TALK OF THE GAME IN INLAND EMPIRE LEAGUE.

Rapid Changes of Percentage—The Chances in Next Games—Other News and Talk of the Game.

This is the season when percentages in the Inland Empire League are going some rapid fluctuating and with the next series of four games to be played this week almost any kind of change may be expected. The Indians are still in the lead but three more defeats at the hands of Walla Walla will put them in second place. This place, however, they will hardly go into as there are a number of reasons why they are confident of winning at Walla Walla a majority or at least half of the games to be played there.

Last week's games were surprises in more than one way. La Grande, which had been given the worst of it by every team in the league except Baker City, supposedly one of the fastest in the combination, went to the Gold Diggers' home town and did some things to them which were surprising. And again, Walla Walla, third place holder, and scratching to keep from going to the rear, came over and took three games from the leaders, in one of which they clearly outplayed the Indians.

The Next Series.

The next four games of the series will be played at La Grande between the Beet Pullers and the Gold Diggers, and at Walla Walla between the Indians and the Sharpshooters. Large delegations will be on hand from both visiting towns to cheer their teams to victory and there is confidently expected to be some first-class ball playing done.

The fans of Pendleton are arranging to do as Walla Walla did, and run a special excursion train from this city to Walla Walla and it is believed a large delegation will go over. There should be several hundred who will make the trip as the railway will give the same rate as was allowed the Walla Walla visitors last Sunday.

Line Hits.

With Hayes, Taylor, Wilmer, Salisbury, Stovall and Hammond the Indians have about as strong a pitching string as any team in the league, if not a little stronger.

Ziegler, lately third baseman and captain of the Indians, now playing at Portland, was taken off third in Sunday's game and put in right field, on account of three bad errors made by him. Shortly after being transferred he redeemed his reputation by crawling up on the fence and making a spectacular one-handed catch. Later he batted out the winning run. Salisbury is not only a pitcher of ability, but he can bat some.

Captain Brown, in center field, is a host in himself and infuses all kinds of ginger in the other fielders. Brown is just as safe a fielder as "Spec" Hurlbert, and that is saying something.

At Baker City the other day they had two umpires, one from each team, and the result was that each umpire was so afraid of being accused of favoritism to his own team that he gave them considerably the worst of all decisions.

Umpire Ryan, whose work here caused such dissatisfaction last week, will umpire the Baker City-La Grande games at the Beet Pullers' town this week. May he give better satisfaction.

A man who saw the Walla Walla-Pendleton games here last week remarked after one game that the teams did not need an umpire. What they wanted was a referee.

The Indians want one more heavy hitter and then they have the hardest slugging aggregation in the league.

Baker City has decided to advertise for bids for supplying the city with arc lights for a period of one year.

DOG KILLED A PIG.

Also a Cat, Two Chickens and Tried to Kill a Calf—is Now for Sale.

Dean Tatom is the proud possessor of a valuable bull pup—at least, he was proud of his pup until he took him out to the ranch a few days ago. Since then he has been doing all he can to get rid of the pup. He offered him for sale and went so far as to offer to give him away.

Several days ago Mr. Tatom concluded that his pup, which was getting large enough to run away from home, would be safer and better off on the ranch. Accordingly he took the dog out and had not been there long until the pup began to make himself at home. The first thing he did was to hunt up the house cat and kill it without ceremony; next he killed a pig, then began on the chickens and slew several of them. From the chicken yard he went to the calf lot and began to scrap with a week-old calf. When discovered by Mr. Tatom the dog had the calf almost dead and was apparently enjoying ranch life hugely.

Given Sixty Days.

Henry McDonald, a colored man arrested Monday charged with the theft of a coat and vest, was sentenced to serve 60 days in the county jail. The trial was before Judge Fitz Gerald Monday afternoon without either prosecuting attorney or lawyer for either side. The accuser and accused did their own cross-questioning and the judge decided the case according to the evidence. McDonald has been working in the harvest crew of Henry Molstrom, and seeing a coat and vest which looked good to him, he took possession and proceeded to dress up. Now he regrets that they were ever left in his sight to tempt him.

Filipino Colony for Texas.

Fifteen Filipinos have arrived in Caldwell county, Texas, just south of Austin, and will form the nucleus for a large agricultural colony which will be established there, says the New York Times. They come direct from the Philippines, and when they have made homes for themselves they will send for their families. They propose to introduce a number of Philippine agricultural products which they believe are adapted to Texas soil and climate.

WANTS MAIDEN NAME.

Mrs. Lawrence Cues for Divorce on Ground of Cruelty.

Through her attorney, Peter West, Mrs. Alice L. Lawrence has filed suit for divorce from her husband, Frank C. Lawrence. They were married in Halley, Idaho, in December, 1901, and in August of the same year plaintiff alleges that plaintiff became so cruel to her that he made life unbearable to her. He deserted her and failed to provide. She also alleges that he threatened her life and she was afraid to live with him. They have no children. She asks the court to grant her divorce and allow her to assume her maiden name, which was Alice L. Deckard.

Portland's Elks' Carnival.

Everybody remembers the great carnival on Sixth street, which the Portland Elks gave two years ago. The street fair on a scale twice as great, and with many of the latest midway attractions, is to be reproduced September 1 to 13 in Portland, extending from Seventh and Washington streets to Flanders street, taking in the park blocks.
