roosevelt. Judge Waite succeeds Charles H. Ham, who resigned recently owing to ill health.

Mercury and Potash

ONLY SERVE AS A MASK FOR
CONTAGIOUS BLOOD POISON

They hide its repulsive form, and this serpent disease, stupefied by these drugs, lies dormant until the effects have worn off or treatment is discontinued, when it breaks down the mask and becomes as full of life and venom as ever. Mercury and Potash may dry up the sores and eruptions, but at the same time they drive the poison back into the blood and system, where it feeds upon the tender tissues, membranes and nerves, finally breaking out in most disgusting sores and even destroying the flesh and bones.

Mercury and Potash cannot accomplish a radical and permanent cure. They have a palliative but not curative effect upon this treacherous snake-like disease. These drugs produce mercurial Rheumatism, destroy the teeth and corrode the membranes of the stomach and bowels, causing inflammation and dyspepsia, nervousness and general derangement of the system.

S. S. S. is a Specific for Contagious Blood Poison, and the only antidote for the peculiar virus that spreads so quickly throughout the system, corrupting the blood and infecting every organ and fibre of the body.

S. S. S. destroys the serpent, and eliminates every atom of poison from the blood, it makes a thorough and radical cure of the disease, and at the same time builds up the general health. S. S. S. contains no minerals of any kind, but is a purely vegetable remedy and we offer \$1,000 for proof to the contrary.

Write us about your case and our physicians will cheerfully advise without charge. Our home treatment book will be sent free to all who desire it.
