WHEAT CROP SHORT.

Stage Gulch Yield Does Not Meet Expectations.

Messrs. William Ingram, John Russell and Otto Didion, took a trip through the Stage Gulch country yesterday and report the tour a very pleasant one. They saw but one combine working in that neighborhood although the harvest is in full swing there.

Wheat, they say, is falling much short of expectations and fields which were figured for good yields are threshing all the way from five to 10 bushels short of the anticipated crop. They passed through several fields where the heads on the grain were badly shattered.

ON THE BASEBALL FIELD

HOT SERIES OF GAMES WILL BEGIN TOMORROW.

Walla Walla and Pendleton to Cross Bats at Alta Diamond for First Time Under New League.

Tomorrow afternoon the Walla Walla baseball team will make its first appearance in this city under the new Inland Empire league, and will go up against the steady-winning Indians, and endeavor to put a stop to their run of luck which has only been broken by two losses to Baker City since the season opened.

The new Sharpshooters' team contains a number of men who made good in the Northwest league and from the former work of its members should be well up among the fastest of the fast, and the fans of this city will watch their first games with the Indians with deep interest.

At present the Sharpshooters hold third place in the league instead of tying for second, through a technicality of figuring percentages, and they will strive hard to bring their figures up into second place at least during the coming series. In this series with the Indians four games will be played in Pendleton and four in Walla Walla, and it will be possible for the Shooters by taking the entire eight games to take the lead over Pendleton in the league—though of course, local fans cannot see how they can take more than one or two of the games at best.

At the same time as the local games, Baker City's team and the Beet Pullers will meet at La Grande for the first time during the season and their games will be of equal interest.

Following will be the line-up of the teams tomorrow:

Walla Walla—Hurlburt, cf; Croll, ss; Treadway, rf; Shea, c; Swindells, lb; Bruyette, 3b; Bradbury, 2b; Kelly, lf; Starkells, p.
Pendleton—Schills, 3b; Fay, ss; Stovall, lb; Schmidt, 2b; Hammond, lf; Adams, c; Wilner, rf; Brown, cf; Hayes, p.

Horticulturists in Session.

Macon, Ga., Aug. 6.—Men ripe in experience concerning horticulture and agriculture are gathered here from all parts of the state in attendance on a general meeting of the Georgia Horticultural Society. The meeting was called to order shortly after 10 o'clock this morning in the parlors of the Hotel Lanier. After an address of welcome by Hon. Bridges Smith and responses from prominent members of the society the convention took up the discussion of various matters interesting to those engaged in fruit or flower growing. The convention will conclude its sessions tomorrow.

Democrats of Wyoming.

Rawlins, Wyo., Aug. 6.—The democratic state convention is in session here today with a full attendance of delegates and a considerable number of visitors. The convention will name candidates for governor and other state officers to be chosen this fall. The aspirants for the various places on the ticket are not numerous and it is difficult to forecast its makeup, though W. H. Holliday, of Laramie, is prominently mentioned for the gubernatorial candidacy.

A Society Wedding.

New York, Aug. 6.—The First Presbyterian church was filled with society folk this afternoon when Miss Sophie Hendrick became the bride of Dr. Frederick Smith Pickett. Dr. Pickett is a prominent physician of Cleveland, Ohio, while the bride is the daughter of William J. Hendrick, a former attorney general of the state of Kentucky.

Philadelphia manufacturers that have never before exhibited at an exposition, are taking large blocks of exhibit space for 1904 at the World's Fair.

A PIONEER HERE.

Old-Timer Talks of Early Days in Umatilla County.

Luther Hasbrouck, who, with his wife, is visiting at the home of his son, H. L. Hasbrouck, talked entertainingly to an East Oregonian man last evening. He came to the Coast in 1849. From California he went to Southern Oregon, where he mined with varying success for a short while. Later he drove cattle from his place on Long Tom, in Lane county across the mountains to Granite where he butchered them, selling the meat to the miners.

"When I was here 40 years ago, I drove a band of cattle into the Birch Creek country," said Mr. Hasbrouck. "It has been 28 years since I have been in Oregon. You can scarcely realize the change I find since the days when Umatilla Landing was the main place in this section of the country. I used to live in the Willamette Valley in the early fifties. Most of the old pioneers are gone now. John Minto and a few of the old-timers are still left."
