GORDON SKIPPED

LEAVES CREDITORS TO MOURN HIS GOING.

Was a Prominent Young Attorney of Milton—His Act Puzzles His Many Friends—Arrested in Huntington.

Clay Gordon, a young lawyer of Milton, was arrested in Huntington this morning on the charge of obtaining money under false pretenses. Wednesday afternoon he came to Pendleton. He remained in town until the evening train when he boarded the west bound O. R. & N. and apparently was trying to get out of the country as fast as possible.

After coming to Pendleton, Gordon went to Dr. T. M. Henderson and the doctor went with him to the Pendleton Savings Bank to identify him if it was necessary in order that Gordon might get a check for \$45 cashed.

This check was drawn on the bank of Milton where Gordon had some money in the bank; not quite enough, however, to cover the check. Later in the evening Gordon went to Dr. Henderson and told him he had run "short" and wanted to borrow some money. The doctor had two \$10 gold pieces in his purse and this was given to Gordon as a loan. Dr. Henderson did not ask Gordon for a check or security but thought the young lawyer was good for \$20. Gordon wrote the doctor a check on the Milton bank covering the money borrowed. He told him he wanted to buy some protectors for his buggy shafts as his driving horse was getting "frisky" and he was afraid the animal would run away.

After Gordon had left town and Dr. Henderson found that he had not come back home, but had taken the train the other way, he became uneasy and placed the matter before District Attorney Hatley who had word sent to Huntington to arrest Gordon if he came that way. In the meantime the bank wired Milton and found Gordon's account there about \$15 short of the amount the \$45 check called for.

Gordon is a very bright young man. He came to Milton about four months ago and located there to practice law. He made a good impression on all with whom he came in contact and made friends readily. He purchased some property there and made extensive improvements thereon and was thought to be making money.

He will be brought back from Huntington tonight and will then have a chance to explain his peculiar actions. His friends are puzzled over the affair and think Gordon may be able to straighten his affairs without serious complications.

ANNUAL SPREAD.

Eleven "Widowers" Feast at Hotel Pendleton Wednesday Night, and Pass Pleasant Evening.

Eleven of Pendleton's most popular business men, whose wives are spending the week at the sea shore or in the mountains, took advantage of their wives' absence Wednesday night and had a grand time.

It has been the custom of the men of Pendleton to banquet themselves annually at some convenient time during the summer when their "better halves" were away and Wednesday night those who were so fortunate—or unfortunate—as 'to be left in the city while their families were enjoying the mountain or sea breezes, were out enmass.

The "boys" say it is a good way to drive away the blues.

These occasions are not spent in rowdiness, as is often the case in some cities when wives are away, but are spent in a pleasant social way. It is more in the nature of an intellectual feast than otherwise, and many bright things are said here by the men who are trying to throw off the spirit of loneliness.

Following were among the number present last evening: Messrs. Halley, Cohen, Jones, Judd, Berkley, Borie, Fowler, Robinson, Brock, Hartman and Frazier.

TIMBER BURNING.

Great Forest Fires Raging in Grant County.

Forest fires are raging in many parts of Grant county at the present time, and unless something is done a large amount of valuable timber will be destroyed, as well as damage done to other property, says the Blue Mountain Eagle. The first fire reported is burning on the east side of Bear Valley in the mountains between Bear Valley and Antelope Valley. A large scope of country has already been burned over, and the flames continue. Parties who came in from the Indian Creek country report the entire mountain side near there ablaze, doing great damage to timber. Another fire is also reported raging in the Beech Creek country south of the Black Butte mountain, where some fine timber is being greatly damaged.

SKIRT FOR A BANK.

And \$2000 Went Up in Smoke at Baker City.

A lodging house was totally destroyed by fire Wednesday morning at Baker City. The occupants barely escaped with their lives, many of them losing their clothing and valuables.

The Baker City Democrat tells the following story of a woman who had \$2000 sewed up in a skirt and lost it: "The most sensational, perhaps the most unfortunate occurrence was the loss of \$2000 in greenbacks by Mrs. Gaunt, who owned the lodging house. Mrs. Gaunt has a morbid fear of burglars and also distrusts banks very much. She had by dint of close economy saved up nearly \$2000 and she had tried various plans of concealment. She is said to have kept it in the sugar bowl; in the clock; in the old blue teapot—the one with the nick in the spout—and finally as the best means, she sewed the bills up in an underskirt. After fighting the fire desperately for a spell, she thought of the money and started back to the burning building to secure it. But the blaze had gained too much headway and she fell in a faint, suffocated by the flames, and was carried out in her husband's arms."

To See Underground Railroad.
A delegation of British engineers recently called for America to make a thorough examination of the wonderful underground railroad that is being built under New York. It is said to be the greatest engineering feat in the world. The best all-round family medicine in the world is the famous Hostetter's Stomach Bitters. At no time during the past 50 years has any other remedy been able to take its place as a cure for headache, belching, flatulency, indigestion, dyspepsia, constipation or biliousness. It therefore commends itself to all sufferers who want to get well again. One bottle will convince you of its value. Be sure to try it. The genuine, with our Private Stamp over the neck, is for sale at all druggists.
